## RESIDENTIAL BUILDING LOCATION CERTIFICATION

To be filled out, stamped and signed by licensed Professional Land Surveyor (PLS) or Professional Engineer (PE) licensed by the State of Colorado. **Mail or email this certification to Community Development Planning Division prior to calling the Building Division for zoning setback, footing, and/or foundation wall inspections. Do not pour concrete until inspections have been approved.**

Permit #: \_\_\_\_\_

Building Address: \_\_\_\_\_

Print Name: \_\_\_\_\_ Phone: \_\_\_\_\_

Address: \_\_\_\_\_ Email: \_\_\_\_\_

### A. BUILDING SETBACK CERTIFICATION

I have surveyed the foundation forms and/or perimeter walls for the building located at the address above on (Date) \_\_\_\_\_. I have reviewed the plans on site bearing the City of Englewood approval stamp dated \_\_\_\_\_ and find that the structure is located in accordance with the setbacks shown on the approved plans. Please describe any deviation from the City-approved plans on the back of this form.

Signature and Seal  
(Stamped & Dated)

### B. FOUNDATION HEIGHT CERTIFICATION

I have surveyed the top of foundation forms for the building located at the address above on (Date) \_\_\_\_\_. The top of foundation elevation using the same benchmark shown on the plans is \_\_\_\_\_. Furthermore, I have reviewed the plans on site bearing the City of Englewood approval stamp dated \_\_\_\_\_ and find that the top of foundation elevation is in accordance with the elevations shown on the approved plans. Please describe any deviation from the City-approved plans on the back of this form.
