

Council Request Update

July 14, 2016

Council Request 16-127 (Lifespan of Improvements)

Requested by: Councilmember Barrentine

Assigned to: Public Works

Request: Request for information on the lifespan of proposed improvements and the current cost of maintenance on Broadway.

Response: Staff estimates lifespans of the various elements of a streetscape project are as follows:

-Landscape plantings: 7-10 years

-Irrigation systems: 10-15 years

-Concrete: 30-40 years

-Electrical systems: Difficult to estimate. Broadway's system was installed in the mid-1980s with the pedestrian lights. The original system was expanded in 2000 to add outlets at trees for seasonal lighting. Vandalism, excavations and age have resulted in a system with numerous splices requiring approximately \$3,000-\$5,000 in repair costs each year when installing seasonal lighting.

-The Parks, Recreation and Library Department contracts with a private company for maintenance of the landscaped medians on Santa Fe, Hwy. 285 and Broadway. The total contract amount for 2016 is \$69,000 plus the cost of any required repairs to the irrigation system.

-Staff estimates the Broadway median cost (Yale to Belleview) is approximately \$24,000 plus any required repairs.

-Capital project funds in the amount of \$80,000 were appropriated in 2016 to replace plant material in four medians on Broadway. This work is expected to begin by mid-July.

Council Request 16-128 (Reduce Speed)

Requested by: Councilmember Barrentine

Assigned to: Public Works

Request: Request to reduce the speed limit at the 3400 block of Broadway.

Response: The Public Works Department recommends performing a study to evaluate anticipated changes to signal timing that would be required in the Broadway corridor. Staff believes the best time to reduce the speed limit would be during construction of the mid-block crossing with the speed reduction becoming permanent after construction is complete. The study should be complete by the end of July.
