**18-218** Request for information on the investigation into the removal of a "Storm Ready Community" sign.

**Requested by:** City Council

---

City Council requested information on follow-up related to a citizen who removed a "Storm Ready Community" sign, and presented it to City Council at a meeting on November 5, 2018.

An Investigation into the incident revealed that an individual removed a sign that was affixed to a utility pole near the intersection of E. Jefferson Ave. and S. Lafayette St. The individual stated to council that he did not believe it was appropriate for a sign that indicated the City of Englewood was a "Storm Ready Community" was being displayed after the flood that occurred over the summer of 2018. The individual gave the sign and the hardware to hang the sign to the City Clerk, and offered to remove any similar signs displayed in the community.

The Police Department met with the prosecuting attorney to determine if the individual's actions violated any state or municipal ordinance, and found that under Englewood Municipal Code, 7-6F-6, Posters, Posting and Destruction, the subject could be issued a summons for removing the sign. After consulting with the prosecuting attorney it was determined that the most appropriate course of action would be to contact the individual and issue a verbal warning for his actions. On November 16, 2018, the individual was contacted and advised that his actions were in violation of municipal code and that he could be issued a summons. The individual was warned that any future violations similar in nature would result in the issuance of a municipal summons. The individual indicated that he understood and that he would contact the appropriate city officials if he were concerned with anything in the future.

SUBJECT: CR 18-215 / Request from Councilmember Sierra: What is allowed or not allowed in Englewood's Neighborhood Preservation Overlay? What are the differences between a Neighborhood Preservation and a Historic Preservation neighborhood?

Overlay zoning is a regulatory tool that is applied over one or more previously established zoning districts, establishing additional or stricter standards and criteria for covered properties in addition to those of the underlying zoning district. Regulations or incentives are attached to the overlay district to protect a specific resource or guide development within a specific area. Upon recommendation by the Planning and Zoning Commission, City Council must affirmatively vote to establish overlay districts within the City.

Englewood has two Overlay Zoning Districts: 1. MO-2: Medical Overlay District  
2. NPO: Neighborhood Preservation Overlay District

The MO-2 (generally just south of Hampden, between Emerson and Marion) is a medical overlay district covering a narrow portion of the R-2-B base residential zone district while the NPO (generally along Grant and a portion of Sherman, between Hampden and Eastman) is a neighborhood preservation overlay district covering a portion of the MU-R-3-B base residential zone district. The NPO is intended to preserve the existing character and balance of land uses within a mature residential neighborhood area. Existing multi-unit developments retain rights to redevelop at existing residential density levels and subject to all other MU-R-3-B zone district dimensional standards. Existing single unit homes may only be redeveloped as similar single and two unit developments.

The City currently does not have any historic preservation overlay established and no locally designated historic districts exist. Englewood currently has one neighborhood and three individual parcels listed on the National Register of Historic Places; Arapahoe Acres, David W. Brown House, Englewood Post Office, and the Key Savings & Loan Association Building.
