

Council Request Update

September 13, 2018

Council Request: 18-155

Requested by: Council Member Martinez

Request: Asked if the building envelope improvements will help with energy efficiency.

Assigned to: Facilities

Response: Please see the response from Facilities and Operations Manager Dan Long.

Council Request: 18-158

Requested by: Council Member Martinez

Request: Request that the house at 4188 S. Washington St. be investigated as a potential

illegal rental. The implicating factors may include parking problems and crime.

Assigned to: Police Department

Response: Please see the response from Police Chief John Collins.

Council Request: 18-158b

Requested by: Council Member Martinez

Request: Request that the house at 4188 S. Washington St. be investigated as a potential

illegal rental. The implicating factors may include parking problems and crime.

Assigned to: Police Department

Response: Please see the response from Code Enforcement Supervisor Dave Lewis.

Council Request: 18-165

Requested by: Council Member Barrentine

Request: Request for information on appeals of denials of permit waivers and flood grants.

Assigned to: Community Development

Response: Please see the response from Community Development Director Brad Power.

CR 18-155

Requested by: CM Martinez: Asked if the building envelope improvements will help with energy

efficiency.

Assigned to: Facilities (Dan Long)

The purpose and intent of the building envelope repairs is to return the structure of the building to it's original condition.

The repairs to the windows, exterior walls and foundation, along with the replacement of the roof will mitigate the water

penetrations into the interior of the building. This will significantly reduce, and hopefully eliminate the recovery and restoration

efforts required when we experience these leaks.

As part of my initiative to re-commission the building, the engineering firm who assisted me gave me this reply after studying

10 years of electrical usage;

"When compared to similar buildings (office/general assembly), the building is actually doing better (~7% better on the electrical side)."

With that information, I am not expecting to realize any significant improvement in energy efficiency based on the building envelope improvements.

Facilities & Operations Manager Office 303-762-2532 Cell 303-994-4202 dlong@englewoodco.gov

<u>Cur Mission:</u> To promote and ensure a high quality of life, economic vitality, and a uniquely desirable community identity.

Memorandum

To: Eric Keck, City Manager

Re: Council Request 18-158

Request that the house at 4188 S. Washington St. be investigated as a potential illegal rental. The implicating factors may include parking problems and crime.

Below are the calls for service at 4188 S. Washington St. from January 1, 2017 through September 1, 2018:

- 1. April 9, 2017 12:41 Theft From Motor Vehicle CFS# 040917-63
- 2. July 13, 2017 8:58 Barking Dogs CFS# 071317-35
- 3. February 9, 2018 Assault CFS#020918-104
- 4. February 9, 2018 Followup Investigation CFS# 020918-117
- 5. February 9, 2018 Motor Vehicle Theft CFS# 020918-139
- 6. July 17, 2018 2109 hours Braking Dog CFS# 071718-196
- 7. July 26,2018 2333 hours Physical Disturbance CFS# 072618-207

Code Enforcement Supervisor David Lewis reports the following:

On 04/05/18 while on patrol, a Code Enforcement Officer observed an outside storage violation on the property. A Notice of Violation was issued. On 04/13/18 a

follow-up inspection showed the property came into voluntary compliance with no additional violations noted.

On 04/19/18 a citizen filed a complaint about outdoor storage on the property. Code Enforcement conducted an inspection and found a sofa, TV, paint cans and a foot stool stored outside. A Notice of Violation was issued. On 04/27/18 a follow-up inspection showed that the property was still in violation with additional outdoor storage items. A Posting Notice was sent by certified mail and taped to the property. On 05/04/18 an inspection showed the property to be in voluntary compliance with no additional violations noted.

On 07/27/18 a citizen came into the watch office to file a complaint regarding an AirBnB short term rental. The RP was referred to Zoning as short term rentals are a zoning matter and are outside the scope of the Code Enforcement Division. The citizen mentioned a concern related to parking along with noise. On 08/02/18 Code Enforcement conducted an inspection noting no municipal code violations were observed to include no inoperable vehicles, no parking violations and no noise violations. On 08/07/18 Code Enforcement conducted an additional proactive inspection and noted no municipal code violations to include no parking violations.

I have asked that Code Enforcement and the Parking Enforcement Officer conduct periodic checks on this residence for the aforementioned concerns.

A second report by Code Enforcement Supervisor David Lewis will also be submitted. It relates to Lewis' recent inspection of the exterior premises to assist Community Development with their investigation of Council Request 18-158.

CODE ENFORCEMENT REPORT

Officer David Lewis – Code Enforcement Supervisor – City of Englewood

COD1809-0042

On 09/04/18 a Citizen addressed City Council regarding the property located at 4188 S Washington Street. The Citizen cited the following concerns:

- The new owner performed construction at the property splitting it into multiple units
- The property may not have proper permits
- The property is an short term rental referred to as an AirBnB
- Excessive noise emanates from the property
- Constant flow of new and large numbers of people
- No parking due to the number of people staying at the property
- The garage was converted into an apartment and someone is living in it

On 09/07/18, at the request of Community Development/Zoning, I conducted an inspection of the property. Code Officer Futro was present during the inspection. I saw the following:

- A two story home with front porch
- A partial chain link fence along the front of the home ending at the driveway
- A well maintained and trimmed lawn
- A cement driveway that ran from the public right of way along the south side to the rear ending at a one level structure with a small attic structure

I rang the doorbell to attempt a mutual consent contact but no one answered the front door. In plain sight I was able to see the following:

- A lockbox was on the front door
- A room with a bed in the front of eth primary structure
- A secondary entrance with a spate doorbell on the side of the home with a posted sign that read "Private Entrance." No one answered the door when we knocked and rang the bell.
- A kitchen, dinning room and a living room common area towards the back of the home.
- Sets of printed and framed rules for the home and the grill were on the counter tops.

An inspection of the alley showed the following:

- An air hockey table, a wooden door and a screen leaning along the fence. Code Enforcement issued a Notice of Violation on 09/06/18 for violation of outdoor storage. COD1809-0025
- A newer wooden fence along the back adjoining to an older red stained wooden fence
- A gate entrance to the 1 story structure separate from the gate entrance to the main property back yard
- The back structure did not have garage doors on the alley side or the driveway side
- The back structure had a separate entrance into the alley with a screen and a storm door
- The back structure has a covered porch type area

- A sign was posted on the wooden gate that read "private residence"
- The back structure has a window that was covered with a curtain and a window that was at the top where a small attic could fit
- A 2002 Ford Escape with Arizona plate BXX0915 registered to Brenda, Lee, Beavers was parked behind the property.
- No one came to the door or the window when knocked on
- It appears that the garage has a separate utility meter from the primary structure

Synapsis of Code Enforcement prior contact history for 2018:

On 04/05/18 while on patrol, a Code Enforcement Officer observed an outside storage violation on the property. A Notice of Violation was issued. On 04/13/18 a follow-up inspection showed the property came into voluntary compliance with no additional violations noted. COD1804-0068

On 04/19/18 a citizen filed a complaint about outdoor storage on the property. Code Enforcement conducted an inspection and found a sofa, TV, paint cans and a foot stool stored outside. A Notice of Violation was issued. On 04/27/18 a follow-up inspection showed that the property was still in violation with additional outdoor storage items. A Posting Notice was sent by certified mail and taped to the property. On 05/04/18 an inspection showed the property to be in voluntary compliance with no additional violations noted. COD1804-0261

On 07/27/18 a citizen came into the watch office to file a complaint regarding an AirBnB short term rental. The RP was referred to Zoning as short term rentals are a zoning matter and are outside the scope of the Code Enforcement Division. The citizen mentioned a concern related to parking along with noise. On 08/02/18 Code Enforcement conducted an inspection noting no municipal code violations were observed to include no inoperable vehicles, no parking violations and no noise violations. On 08/07/18 Code Enforcement conducted an additional proactive inspection and noted no municipal code violations to include no parking violations. COD1808-0031

Response to CR 18-165: Request for information on appeals of denials of permit waivers and flood grants.

At the September 10, 2018 City Council Study Session, Councilmember Barrentine requested that staff provide information about the process to appeal denial of flood recovery grants and fee waivers. That information is highlighted below in vellow, in a memorandum that was provided to Council in mid-August regarding the grant and fee waiver programs. To date, no flood-related building permit applications or qualified grant applications have been denied.

TO: Mayor Olson and Members of City Council

THRU: Eric Keck, City Manager

FROM: Brad Power, Community Development Director

DATE: August 14, 2018

SUBJECT: Response to Council Requests CR 18-134/CR 18-136/CR 18-137: July

Flooding Recovery Grant and Building Permit Fee Waiver Information

The Community Development Department is spearheading two initiatives to support the community's recovery from the flooding that occurred in parts of Englewood on July 24, 2018.

City Council has approved (on First Reading) a temporary waiver of building permit and plan review fees to facilitate flooding repairs. Council requested a copy of the form that is being used to determine the eligibility of properties for the waivers. The form is attached. As of August 14, one building permit fee waiver request has been received by the Building Division.

Homeowners and businesses who incurred storm-related damage, clean-up and repair expenses are also eligible for a grant to facilitate their recovery. The grant will provide \$1,000 for uninsured expenses beyond \$2,500. The application forms for homeowners and businesses are also attached for Council's information.

Several of the potential recovery grant applicants have participated in the Energy Efficiency Englewood (E3) program, which provides home energy improvements to income-qualified and owner-occupied homes. For these and other income-qualified recovery grant applicants, the grant limits will be expanded to cover 80% of eligible expenses, up to \$5,000, which is similar to how the E3 program is administered. The funding source for all of the residential grants will be the Housing Rehabilitation Fund, which provided funding for home rehabilitation in Englewood from 1978 to 2014.

In terms of grant applications that may be denied, Council requested information about a possible appeal process. All grant applications will be reviewed by Community Development Department staff and a recommendation for approval/denial will be provided to the Director of the Community Development Department. If the Director denies a grant application, the

applicant may appeal the decision to the City Manager. Any applicant who is denied a grant by the Community Development Department will be informed of this appeal option.

As of August 14, seventeen residential property owners have formally requested assistance grant applications. Six completed applications have been returned and Community Development staff is working with those applicants to secure the necessary receipts from contractors or service providers in order to process the grants for payment. The locations of the 17 residential grant applications that have been distributed to date are:

S Delaware	3 Applications	2700/4400/4500 Blocks
S Bannock	2 Applications	4300/4800 Blocks
S Grant	2 Applications	4200/4800 Blocks
S Clarkson	2 Applications	3000 Block
S Acoma	1 Application	4600 Block
S Pearl	1 Application	4500 Block
S Galapago	1 Application	4200 Block
S Ogden	1 Application	3200 Block
S Lincoln	1 Application	3400 Block
S Logan	1 Application	4300 Block
W Tufts	1 Application	3000 Block
W Chenango	1 Application	3100 Block

One application for a business recovery assistance grant from a commercial business in the 3300 block of Broadway has been received. The funding source for business recovery assistance grants will be the economic development program portion of the 2018 Community Development budget.

Community Development and Public Works collaborated to provide dumpsters in the downtown area (in the public parking lots on east side of the 3400 and 3500 blocks of S Broadway) after the storm to enable clean-up and recovery within the business community. Businesses in the 3300/3400/3500 blocks of S Broadway were notified by hand-delivered flyer and through the City's social media channels. (These businesses also received the business recovery assistance grant information and application). After several days, the dumpsters were removed due to very low utilization. A copy of the flyer that was distributed is also attached.
