SUBJECT: 16-056 Paseo Fence Inquiry – Updated

Request for an explanation of the outside seating area at the Brew on Broadway to exclude the public artwork / shade structure.

Updated Response – 16-056

The artwork / shade structure and paseo improvements were constructed with funding from a Community Development Block Grant (CDBG) from Arapahoe County. When Mr. Webster initially approached the City of Englewood to lease a portion of the paseo for outside seating to support his brewery he wanted to include the artwork / shade structure in his site plan. After conferring with representatives from Arapahoe County about this matter, it was determined that the structure was intended to be a public benefit to the broader public and requested that this area be excluded from any private control under a proposed lease. The leasable area was expanded around the structure to maintain the same seating area, but with the public artwork / shade structure excluded from the leasable area.

Initial Response – 16-054

The artwork / shade structure is not protected by an easement or other encumbrance that would prohibit this area from becoming part of a lease with the Brew on Broadway for outside seating.

In speaking with Paul Webster following the 2.16.16 Council meeting, he has no desire to “square off the outside seating area to include the public art structure at this time.” He does not want the expense of changing the ironwork associated with the outside seating area, nor does he want to accept liability for any damage to the public artwork should it become part of his premises.

This change would require a modification to his liquor license to include the additional outside seating area and Mr. Webster was not interested in going through this process.

Mr. Webster is pleased Council’s decision to renew his lease at a 3 year term.
