

Council Request Update

August 15, 2016

Council Request 16-129 (Year-Round Outdoor Lighting Broadway)

Requested by: Mayor Jefferson

Assigned to: Parks, Recreation & Library

Request: Request to look into year-round outdoor lighting at 3400 block of Broadway.

Response: Open Space Manager Dave Lee has received three quotes, which are attached. The quotes also include an hourly rate for repairs.

Mountain High Tree, Lawn & Landscape	\$3,900.00 installation	\$100.00/hour for repairs
Terracare Associates	\$7,370.00 installation	\$85.00/hour for repairs
Swingle Lawn, Tree & landscape	\$18,575.00 installation	\$301.00/hour for repairs

Council Request 16-149 (Health Report)

Requested by: Councilmember Olson

Assigned to: HR

Request: Request for the Tri-County health report on cancer rates.

Response: Benefits and Risk Manager Joan Weber has provided the state cancer profiles.

Council Request 16-151 (Title 7 Sex Offenders)

Requested by: Councilmember Olson

Assigned to: Police

Request: Request for the process the Police Department uses for Title 7 sex offenders.

Response: Deputy Police Chief Jeff Sanchez has attached an addendum to the original response.

Council Request 16-157 (Construction Permit S. Inca)

Requested by: Mayor Pro Tem Gillit

Assigned to: Community Development

Request: Request to look into a house on South Inca that was under construction without a permit.

Response: According to Chief Building Official Lance Smith, the house at 5060 S. Inca St. is currently undergoing a major siding project and the permit may not have been posted at the time of the request, but is currently posted.

TITLE OF POSITION: _____

DATE: _____

SWINGLE LAWN, TREE & LANDSCAPE CARE

BY: Rodney Bashaw

TITLE: Certified Arborist

DATE: _____

Swingle Lawn, Tree and Landscape Care are hereby authorized to perform the herein described project. Client agrees to pay Swingle the amounts set forth within (30) business days of receiving an invoice, unless otherwise determined prior to invoice date. Invoices will be sent out upon completion of the work performed. Interest may be charged 1.5% or \$5.00, which is ever greater, per month or 18% per annum on past due accounts. In the event this account is referred to an attorney for collection, Client agrees to pay all reasonable attorneys' fees, court costs, and any other expenses of collection incurred by the Contractor. These terms and conditions shall apply unless amended in writing. The content of this commercial property landscape proposal (including any attachments) is intended only for the person(s) or entity(ies) to which it is addressed and may contain information that is confidential or constitute non-public information. Any review, dissemination or other use of, or taking of any action in reliance upon, this information by persons or entities other than the intended recipient is unauthorized and may be unlawful.

This site visit included only a visual inspection of the accessible tree components for the purpose of providing a price. Services requested shall not be considered a tree risk assessment evaluation. Risk evaluations involve a more extensive inspection and are conducted as a separate work item at an additional charge.

Swingle Lawn, Tree & Landscape Care estimates work and performs our pruning to the standards of the American National Standards Institute - ANSI 300 standards.

Flags: The law requires a flag to be posted in your yard before any pesticide application. You may remove the flag at any time. Please stay out of treated area (keeping children and pets out also) until the application has dried - approximately 30 minutes. If contact is made with a treated area while still wet, wash thoroughly with soap and water.

Underground Utilities: We cannot be liable for buried underground utilities and privately installed utility lines hidden from sight. Swingle Lawn, Tree & Landscape Care does not assume responsibility for damage done to underground utilities while performing services.

Underground utilities include, but are not limited to: natural gas or propane lines, sprinkler lines, electronic dog fences, telephone wire, cable television, private electrical wiring such as landscape lighting, sprinkler control wiring, or any buried outdoor wiring.

When utilities are located by the appropriate contractor, private electric and gas lines will not be marked. This includes electrical lines extended to outdoor lighting, light poles, or hot tubs and gas lines extended to fireplaces, barbecues, grills or outdoor kitchens. Swingle Lawn, Tree & Landscape Care does not assume responsibility for damage done to these types of lines.

If you would like to mark your utilities in the future, Swingle can contact you prior to our service allowing you to mark them. We will take reasonable precaution to avoid damage to your marked utilities, however pre-notification or marking utilities does not place damage liability on Swingle. If you are interested in pre-notification, please call us.

Continuing Landscape Service Agreement: Swingle's continuing "Landscape Service Agreement" means that your landscape care services are continuous from year to year. You will receive a listing of your services as well as new recommendations in January. Previous years continuing services will be scheduled. Newly recommended services will only be done if authorized by you. To cancel any continuing services you must contact us.

Payment Options: Swingle accepts payment by AMEX, MasterCard, Visa, Discover and check. A door hanger will be left showing amount due after each service is completed. Customers may also conveniently pay **AT THE TIME OF AUTHORIZATION** for services and receive a 3% discount. It's simple, easy and hassle-free.

Terms - Payment due upon receipt of invoice: Late fee of \$5.00 or 1 1/2% per month, whichever is greater may be assessed on all past due accounts, including all reasonable costs of collection and attorney's fees. If account goes 45 days past invoice date, future services will be placed on hold until payment is received by Swingle.

Fire blight & Pruning (Fruit Trees): Dead leaves and branches are frequently caused by fire blight, a bacterial infection spread by bees during blossom time also by aphids and hail in the summer. We cannot be responsible for any new fire blight after pruning. Environmental conditions can cause re-infection during the growing months after such pruning.

Dormant Discount Pruning Guidelines: Trees under 30 feet can qualify for discount prices. Scheduling will be done at Swingle's discretion between November and May without prior notification unless access to the trees is needed.

Give Us Your Feedback - Enter to Win \$100 in Swingle Services: Thank you for choosing Swingle Lawn, Tree & Landscape Care. We value your feedback and we've made it easy for you to tell us about your experiences with our office, reps and technicians. **Your completion of our survey at www.myswingle.com will automatically enter you in a monthly drawing for \$100 in Swingle services. Just click on the Quality Assurance Feedback Program icon to complete our survey.** If you do not have Internet access available, you can call our Customer Care Department at 303.337.6200 or 970.221.1287 and we can assist you. Again, thank you for choosing Swingle.

Visit MySwingle.com - click on Quality Assurance Feedback Program under the "Why Swingle" menu option!

Authorization: _____ Date: _____

Notes: _____

All estimates are subject to re-evaluation after 60 days.

5717 W. 11th Ave., Lakewood, CO 80214 • 303.232.0666 • fax: 303.232.0711 • www.mountainhightree.com

TREE PRUNING DEFINITIONS

All pruning will have a general objective of maintenance or hazard reduction and will adhere to all specifications and proper pruning techniques set forth in the American National Standards Institute (ANSI) A300 Standard for Tree Pruning.

Fine Prune shall consist of:

Crown cleaning – the selective removal of dead, dying, diseased, weakly attached and crossing or interfering branches. Unwanted water sprouts and shoot growth is also pruned off. Branches 1/2" in diameter and greater will be targeted.

Crown thinning – the selective removal of significant branches to increase light penetration, air movement and to reduce weight. A specified percentage (not to exceed 25%) of live branches may be indicated on the job description or when not specified will include a percentage appropriate for the species.

Pruning back of branches outside the natural canopy to maintain a shape typical of the species. Crown raising of lower branches to clear buildings, walks, drives, etc. On street trees, city specifications include raising to 8 feet over sidewalks and 13 ft., 6 in. over streets and alleys.

Maintenance Prune shall consist of:

Crown cleaning – the selective removal of dead, dying, diseased, weakly attached and crossing or interfering branches. Unwanted water sprouts and shoot growth is also pruned off. Branches 1" in diameter and greater will be targeted.

Crown thinning – the selective removal of branches to increase light penetration, air movement and to reduce weight. A specified percentage (not to exceed 25%) of live branches may be indicated on the job description or when not specified will include a percentage appropriate for the species.

Prune back excessively long branches outside the natural canopy to maintain a shape typical of the species. Crown raising of lower branches to clear buildings, walks, drives, etc. On street trees, city specifications include raising to 8 feet over sidewalks and 13 ft., 6 in. over streets and alleys.

Hazard Reduction Prune (Safety Prune) shall consist of:

Crown clean deadwood 2" and larger in diameter unless otherwise specified. Crown raising or other pruning may be specified if it is to be included.

Corrective Pruning of Young Trees:

Pruning to establish (or improve upon) a main central leader (or leaders) and strong scaffold structure. Branches that are crossing or interfering, weak crotches or attachments with included bark are removed where possible. Selective thinning and raising is included where appropriate.

Crown Restoration: pruning should improve the structure, form, and appearance of trees that have been storm damaged, vandalized, or poorly pruned.

Crown Reduction: reduces the height and/or spread of a tree. Consideration must be given to the ability of a species to sustain this type of pruning.

Custom Prune: will specify limbs or parts of the tree that will be worked on, with the specific objective that will be achieved. Only those items specified will be worked on.

SHRUB PRUNING DEFINITIONS

Natural Prune: Remove significant dead, thin as specified, shape through proper reduction to a shape typical of the species with hand tools such as hand pruners, loppers, handsaw. Evergreens will be pruned to shape, contain and retain their natural character. Evergreens will not be thinned or dead wooded unless specifically stated.

Fine Shear: Shear off new growth and contain leaving a formal, finished look.

Rough Shear: Shearing to shape and contain growth, leaving a uniform but natural appearance.

Rejuvenation: Cutting back to 6"-24" stumps certain overgrown or damaged deciduous shrubs for spring regeneration.

Mountain High Guarantee: *Mountain High has a commitment to excellence in all aspects of tree, lawn and landscape care. All of our work will be of the highest quality available. Customer satisfaction is guaranteed.*

PAYMENT REQUIREMENTS MOST MAJOR CREDIT CARDS ACCEPTED - AMOUNTS OVER \$1,000 WILL HAVE A 3% CONVENIENCE CHARGE ADDED.

Payment in full is due upon completion of work. Finance charges of 1% per month, 12% annual with a minimum fee of \$20.00 will be charged on accounts over 30 days past due. Additionally, past due accounts may be turned over for collection at which time additional costs and attorney fees may apply.

ADDITIONAL SERVICES: TREE, LAWN & LANDSCAPE SERVICES

Expert Tree and Shrub Pruning • Expert Tree & Stump Removal • Plant Health Care Programs • Insect & Disease Management
Supplemental Watering Service • Lawn Fertilization • Weed Control Programs • Core Aeration • Revive Treatments • Vole Control
Complete Landscaping • Specimen Tree & Shrub Planting • Sprinkler System Design, Installation & Maintenance • Xeriscaping
Hardscaping • Holiday Lighting • Organic Mulches - pick up at our location or delivery is available.

DISCLAIMERS: LICENSED AND INSURED. SERVING THE DENVER METRO AREA SINCE 1974

The visit to your property was only a visual inspection from the ground for the purpose of providing a price for requested services and shall not be considered a tree risk assessment. When performing underground services such as stump removal, tree fertilization, tree planting & staking and aerating, etc., we require that the exact location of sprinkler lines and low voltage lighting are noted or we cannot be responsible for any damage that may be incurred in our normal course of work. If the crew encounters unforeseen obstacles such as bees or a foreign object such as stones or metal in a tree trunk; a price adjustment may be necessary.

Outdoor Lighting Proposal

Submitted To: City of Englewood Fax #: _____

5-Year Rate Changes

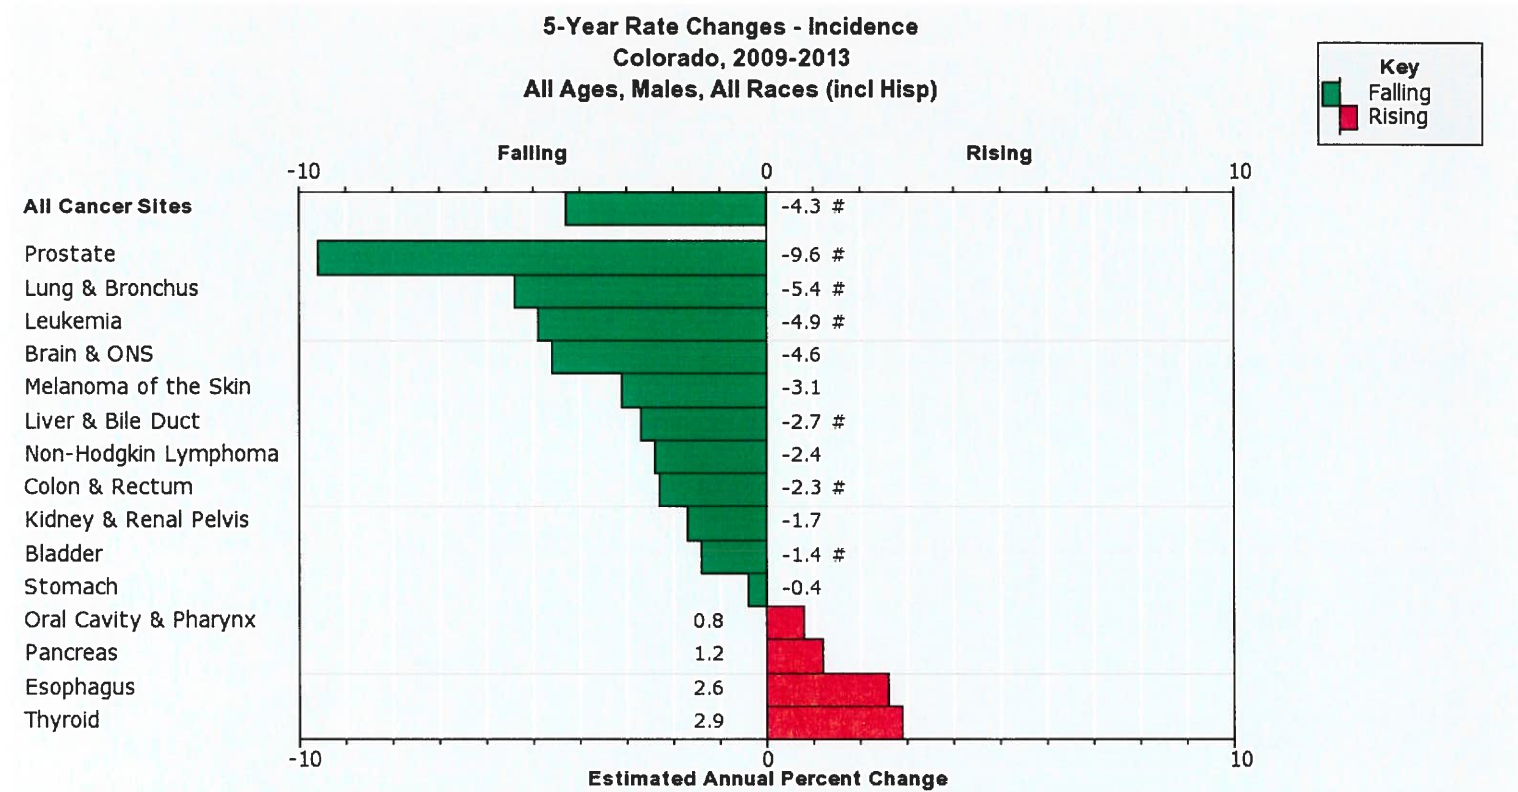

STATE CANCER PROFILES

<http://statecancerprofiles.cancer.gov/index.html> > 5-Year Rate Changes

5-Year Rate Changes

Created by statecancerprofiles.cancer.gov on 08/04/2016 2:19 pm.

Source: Incidence data provided by the [National Program of Cancer Registries \(NPCR\)](#). EAPCs calculated by the National Cancer Institute using [SEER*Stat](#). Rates are age-adjusted to the [2000 US standard population](#) (19 age groups: <1, 1-4, 5-9, ..., 80-84, 85+). Rates are for invasive cancer only (except for bladder cancer which is invasive and in situ) or unless otherwise specified. Population counts for denominators are based on Census populations as modified by NCI. The [1969-2014 US Population Data](#) File is used with NPCR November 2015 data.

Please note that the data comes from different sources. Due to [different years](#) of data availability, most of the trends are AAPCs based on APCs but some are EAPCs calculated in [SEER*Stat](#). Please refer to the source for each graph for additional information.

- The annual percent change is significantly different from zero (p<0.05).

*Rounded to nearest 10. †Estimate is fewer than 50 deaths. ‡Liver includes intrahepatic bile duct.

These estimates are offered as a rough guide and should be interpreted with caution. State estimates may not sum to US total due to rounding and exclusion of state estimates fewer than 50 deaths.

Please note: Estimated deaths for additional cancer sites by state can be found in Supplemental Data at cancer.org/statistics.

Community Health Data

The Tri-County Health Department [Community Health Profile](#) is published every five years, which is a comprehensive report displaying information about the overall health of the residents in the Tri-County region. In addition, each year, Tri-County publishes a two-page snapshot of the most recent year's health indicator data for each county:

- [Adams County](#)
- [Arapahoe County](#)
- [Douglas County](#)

One of Tri-County Health Department's many roles is to monitor the health of our communities. We regularly examine a variety of sources of public health data to understand the health trends in our three counties. We use this information to help plan services at Tri-County Health Department, and also share it with other health care providers and policy makers to guide their service provision and decision making.

Birth and Death Certificate Data

We examine birth certificate data to understand trends in access to prenatal care, pre-term births and low birth-weight births. We use death certificate data to monitor trends in deaths from a variety of causes such as heart disease, cancer, injury, stroke and suicide.

Behavioral Risk Factor Surveillance System

The [Behavioral Risk Factor Surveillance System \(BRFSS\)](#) provides information on self-reported health status, prevalence of chronic conditions, and lifestyle behaviors and preventive health practices associated with the leading causes of death and disability.

Pregnancy Risk Assessment Monitoring System

The [Pregnancy Risk Assessment Monitoring System \(PRAMS\)](#) helps us understand maternal attitudes and experiences prior to, during, and immediately following pregnancy.

Communicable Diseases & Injury Hospitalizations

We also look at information on communicable diseases and injury hospitalizations.

Tri-County Health Department produces a County Health Profile annually for each of our three counties. This report provides a broad picture of the health status of the county compared to the state of Colorado and Healthy People 2020 national target objectives. It includes population data, births, death rates of the leading causes of death, incidence rates (a measurement of the number of new cases) for selected diseases, and the percentage of the population that engages in certain lifestyle behaviors (such as cigarette smoking).

2013 Arapahoe County Health Profile

The goal of this profile is to provide a broad picture of the health status of Arapahoe County compared to the state of Colorado. The third column compares the county measures to the previous year. A positive (+) or negative (-) sign indicate whether the measure increased or decreased from the previous year. The information provided in this report are key health indicators obtained through surveillance data from a variety of public health sources, including the U.S. Census Bureau, the Colorado Demography Office and the Colorado Department of Public Health and Environment (CDPHE).

DATE: August 11, 2016
SUBJECT: Council Request 16-151 (Addendum)

16-151 (Sex Offenders)

Requested by: Council Member Olson
Assigned to: PD

Request for the process the Police Department uses for Title 7 sex offenders

In regards to the Sex Offender who is requesting an exemption from Ordinance 34, a public records check was made through the Colorado Bureau of Investigation which found the following:

- May 31, 2001 – the subject was arrested for Sexual Assault on a Child (offense date of May 31, 2001)
- The subject was subsequently charged with 17 counts related to Sexual Assault on a Child (offense date of July 1, 1999)
- July 16, 2001 – the subject pled guilty to two counts of Sexual Assault on a Child
- September 5, 2003 – the subject was arrested for Contempt of Court – Sex Assault on a Child
- April 1, 2004 – the subject went to the Denver Reception & Diagnostic Center and was later transferred to the Dept. of Corrections (DOC)

The subject was incarcerated at DOC from 2004 until 2014. (Prior to being incarcerated, the subject lived at 728 S. Grape St. in Denver.)

In 2006, Englewood passed Ordinance 34 which pertains to where Sex Offenders can reside in Englewood.

When the subject was released from DOC in 2014, he moved into his parents' residence in Englewood. During that time, we were not enforcing Ordinance 34 because it had been challenged in court.

In January of 2016, the Colorado Supreme Court upheld Ordinance 34, thereby allowing the Police Dept. to enforce this ordinance.

The subject is a Registered Sex Offender and is not allowed to live at his parents' residence in Englewood.

Certified Mail – return receipt requested

On September 18, 2006, the City of Englewood passed an ordinance, now known as “Prohibited Residency of Sex Offenders” under municipal code 7-3-1. A copy of this ordinance is attached to this letter. This ordinance specifically applies to any person required to register under the Colorado Sex Offender Registration Act, C.R.S. Section 16-22-101.

This ordinance prohibits any person to establish a permanent or temporary residence within two thousand feet of any school, park, or playground or within one thousand feet of any licensed day care center, recreational center or swimming pool (other than pools located at private, single family residence) or any property located adjacent to any designated public or private school bus stop, walk-to-school route, or recreational trail. The following registered sex offenders with the following convictions are included in the ordinance;

- Any person found to be a sexually violent predator pursuant to C.R.S. 18-3-414.5; or
- Convicted of a felony for an offense requiring registration; or
- Has multiple convictions for offenses requiring registration; or
- Whose offense(s) requiring registration involve multiple victims.

The exception to this residency prohibition is; the person established the permanent or temporary residence prior to 9-18-2006; provided, however, that this exception shall not apply if the person committed the offense, for which registration under the Colorado Sex Offender Registration Act is required, after 6-18-2006.

We have also included a copy of the sex offender residency ban map with this letter.

In January 2016 the Colorado Supreme Court upheld the City’s Ordinance as being a valid exercise of its police powers. Based upon this decision the United States District Court for the 10th District approved a stipulated motion to dismiss the Federal claims against the City of Englewood. Consequently, the City is once again enforcing the ordinance.

Please contact Detective Jim Cole at (303) 762-2464 with any questions.

- **Chapter 3 - PROHIBITED RESIDENCY OF SEX OFFENDERS**

- **7-3-1: - Findings and Intent.**

A.

The City Council hereby finds that sexual predators and the specified sex offenders who use physical violence or who prey on children present an extreme threat to the public safety. Sexual predators and the specified sex offenders have a high rate of recidivism, making the cost of sex offender victimization to society at large extremely high. Removing such offenders from regular proximity to places where children are located and limiting the frequency of contact is likely to reduce the risk of an offense.

B.

This Chapter is intended to serve the City's compelling interest to promote, protect and improve the public health, safety and welfare by creating areas, around locations where children regularly congregate in concentrated numbers, where sexual predators and specified sexual offenders are prohibited from establishing temporary or permanent residence.

(Ord. 06-34, § 1, 9-18-06)

- **7-3-2: - Definitions.**

For purposes of this Chapter, the following terms shall have the following meanings:

A.

Permanent Residence: A place where a person abides, lodges, or resides for five (5) or more consecutive days.

B.

Temporary Residence: A place where a person abides, lodges, or resides for a period of five (5) or more days in the aggregate during any calendar year and which is not the person's permanent residence, or a place where a person routinely abides, lodges, or resides for a period of five (5) or more consecutive or nonconsecutive days in any month and which is not the person's permanent address.

C.

Walk-to-School Route: A route officially designated by the City for use by children walking to or from a public or private school, and shown on maps maintained by the City's Police Department and available for public inspection.

(Ord. 06-34, § 1, 9-18-06)

- **7-3-3: - Prohibitions.**

A.

It shall be unlawful for:

i.

Any person who has been found to be a sexually violent predator pursuant to 18-3-414.5 C.R.S.; or

ii.

Any person required to register under the Colorado Sex Offender Registration Act, C.R.S. Section 16-22-101, et. seq. who has been:

a.

Convicted of a felony for an offense requiring registration; or

b.

Has multiple convictions for offenses requiring registration; or

c.

Whose offense(s) requiring registration involved multiple victims

to establish a permanent residence or temporary residence within two thousand feet (2,000') of any school, park, or playground or within one thousand feet (1,000') of any licensed day care center,

Englewood, CO Code of Ordinances

recreation center or swimming pool (other than pools located at private, single-family residences), or any property located adjacent to any designated public or private school bus stop, walk-to-school route, or recreational trail.

B.

It is unlawful to let or rent any portion of any property, place, structure, trailer or other vehicle with the knowledge that it will be used as a permanent or temporary residence by any person prohibited from establishing such permanent or temporary residence pursuant to this Chapter.

(Ord. 06-34, § 1, 9-18-06)

- **7-3-4: - Exceptions.**

A person is not guilty of a violation of this Section if:

A.

The person established the permanent or temporary residence prior to the effective date of this chapter; provided, however, that this exception shall not apply if the person committed the offense, for which registration under the Colorado Sex Offender Registration Act is required, after the effective date of this chapter;

B.

The person is placed in the residence pursuant to a State of Colorado foster care program; or

C.

The school, designated public or private school bus stop, walk-to-school route, licensed day care center, park, playground, swimming pool, recreational trail or recreation center was opened after the person established the permanent or temporary residence, and is not replacing an existing school, designated public or private school bus stop, walk-to-school route, licensed day care center, park, playground, swimming pool, recreational trail or recreation center.

(Ord. 06-34, § 1, 9-18-06)

- **7-3-5: - Measurement.**

For purposes of determining the minimum distance separation required herein, the measurement shall be made by following a straight line from the outer property line of the property on which the school, licensed day care center, park, playground, swimming pool or recreation center is located to the nearest point on the outer property line of the property on which the permanent or temporary residence is located.

(Ord. 06-34, § 1, 9-18-06)

- **7-3-6: - Determination of Fees.**

The City Council shall determine and set all fees required for the registration of sex offenders by resolution.

(Ord. 25-14, § 1)

TO: Deputy Chief Jeff Sanchez
FROM: Sergeant Vance Fender
DATE: August 2, 2016
SUBJECT: Council Request 16-151

16-151 (Sex Offenders)

Requested by: Councilmember Olson
Assigned to: PD

Request for the process the Police Department uses for Title 7 sex offenders.

The Englewood Ordinance 7-3-3 specifically prohibits certain convicted sex offenders from registering at certain addresses throughout the City of Englewood based on their location as related to schools, parks, playgrounds or licensed daycare centers.

The city ordinance was challenged in United States District Court. The District Court ruled that the ordinance was invalid. The City appealed the decision. During this time period the police department was not enforcing the ordinance.

In January of 2016, the Colorado Supreme Court upheld the City's ordinance as being a valid exercise of its police powers. Based upon this decision the United States District Court for the 10th District approved a stipulated motion to dismiss the federal claims against the City of Englewood. Consequently, the City is once again enforcing the ordinance.

We have approximately 100 registered sex offenders in the City of Englewood. When a new sex offender or a re-registrant sex offender comes to the police department, the investigations bureau is sending a detective to speak with the offender. If it is a new registrant and the address they wish to register at is prohibited by ordinance, the detective is telling that person that they cannot register there and they are provided with a copy of the ordinance and a map showing the allowed areas.

If it is a re-registrant, the detective is explaining the prohibited residency ordinance and determining if the registrant falls under the exemption. If the registrant does not fall under the exemption, they are notified that they will be receiving a letter by certified mail in the near future outlining the ordinance and that they may have to register in another jurisdiction.

The investigations bureau received the draft of the letter from the City Attorney's office in July of 2016 approving its wording. The letter will be sent out to all registered sex offenders in August of 2016. This will disqualify approximately 50% of the current sex offenders from registering in the City of Englewood

I have provided a copy of the letter, as well as the ordinance and the map we are disseminating.

TO: Eric Keck, City Manager
THRU: Brad Power, Director Community Development
FROM: Lance Smith, Chief Building Official
DATE: August 9, 2016
SUBJECT: CR #16-157

Request to look into a house under construction on S. Inca without a permit. The third house north of Belleview.

The address of this work is 5060 S Inca St. The permit card may not have been posted at the time of this request but is currently posted in compliance with city ordinance. The project consists of a major siding project being performed by a licensed contractor.
