June 30, 2020

The Honorable Mayor, City Council Members, and  
Citizens of the City of Englewood, Colorado

State law requires that all local governments publish within seven months of the close of each year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by an independent certified public accountant. Pursuant to this requirement, the Department of Finance and Administrative Services is pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Englewood, Colorado (the City) for the year ended December 31, 2019.

This report is published to provide the City Council, City staff, our citizens, and other readers with detailed information concerning the financial position and activities of the City. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable rather than absolute, assurance that the financial statements are free of any material misstatements.

To the best of our knowledge and belief, the enclosed report is accurate in all material respects and is organized in a manner designed to fairly present the financial position and results of operations of the City as measured by the financial activity of its various funds. The accompanying disclosures are necessary to enable the reader to gain the maximum understanding of the City's financial affairs.

Hinkle & Company, PC., Certified Public Accountants, have issued an unmodified ("clean") audit opinion on the City of Englewood's financial statements for the year ended December 31, 2019. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

## City Profile

Located on the southern border of Denver, Colorado's capital city, Englewood is approximately seven square miles and home to approximately 32,000 residents and 2,400 businesses. Due to easy access to two light rail train stations and the state and US highway systems, Englewood's location offers short and convenient commutes to other areas within the Denver Metro Area and the Rocky Mountain range. The City's mixed housing and retail environment encourages a pedestrian community. The City's economy is comprised of retail, industrial, manufacturing, healthcare and service sectors.

Englewood is said to have "small town" feel with the conveniences of big city amenities. Recreational opportunities abound in Englewood, including eleven parks, nine athletic fields, an award-winning recreation center, a golf course, and one of the most successful senior centers in the region. The Pirates Cove aquatic center offers a variety of family aquatic activities.

In addition to the recreational opportunities, the City provides a full range of services, including police (1 Station), the construction and maintenance of streets and other infrastructure, library services and general government services. The City operates its own water treatment plant and distribution system, maintains a wastewater collection system and manages a jointly held regional wastewater treatment plant with the City of Littleton, a neighboring city to the south.

The City of Englewood is a municipal corporation with a Council-Manager form of government. Members of the seven member council are elected to staggered four year terms with term limits of three consecutive terms. The Mayor and Mayor Pro-Tem are selected from among the Council members. The City Council is responsible, among other things, for passing ordinances and resolutions, adopting the budget, appointing committees, and hiring the City Manager and City Attorney. The City Manager is responsible for overseeing the day-to-day operations of the City, and for appointing heads of the various departments.

The City of Englewood has several boards and commissions made up of council members, residents, local businesspeople, and others who are interested in their community. Members are interviewed and appointed by City Council, and provide guidance for many of Englewood's programs and projects.

The Englewood School District operates several educational facilities throughout the City - Early Childhood (2), Elementary (4), Middle Schools (2), High School (1) and Alternative High School (1).

Englewood residents have direct light rail access to two college campuses. To the south, Arapahoe Community College offers comprehensive courses leading to both the Associate of Arts and the Associates of Science degrees. To the north, the 37,000-student Auraria campus is home to three colleges: the University of Colorado at Denver, the Community College of Denver and Metropolitan State University of Denver. Other four year colleges/universities in the Denver Metro area include: University of Colorado-Boulder, Colorado State University (Fort Collins), University of Northern Colorado (Greeley), Colorado School of Mines (Golden), Regis University (Denver) and University of Denver.

As required by generally accepted accounting principles (GAAP), these financial statements present the City of Englewood (the primary government) and its component units. The component units, the Englewood Urban Renewal Authority (EURA), the Englewood Environmental Foundation, Inc. (EEF) and the Englewood McLellan Reservoir Foundation, Inc. (EMRF) are discretely reported in separate columns of the government-wide financial statements to emphasize that they are legally separate from the City. Each discretely presented component unit has a December 31 year-end. Separate financial statements are not prepared for EURA, EEF or the EMRF. Additional information on all three entities can be found throughout the notes to the financial statements.

The annual budget serves as the foundation for the City's financial planning and control. The City Manager must submit the proposed budget to City Council for review by September 15 of each year. The council must hold public hearings within three weeks after the proposed budget is submitted and a final budget must be prepared and adopted by December 1 of each year. The budget is prepared by fund (e.g., General Fund) and department (e.g., Public Works). Approval of the City Council is required for budget revisions, except that the City Manager may transfer any unencumbered appropriation from one expenditure classification to another for the same fund. In the General Fund, the City Manager may transfer the unencumbered appropriation balance from one expenditure classification to another only within departments.

## State and Local Economy

**Colorado** The 2020 forecast is taken from the Colorado Business Economic Outlook 2020 prepared by the Business Research Division of the University of Colorado Leeds School of Business. The Colorado Business Economic Outlook 2020 reports that the U.S. economy is in its longest expansion period since the end of World War II, exceeding the ten-year record set by the technology boom of the 1990s (1991-2001). The U.S. economy is anticipated to continue the slower, sustainable growth rate that began in 2019.

The on-going economic slowdown is affected by the following factors: First, the lessening of the stimulus that stem from the mandated 2017 Tax Cuts and Jobs Acts, as both corporations and consumers have adjusted their spending. Second, trade tensions escalated significantly in 2019 between the U.S. and its trading partners (including China), with over \$500 billion in tariffs enforced since the inception of the 2018 trade war. Third, the U.S. budget deficit widened significantly in 2019, due in large part to the 2017 Tax Cuts and Jobs Acts. Finally, the global economy slowdown has a compounding effect on the U.S. economy.

As illustrated in the chart below, Colorado's labor market is expected to grow in 2020 (1.4% or 40,000 jobs) as compared to the rise in 2019 (1.9% or 51,100 jobs), and lower than experienced in 2018 (2.5% or 66,700 jobs). All sectors, except for the Information Sector, are anticipated to add jobs in 2020. The Information Sector is expected to shed 5,000 jobs (a reduction of 6.7%).

As of July 1, 2019, Colorado's estimated population was 5,694,311; an increase of 77,744, over the prior year. Population fluctuates based on natural changes (net birth rate and death rate) and migration (net immigration and emigration). Over the year, 33% (25,561) of the population change was due to a natural increase and 67% (52,183) from net migration. Colorado's 2019 population growth rate of 1.4% was the seventh highest in the nation.

**Metro Denver** The 2019-2020 economic update for the seven-county Denver Metro Area (Adams, Arapahoe, Boulder, Broomfield, Denver, Douglas and Jefferson) is from the September 2019 Focus Colorado: Economic and Revenue Forecast report prepared by the Colorado Legislative Council (CLC). The CLC provides non-partisan economic research to the Colorado General Assembly.

The healthy growth of the seven-county Denver Metro economy continues even with the rising labor shortages and a clear slowdown in construction activity. The diversified and expanding economy is due in part to the concentration of the following job sectors: information technology and finance

The job market continues to tighten due to a reduction in net migration and a shortage of skilled labor, both indications of employment growth contraction. The area unemployment rate averaged 2.9 percent year-to-date through July, also reflecting slowing labor force and employment growth consistent with a late stage economic expansion.

Consumer confidence remains favorable. July year-to-date data suggest easing inflationary pressures in the Denver metro area, with drags from lower energy prices and apparel, as well as moderation in housing costs in recent months. Year-to-date, consumer prices for Denver increased 1.4 percent through July over year-ago levels, versus 1.8 percent inflation based on monthly data through July nationwide.

The housing market has shown clear signs of a slowdown, with both single and multi-family housing construction cooling in 2019 from elevated levels over the past two years. The relatively high cost of housing in the metro Denver region has dampened interest among many possible buyers, while labor and land shortages have also constrained activity. Home price appreciation has moderated in recent months in the metro Denver area due to a growing supply of homes and as potential home buyers are establishing price ceilings by walking away from potential purchases, especially for middle- and high-tier homes. According to regional data published by the Federal Housing Finance Agency, quarter-over-quarter gains have slowed more in the higher cost areas of the state, including Denver, Boulder, and Fort Collins metro areas, while other less expensive areas of the state, including Colorado Springs and Grand Junction metro areas, continue to rise at a faster pace.

## Long-term Financial Planning

At the end of the year, *assigned and unassigned* fund balances for the general fund totaled \$15,405,986, or 39.6% of total General Fund revenues. The 2020 General Fund budget is balanced with revenues equaling expenditures. Total 2020 general fund revenues, including transfers, are estimated at \$53,089,689 or

\$1,508,990 more than 2019 actual revenues. Total 2020 general fund expenditures are budgeted at \$53,089,689 or \$6,198,060 more than the 2019 actual expenditures.

The City is mature and landlocked; however, several development and redevelopment opportunities exist. These opportunities will influence the local economy and are a potential source of revenue for the City of Englewood.

Property owned by the Englewood/McLellan Reservoir Foundation (EMRF) is located adjacent to the four corners of the intersection of C470 and Lucent Boulevard. Any development of the site must protect the McLellan Reservoir water resources and quality. Development is underway in and around the site. The Regional Transportation District has negotiated to locate a light rail station on the site as part of FasTracks. Douglas County supports a transit-oriented development at this location. Several tracts of land have been leased and are producing revenue for the City.

### **Relevant Financial Policies**

#### General Fund Balance

The unassigned fund balance target for the General Fund is between 16.7% of total General Fund revenues or approximately two months of General Fund budgeted expenditures. If the unassigned fund balance falls below the minimum target balance, additional sources of funds and/or reductions of uses of funds are identified to bring the balance to the desired level.

#### Long Term Asset Reserve (LTAR)

This General Fund balance accumulates funds from the sale, lease, or earnings from long-term assets. It was also determined that these funds should be used in a careful, judicious and strategic manner. The funds committed in this account may only be expended if appropriated in the annual budget or by supplemental appropriation by City Council. The balance in the reserve was \$4,994,869 at the end of 2019.

### **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Englewood for its comprehensive annual financial report for the fiscal year ended December 31, 2018. This was the 36th consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

This report would not have been possible without the efficient and dedicated service of the entire staff of the Department of Finance and Administrative Services. We wish to express our appreciation to all members of the Department who assisted and contributed to the preparation of this report. We would also like to thank the City's staff and members of City Council for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

*J Shawn Lewis*

City Manager

## Independent Auditors' Report

Honorable Mayor and Members of the City Council  
City of Englewood  
Englewood, Colorado

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the City of Englewood as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the basic financial statements of the City of Englewood, as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the City of Englewood as of December 31, 2019, and the respective changes in financial position and cash flows, where applicable, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Englewood's basic financial statements. The introductory section, combining and individual fund statements and schedules, other information, and statistical section listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund statements and schedules and the other information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling the information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## Management's Discussion and Analysis

As management of the City of Englewood, Colorado (the "City"), we offer readers of the City's Comprehensive Annual Financial Report (CAFR), this narrative overview and analysis of the financial activities of the City for the year ended December 31, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

### Financial Highlights

- The assets of the City exceeded its liabilities at the close of 2019 by \$194.1 million (\$92.2 million in governmental activity net position and \$101.9 million in business-type activity net position). Of the governmental activities net position total, \$35.0 million, or 37.9%, is unrestricted and may be used to meet the City's obligations to the public and creditors. Similarly, \$51.6 million, or 50.6%, of business-type activity net position is unrestricted. At the end of 2019 the City also had deferred outflows of \$4.6 million and deferred inflows of \$8.1 million.
- The City's total net position increased by \$15.7 million, or 8.8% compared to 2018. Net position of the City's governmental activities increased \$10.0 million, or 12.1%. Net position of the business-type activities increased \$5.7 million, or 6.0%, from 2018.
- The total cost of the City's programs increased \$1.7 million, or 2.2%, compared to 2018. The cost of governmental activities program expenses increased \$3.0 million to \$52.1 million, and the cost of business-type activities decreased \$1.3 million.
- Total revenues increased \$1.9 million or 2.0%, compared to 2018. Governmental activities revenues decreased \$239,000, or 0.4%, to \$62.2 million while revenues of business-type activities increased \$1.6 million or 5.2% to \$32.3 million compared to 2018.
- The City's governmental funds reported combined ending fund balances of \$45.6 million, a decrease of \$2.8 million when compared to 2018. Of the combined ending governmental fund balances, approximately 75.4% or \$34.4 million is available for spending at the City's discretion subject to the City Council's approved policies (*committed, assigned and unassigned fund balances*).
- The General Fund reported a fund balance of \$22.1 million as of December 31, 2019, of which \$1.7 million is *restricted* for TABOR emergencies, \$5.0 million is *committed* to Long Term Asset Reserve and \$15.4 million is *unassigned*.
- The net pension liability reported in the City's governmental activities for 2019 is \$10.5 million compared to \$11.7 million in 2018.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### Government-wide financial statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets, liabilities and deferred inflows and outflows, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, which consists of the City Council and the various Boards and Commissions, the City Attorney's Office, Municipal Court, the City Manager's Office, Community Development, Human Resources, Finance and

Administrative Services and Information Technology. Governmental activities also include Police, Public Works and Culture and Recreation (including Library Services). The business-type activities of the City include the water, sewer, golf course, storm drainage, concrete utility and housing rehabilitation operations.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also the Englewood Urban Renewal Authority (EURA), the Englewood Environmental Foundation, Inc. (EEF) and the Englewood McLellan Reservoir Foundation, Inc. (EMRF). All three (known as *component units*) are legally separate entities for which the City is financially accountable. Financial information for these component units are reported separately from the financial information presented for the primary government itself.

## **Fund financial statements**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** *Governmental funds* are used to account for essentially the same functions as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains eleven individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund and the Police Headquarters Construction Fund, which are considered to be major funds. Data from the other nine governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with the budget.

**Proprietary funds.** The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for six separate operations: Water, Sewer, Golf Course, Storm Drainage, Concrete Utility and Housing Rehabilitation. Internal service funds are an accounting device to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for in-house printing, vehicle replacement and maintenance, and insurance costs. Because these services predominantly benefit governmental rather than business-type functions, they are primarily included within governmental activities in the government-wide financial statements. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for each of the six enterprise operations, all of which are considered major funds of the City. Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* later in this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information (RSI)* including the City's progress in funding its obligation to provide pension and other post-employment benefits to employees.

The combining statements referred to earlier in connection with non-major governmental and proprietary funds as well as budget to actual schedules for all funds are presented immediately following the RSI.

## Government-wide Financial Analysis

### A. Analysis of Net position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The analysis below focuses on the net position and changes in net position of the City's governmental and business-type activities. At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the governmental and business-type activities. The same is true for the prior year.

Table 1 presents an analysis of the City's net position as of December 31. The City's assets exceeded liabilities by \$194.1 million at the close of 2019. Governmental activities make up \$92.2 million or (47.5%) of these assets, with business-type activities making up the remaining \$101.9 million or (52.5%). Total net position increased by \$15.7 million in 2019. The increase is comprised of the following:

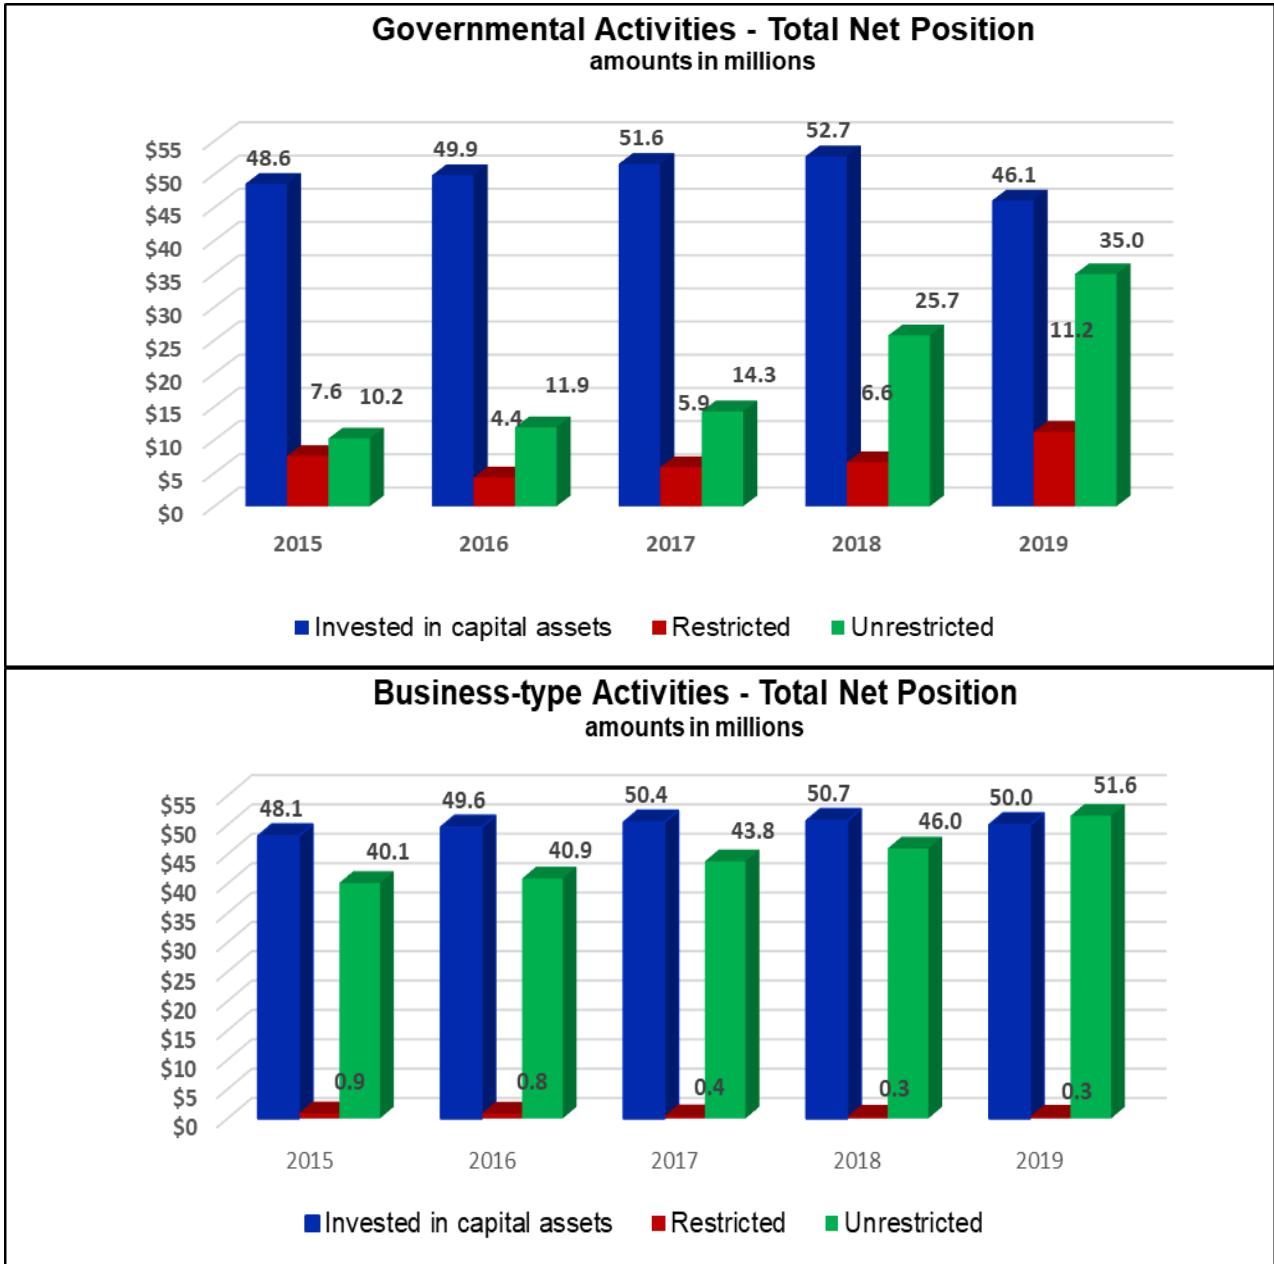

- Total assets and deferred outflows of resources increased by \$7.1 million during 2019.
- Total liabilities and deferred inflows of resources decreased by \$8.5 million.

**Table 1**  
**City of Englewood**  
**Summary of Net Position**

	Governmental Activities		Business-type Activities		Total Primary Government	
	2019	2018-Restated	2019	2018-Restated	2019	2018-Restated
<b>Assets</b>						
Current and other assets	\$ 66,294,267	\$ 70,059,187	\$ 93,804,579	\$ 89,293,525	\$ 160,098,846	\$ 159,352,712

<b>Total deferred outflows of resources</b>	<u>4,603,841</u>	<u>5,258,135</u>	<u>149,287</u>	<u>2,289,529</u>	<u>4,753,128</u>	<u>7,547,664</u>
<b>Liabilities</b>						
Long-term liabilities	51,311,260	56,097,594	35,534,982	41,574,974	86,846,242	97,672,568
Other liabilities	10,309,807	11,921,782	18,829,116	16,829,048	29,138,923	28,750,830
Total liabilities	<u>61,621,067</u>	<u>68,019,376</u>	<u>54,364,098</u>	<u>58,404,022</u>	<u>115,985,165</u>	<u>126,423,398</u>
<b>Total deferred inflows of resources</b>	<u>8,123,112</u>	<u>9,687,990</u>	<u>548,623</u>	<u>895,010</u>	<u>8,671,735</u>	<u>10,583,000</u>
<b>Net Position</b>						
Net investment in capital assets	46,051,488	52,705,091	49,998,869	50,696,090	96,050,357	103,401,181
Restricted	11,219,493	6,635,724	318,273	318,273	11,537,766	6,953,997
Unrestricted	34,974,362	22,915,797	51,553,648	45,125,400	86,528,010	68,041,197
Total net position	<u>\$ 92,245,343</u>	<u>\$ 82,256,612</u>	<u>\$ 101,870,790</u>	<u>\$ 96,139,763</u>	<u>\$ 194,116,133</u>	<u>\$ 178,396,375</u>

Capital assets make up (49.0%) or \$153.9 million. This represents the City's investment in capital assets (e.g., land, buildings, machinery and equipment). Net Capital assets are reported less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay the debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position, \$11.5 million (5.9%) represents resources that are subject to external restrictions on how they may be used. The unrestricted net position of the City's utility funds, \$51.6 million (50.6%) may be used to meet the government's ongoing obligations to citizens and creditors. Of the \$35.0 million of unrestricted net position attributed to governmental activities, \$7.8 million represents the unrestricted net position of the City's internal service funds.

**B. Analysis of Changes in Net position**

As presented in Table 2, the City of Englewood’s overall net position increased by \$15.7 million during 2019. This change is explained in the governmental and business-type activities discussion below.

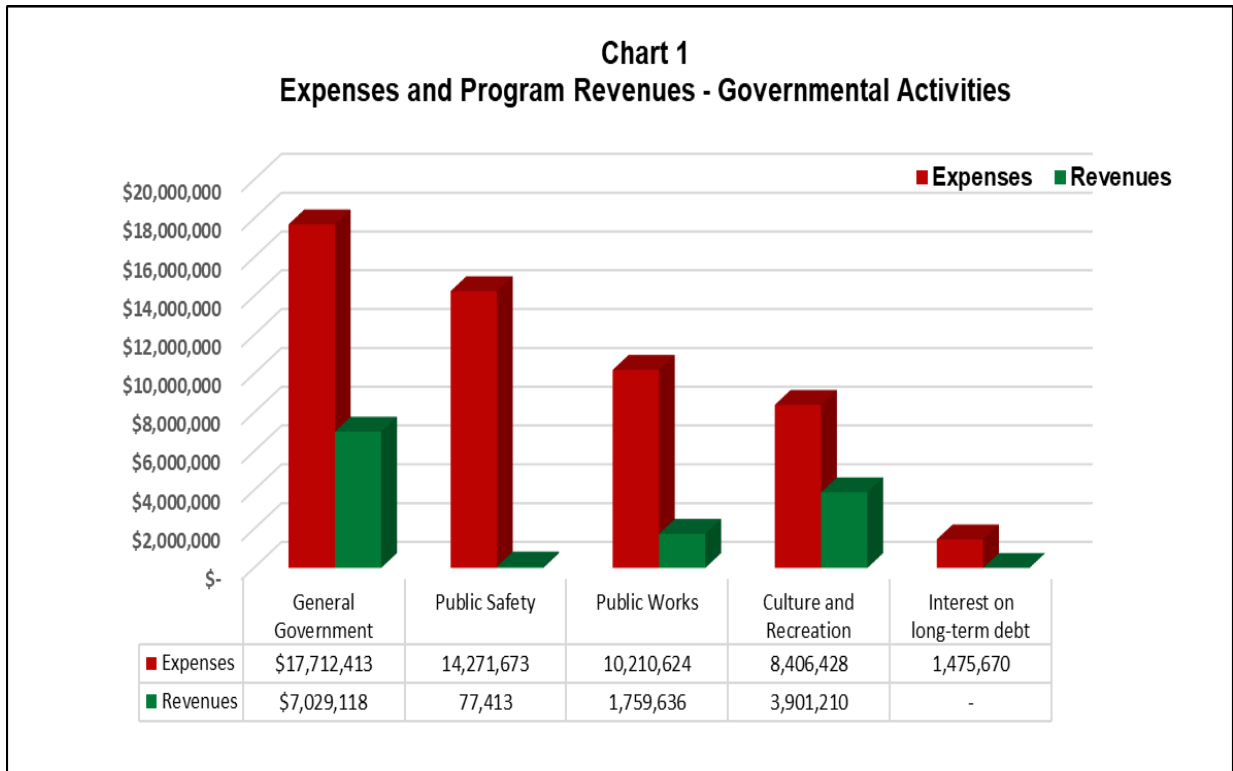

**Governmental Activities**

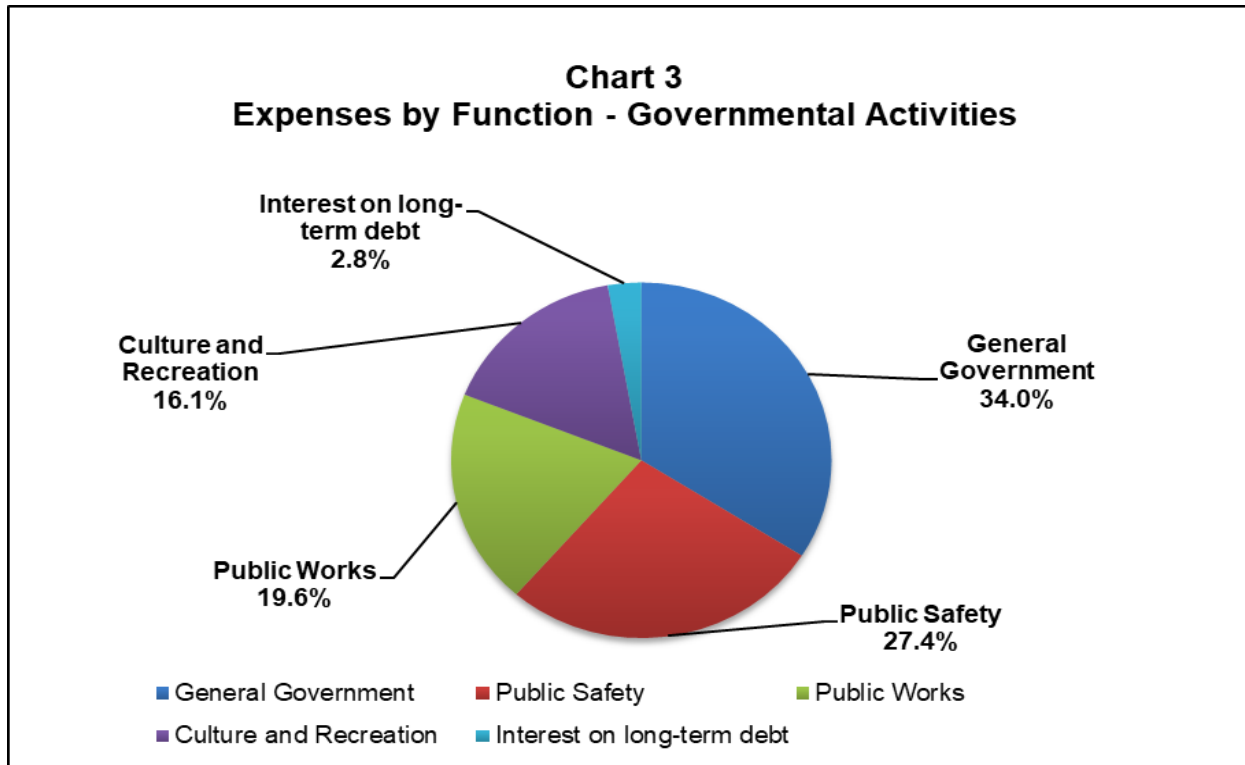

- Net position of governmental activities increased by \$10 million during 2019.
- Governmental revenues decreased by approximately \$239,000 or 0.4% compared to 2018.
- Governmental expenses increased by approximately \$3.0 million or 6.1% from 2018.

**Table 2**

The following graphs provide visual representations of the expenses and revenues for governmental activities for 2019.

**Business-type Activities**

Overall the Business-type activities increased the total net position of the City by \$5.7 million in 2019.

The *water fund* experienced an increase in net position of \$2.2 million compared to an increase of \$1.7 million in 2018. Water rates were last increased 7% on January 1, 2011. An increase in raw water sales and a modest increase in operating expenses left the fund with a net operating income of \$2.0 million. This, along with earnings on investments and other income covered the interest on long-term debt of \$353,433.

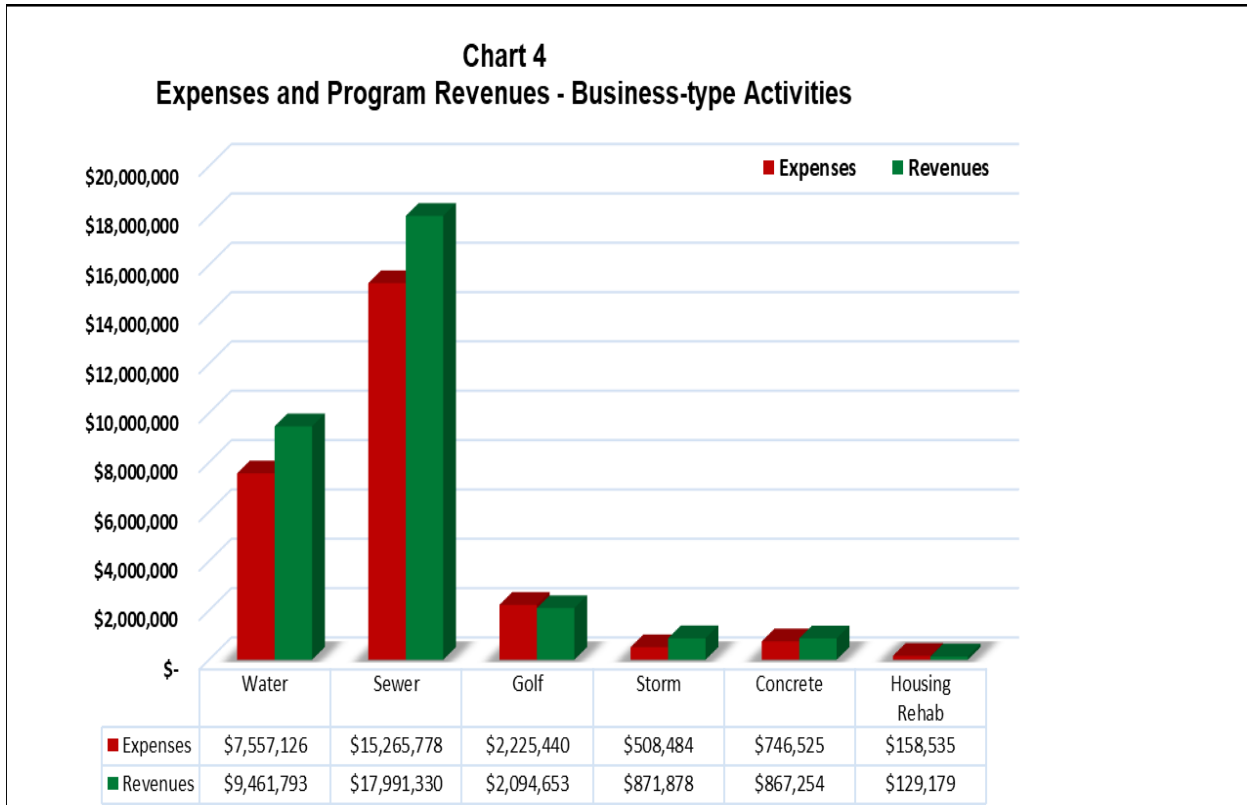

The *sewer fund* saw an increase in net position of \$2.8 million compared to an increase of \$0.8 million in 2018. The fund experienced net operating income of \$2.8 million in 2019 compared to \$3.9 million in 2018. A sewer rate increase of 7% was implemented in 2019. The rate increase is designed to provide additional resources to meet debt service requirements, capital improvements, and to fund ongoing operations and maintenance requirements. The 2004 sewer fund loans issued by the Colorado Water Resource and Power Development Agency were refinanced in 2015 and will save the fund approximately \$2.1 million in financing fees over the remaining life of the loans which have a final payment date of 2025.

The *golf course fund* experienced a decrease in net position of \$90,800 compared to an increase of \$138,000 in 2018. Weather conditions play an important factor for the golf course's revenues and in 2019 conditions were less favorable than 2018.

The *storm drainage*, and *concrete utility* funds had net position increases of \$395,000 and \$153,000 respectively when compared to 2018 and the *housing rehabilitation fund* had a decrease in net position of \$4,200 when compared to 2018.

The following graphs provide visual representations of the expenses and revenues for business-type activities for 2019.

## Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### A. Governmental funds

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable resources*. This information is necessary to assess the City's financing requirements. Types of governmental funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the year.

At December 31, 2019, the City's governmental funds reported combined ending fund balances of \$45.6 million, a decrease of \$2.8 million, or 5.9%, compared to 2018. \$34.4 million (75.4%) constitutes *committed, assigned and unassigned balances*, which are available for spending at the City's discretion. Of the *committed* fund balance, \$5.0 million is for the Long Term Asset Reserve (LTAR) balance. The remainder of fund balance is *restricted* for the following purposes:

Restricted for parks and recreation	\$4,483,047
Restricted for law enforcement	3,861,577
Restricted for debt service	1,144,869
Restricted for TABOR emergency	1,730,000

The General Fund is the primary operating fund of the City. At the end of 2019, *unassigned* fund balance of the General Fund was \$15.4 million while total fund balance was \$22.1 million. As a measure of the General Fund's liquidity, it may be useful to compare both assigned and unassigned fund balance and total fund balance to total fund expenditures. *Assigned* and *unassigned* fund balances represent 44% of total General Fund expenditures, up from 42% in 2018, while total fund balance represents 47.2% of that same amount (up from 45.8% in 2018).

The Police Headquarters Construction Fund was created in 2017 to account for the construction of a new police headquarters building. General Obligation bonds were issued in the amount of \$27,000,000 which will be used to fund the construction. At December 31, 2019 the fund had a total fund balance of \$4.7 million.

The total fund balance of the City's General Fund increased by \$1.71 million during 2019. Revenues increased by \$334,422 or approximately .7% and expenditures increased \$2.3 million or approximately 5.2%. Key factors are as follows:

- Sales and use tax collections increased 2.5% or \$773,738 compared to 2018 due mainly to strong economic conditions.
- Net transfers amounting to \$2,976,401 were made out of the General Fund in 2019. The primary purpose of the transfers out of the General Fund in 2019 was to fund capital projects.

The original 2019 expenditure budget adopted in 2018 for the General Fund was \$49,602,392.

Actual expenditures were \$2.7 million less than the final amended budget amount, a 5.5% variance. This is primarily due to cost savings throughout all Departments.

Actual revenues were \$2.1 million more than the final amended budget amount, a 4.3% variance. Variances were seen in the following areas:

- Higher sales tax collections due to audit compliance and strong economic conditions

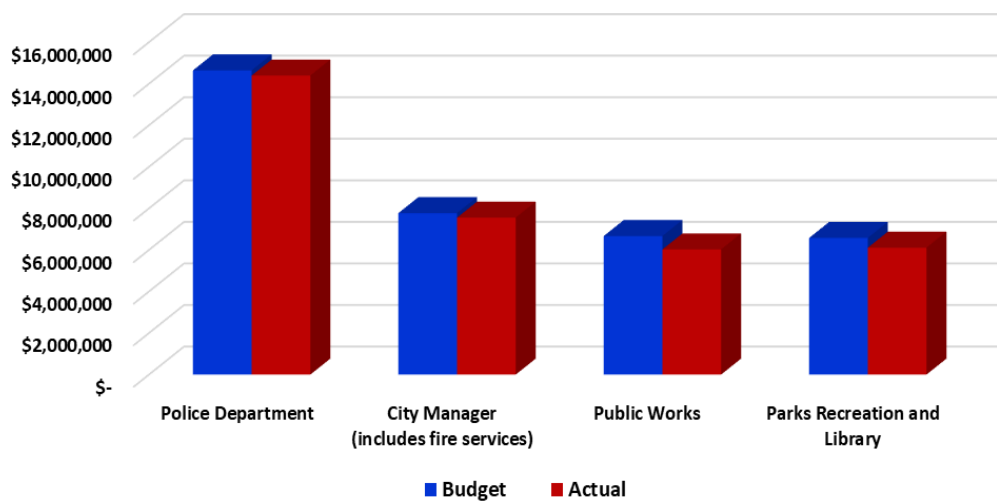

Charts 6 and 7 illustrate the Budget and Actual Revenue and Expenditures for the General Fund.

**Chart 7**  
**Budget and Actual Expenditures by Department, less Transfers - General Fund**

**Chart 7**  
**(Continued)**

**Chart 8  
Components of General Fund Balance  
2015- 2019**

Fund Balance represents the accumulated excess of Revenues and Other Financing Sources over Expenditures and Other Financing Uses, and therefore reflects cumulative results over time. Total Fund Balance consists of *restricted*, *committed* and *unassigned* portions. Only the *committed* and *unassigned* portions are available to finance future operations.

**B. Proprietary funds.** The City's proprietary funds provide the same type of information in the government-wide financial statements, but in more detail.

Net position of the enterprise operations at December 31, 2019 follow:

	Net Position	Change in Net Position
Water	\$ 38,448,349	\$ 2,194,244
Sewer	29,568,178	2,833,023
Golf	13,139,562	(90,782)
Storm drainage	3,164,379	394,976
Concrete utility	13,231,075	153,376
Housing rehabilitation	2,672,633	(4,212)
Total net position	<u>\$ 100,224,176</u>	<u>\$ 5,480,625</u>

Other factors concerning the finances of the enterprise funds have already been addressed in the discussion of the City's business-type activities.

## Capital Assets and Debt Administration

### A. Capital assets

As can be seen from the table below, the City's investment in capital assets for its governmental and business-type activities as of December 31, 2019 amounts to \$153.8 million (net of accumulated depreciation). This investment in capital assets includes land, plant, buildings, improvements, machinery and equipment, roads and bridges. The total increase in capital assets for the current year was \$5.3 million, or 3.6%. Net capital assets of governmental activities increased approximately \$6.4 million while business-type activities decreased by \$1.0 million.

Major capital asset activity during 2019 included the following:

#### Governmental Activities:

- \$14.0 million in new construction related to the new Police Headquarters building
- The additions were offset by \$10.0 million of depreciation on existing assets

#### Business-type Activities

- \$326,000 in new concrete sidewalks and alley pans were installed in the City
- \$520,000 was spent on storm drain repairs at Oxford Station
- These additions were offset by \$2.0 million of depreciation on existing assets

The following tables provide comparative information on the City's capital assets for 2019 and 2018:

#### Capital Assets at Year-end (Net of Depreciation)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2019	2018	2019	2018	2019	2018
Land and improvements	\$ 15,558,961	\$ 15,558,961	\$ 11,522,825	\$ 11,522,825	\$ 27,081,786	\$ 27,081,786
Works of art	273,750	273,750	-	-	273,750	273,750
Raw water	-	-	6,235,212	6,235,211	6,235,212	6,235,211
Infrastructure	8,946,583	10,403,203	27,761,543	27,833,852	36,708,126	38,237,055
Improvements	5,788,081	6,022,920	13,632,677	13,861,064	19,420,758	19,883,984
Buildings	24,931,700	25,597,682	2,983,992	3,660,164	27,915,692	29,257,846
Machinery and equipment	5,712,387	5,414,742	693,396	742,625	6,405,783	6,157,367
Construction in process	29,789,952	21,375,398	-	-	29,789,952	21,375,398
Total capital assets	<u>\$ 91,001,414</u>	<u>\$ 84,646,656</u>	<u>\$ 62,829,645</u>	<u>\$ 63,855,741</u>	<u>\$ 153,831,059</u>	<u>\$ 148,502,397</u>

Additional information on capital assets can be found in the notes to the financial statements (Note 2C).

## B. Debt Administration

The City's bond ratings carry investment grade ratings as follows:

Bond Issue	Standard & Poors	Moody's
General Obligation	AA+	A2
COPs *	AA	Aa3
General Obligation Water *	AA	Aa2
Golf Course Enterprise	Not requested	Not requested
Storm Water Enterprise	Not requested	Not requested

\* Ratings were upgraded by Standard and Poors in 2014

\* Ratings were upgraded by Moody's in 2018

City Charter limits the amount of general obligation debt the City may issue to 3% of its *actual* total valuation. The current debt limitation for the City is \$186.9 million, which is significantly in excess of the City's actual outstanding general obligation debt that is subject to this limitation of \$33.6 million.

At the end of 2019, the City had total long-term debt of \$81.5 million as follows:

### Outstanding Debt, at Year-end

	Governmental		Business-type		Total	
	Activities		Activities		Primary Government	
	2019	2018-Restated	2019	2018-Restated	2019	2018-Restated
General obligation bonds	\$ 28,195,000	\$ 30,035,000	\$ 10,415,000	\$ 10,530,000	\$ 38,610,000	\$ 40,565,000
Revenue bonds	-	-	2,195,000	2,395,000	2,195,000	2,395,000
Capital leases	6,269,147	7,668,888	-	-	6,269,147	7,668,888
Premiums	5,433,287	5,659,618	386,953	430,400	5,820,240	6,090,018
Notes payable	-	-	21,896,292	25,155,051	21,896,292	25,155,051
Net OPEB Liability	3,460,606	3,624,844	1,331,917	1,395,130	4,792,523	5,019,974
Compensated absences	1,681,886	1,563,690	245,647	247,338	1,927,533	1,811,028
Total outstanding debt	\$ 45,039,926	\$ 48,552,040	\$ 36,470,809	\$ 40,152,919	\$ 81,510,735	\$ 88,704,959

Additional information on the City's long-term obligations can be found in the notes to the financial statements (Note 2E and 2F).

### Next Year's Budget

The **2020 Budget** is essentially "status quo." In other words, staffing and service levels are maintained as close to 2019 levels as possible while allowing for salary increases and inflationary adjustments to commodities.

The following were the general guidelines for the 2020 Budget:

- Salary increases are based on union contracts, market surveys and performance reviews.
- Health, dental, and other insurance premiums were negotiated and provided by Human Resources. Increasing health care and insurance costs continue to play a major role in budgeting decisions.
- Required pension contributions were determined by applicable actuarial studies (defined benefit) or pre-determined contribution levels (defined contribution).
- The increase for commodities, contractual, and capital expenditures was held as close as possible to 2019 levels.
- Capital items were submitted separately, ranked by relative importance and included in the Multiple Year Capital Plan (MYCP).

The 2020 General Fund is projecting a balanced budget with expenditures equaling revenues. The proposed General Fund unassigned fund balance for 2020 is projected at 23.5% of projected revenues. The City adopted a new fund balance policy in 2017 that places a targeted fund balance in the General Fund equal to two months of operations or 16.7%.

**Estimated Revenues**

Before interfund transfers, total General Fund revenues are projected at \$53.0 million for 2020; this is a 6.9% increase from the 2019 revenue budget of \$49.5 million. Sales and use tax revenues, which comprised approximately 60.1% of General Fund revenues in 2019, are estimated at \$32.6 million for 2020, which is a 5% increase over 2019. The sales and use tax estimate is based on historical collections and projected economic conditions.

**Expenditure Appropriations**

2020 expenditure appropriations are projected at \$53.1 million.

**Net Transfers**

The transfers-in to the General Fund are estimated at \$127,014. After considering these net transfers to the General Fund, the 2020 budget is balanced.

Salary and wages for all City department budgets are based on the City's performance and market pay philosophy along with negotiations between the City and its three employee unions. The City's cost to provide healthcare insurance coverage to eligible employees is expected to increase slightly in 2020. Excluding personnel, fuel and energy costs, minimal increases are proposed for all other operating and maintenance costs for 2020.

In the event of General Fund shortfalls in revenues or unanticipated expenditures over the next year and for the next several years, City management and City Council will need to closely monitor expenditures and revenues to maintain the goal of a 16.7% unassigned and LTAR fund balance compared to total revenue. Looking to 2020 and beyond, the City will be actively looking for ways to reduce operating expenditures and identify new sources of revenues. Collectively, it is believed that the City will be able to meet the financial challenges of the future.

**Requests for Information**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. This report and additional financial information is also available on the City's website at [www.englewoodgov.org](http://www.englewoodgov.org). Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Department of Finance and Administrative Services, 1000 Englewood Parkway, Englewood, Colorado, 80110-2373.

**CITY OF ENGLEWOOD, COLORADO**

**Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position  
December 31, 2019**

Total fund balances for governmental funds		\$ 45,620,690
Total net position reported for governmental activities in the statement of net position is different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets total:		86,264,969
Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the statement of net position:		
Bonds payable	(33,628,287)	
Capital leases	(6,269,147)	
Compensated absences	(1,681,886)	
Postemployment benefits	<u>(3,460,606)</u>	(45,039,926)
Other long-term liabilities are not due and payable in the current period and, therefore, are not reported as fund liabilities. This amount represents pension assets and liabilities and the related deferred inflows and outflows.		(5,440,224)
Interest on long-term debt is not accrued in the funds, but rather is recognized as an expenditure when due.		(132,819)
Internal Service Funds are used by management to charge the costs of fleet management, print management, and insurance to individual funds. A portion of the assets and liabilities of internal service funds are included in governmental activities in the statement of net position.		<u>10,972,653</u>
Net position of governmental activities		<u><u>\$ 92,245,343</u></u>

The notes to the financial statements are an integral part of this statement.

**CITY OF ENGLEWOOD, COLORADO**

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances  
of Governmental Funds to the Statement of Activities  
For the Year Ended December 31, 2019**

Net Change in fund balances-total governmental funds		\$ (2,846,841)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays \$10,000,075 exceeded depreciation (\$3,442,849) in the current period.		
	6,557,226	
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Adjustment to compensated absences liability	118,196	
Net pension adjustment	1,789,685	
Adjustment to postemployment benefit liability	164,238	2,072,119
The issuance of long-term debt provide current financial resources to governmental funds, while the repayment of the principal of long-term debt and capital leases consume current financial resources of governmental funds. These transactions, however, have no effect on net position.		
Repayments:		
General Obligation Bonds	1,840,000	
Capital leases and other bonds	1,399,741	3,239,741
Interest expense in the statement of activities differs from the amount reported in governmental funds because of additional accrued interest, amortization of bond premiums, and refunding gains or losses.		
Change in accrued interest on long-term debt	4,027	
Amortization of premium	226,331	230,358
Internal service funds are used by management to charge the costs of fleet management, printing management, and insurance to individual funds. A portion of the net revenue of internal service funds is reported with governmental activities.		
		900,366
Change in net position of governmental activities		\$ 10,152,969

The notes to the financial statements are an integral part of this statement.

## CITY OF ENGLEWOOD, COLORADO

### Notes to the Financial Statements December 31, 2019

The financial statements of the City of Englewood have been prepared in conformity with generally accepted accounting principles as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and reporting principles. The following notes to the financial statements are an integral part of the City's Basic Financial Statements.

#### **Note 1. Summary of Significant Accounting Policies**

##### **A. Reporting Entity**

The City of Englewood is a municipal corporation governed by an elected seven-member council. The accompanying financial statements present the government and its component units, entities for which the government is considered financially accountable. Each discretely presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the City.

The City follows GASB accounting pronouncements that provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

##### **Discretely presented component units**

The Englewood Urban Renewal Authority (EURA) was created by resolution passed September 18, 1972, by the Englewood City Council under authorization of State Statutes. The purpose of the EURA is to acquire and develop or redevelop certain blighted areas in the City to maintain the public welfare.

The Englewood Environmental Foundation, Inc. (EEF), a nonprofit corporation, was established on August 14, 1997 under authorization of the Colorado Nonprofit Corporation Act. The purpose of the EEF includes, but is not limited to, maintaining the common areas of CityCenter Englewood, a mixed-use, transit oriented development that includes retail shops, luxury apartment housing and office space.

The Englewood McLellan Reservoir Foundation, Inc. (EMRF), a nonprofit corporation, was established on June 1, 1999 under authorization of the Colorado Nonprofit Corporation Act. The purpose of the EMRF includes, but is not limited to, taking title to 165 acres of land, which was acquired by the City of Englewood in 1960 as part of the acquisition of the McLellan Reservoir, and overseeing the development of such property while continuing to protect the City's water supply. During 1999, the City contributed the land to the EMRF.

The EURA, EEF and EMRF are included in the City's financial statements because the City Council appoints all board members and provides the component units substantial financial support.

Each discretely presented component unit has a December 31 year-end. Separate financial statements are not prepared for the discretely presented component units.

##### **B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or

segment. *Program revenues* include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; fines and forfeitures; and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported in separate columns in the fund financial statements.

### **C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Agency funds, however, are custodial in nature and do not present results of operations or have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. Property taxes, sales and use taxes, franchise taxes, intergovernmental revenues and interest are susceptible to accrual and so have been recognized as revenues in the current period. All other revenue items are considered to be measurable and available when cash is received by the City and are recognized as revenue at that time.

The City reports the following major governmental funds:

The *general fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The *police headquarters construction fund*. It accounts for the construction of the new police headquarters building.

The City reports the following major proprietary funds:

The *water fund* accounts for revenues and expenses associated with providing water services to City of Englewood residents.

The *sewer fund* accounts for revenues and expenses associated with providing wastewater services to the City of Englewood residents and some county residents.

The *golf course fund* accounts for revenues and expenses associated with the operations of the Englewood Municipal Golf Course.

The *storm drainage fund* accounts for revenues and expenses associated with maintaining the City's storm drainage system.

The *concrete utility fund* accounts for revenues and expenses associated with maintaining the City's sidewalks, curbs and gutters.

The *housing rehabilitation fund* accounts for revenues and expenses associated with the City's housing rehabilitation programs.

Additionally, the City reports the following fund types:

*Internal service funds* account for printing fees, vehicle use and maintenance fees, capital replacement fees, and insurance provided to other departments and employees of the City on a cost-reimbursement basis.

*The pension trust fund* accounts for the NonEmergency, Pension Fund administered by the City in a trustee capacity.

The *custodial fund* accounts for assets held by the City in a custodial capacity, on behalf of other governmental entities, pursuant to the Big Dry Creek Basin Interceptor Agreement.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and various other functions of government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish between operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principle ongoing operations. The principle operating revenues of the City's enterprise funds and internal service funds are charges to customers for sales and services, including water and sewer charges, printing fees, vehicle use and maintenance fees, capital replacement fees and insurance fees. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The City's water and sewer enterprise funds recognize as capital contributions the entire portion of tap fees, as they are intended to recover the cost of the capital investment in the water and sewer distribution system.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

#### **D. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Net Position or Equity**

##### **Deposits and Investments**

The City maintains an internal cash and investment pool that is available for use by all funds including its component units.

All investment pool purchases and sales are part of the City's cash management activity and considered cash and cash equivalents. Activities undertaken by the pool on behalf of the proprietary funds are not part of operating, capital, investing, or financing activities of the proprietary funds, and details of these transactions are not reported in the Statement of Cash Flows. Net investment earnings from the combined investments are allocated monthly to each fund based on month-end average balances of cash and investments. Interest from non-pooled investments is recorded based on the specific investments held by the fund. Interest income is recorded in the fund that earned the interest.

The City's investment policy is approved by the City Council and covers all financial assets and funds of the City and its discretely presented component units except for the pension trust funds. Changes to the policy are made on an as-needed basis. All investments are made in accordance with Colorado Revised Statutes except for the investments of the pension plan. The policy authorizes the City and component units to invest primarily in the following:

- U.S. Treasury Obligations: Treasury Bills, Treasury Notes and Treasury Bonds with maturities not exceeding five years from the date of trade settlement.
- Treasury Strips (book-entry U.S. Treasury securities whose coupons have been removed) with maturities not exceeding five years from the date of trade settlement.
- Federal Instrumentalities - Debentures, Discount Notes, Medium-Term Notes, Callable Securities and Step-up Securities issued by the following only: Federal National Mortgage Association (FNMA), Federal Home Loan Bank (FHLB), Federal Home Loan Mortgage Corporation (FHLMC) and Federal Farm Credit Banks (FFCB), with maturities not exceeding five years from the date of trade settlement.
- Repurchase Agreements with a termination date of 90 days or less utilizing U.S. Treasury and Federal Instrumentality securities listed above, collateralized at a minimum market value of 102 percent of the dollar value of the transaction with the accrued interest accumulated on the collateral included in the calculation. Repurchase agreements shall be entered into only with dealers who: are recognized as Primary Dealers by the Federal Reserve Bank of New York, or with firms that have a primary dealer within their holding company structure; and have executed a City approved Master Repurchase Agreement. Primary Dealers approved as Repurchase

Agreement counterparties, if rated, shall have a short-term credit rating of at least A-1 or the equivalent and a long-term credit rating of at least A or the equivalent. Collateral (purchased securities) shall be held by the City's custodian bank as safekeeping agent, and the market value of the collateral securities shall be marked-to-the-market daily. In no case will the maturity of the collateral exceed 10 years.

- Reverse Repurchase Agreements with a maturity of 90 days or less executed only against securities owned by the City and collateralized by the same type of security reversed.
- Flexible Repurchase Agreements with a final maturity of 10 years or less entered into by the City with approved counterparties.
- Time Certificates of Deposit with a maximum maturity of five years or savings accounts in state or national banks or state or federally chartered savings banks operating in Colorado that are state approved depositories (as evidenced by a certificate issued by the State Banking Board) and are insured by the FDIC. Certificates of deposit that exceed the FDIC insured amount shall be collateralized in accordance with the Colorado Public Deposit Protection Act. The collateral shall have a market value equal to or exceeding 102 percent of the difference between the insured amount and the City's total deposits for all funds within the institution.
- Money Market Mutual Funds registered under the Investment Company Act of 1940 that: 1) are "no-load" (i.e.: no commission or fee shall be charged on purchases or sales of shares); 2) have a constant net asset value per share of \$1.00; 3) limit assets of the fund to securities authorized by state statute; 4) have a maximum stated maturity and weighted average maturity in accordance with Rule 2a-7 of the Investment Company Act of 1940; and 5) have a rating of AAA by Standard and Poor's, Aaa by Moody's or AAA/V1+ by Fitch.
- Colorado Local Government Liquid Asset Trust (COLOTRUST) as authorized under CRS 24-75-702.
- Prime Bankers Acceptances, rated at least A-1 by Standard & Poor's, P-1 by Moody's and F1 by Fitch at the time of purchase by at least two services that rate them and shall be rated not less by any service that rates them, with a maturity of six months or less issued on domestic banks or branches of foreign banks domiciled in the U.S. and operating under U.S. banking laws. Accepting banks must have a senior debt rating of A2 by Moody's and A by Standard & Poor's.
- Prime Commercial Paper with a maturity of 270 days or less which, at the time of purchase, is rated at least A-1 by Standard & Poor's, P-1 by Moody's and F1 by Fitch. At the time of purchase, the commercial paper must be rated by at least two of the above stated rating agencies at the stated minimum rating. If more than two of the above stated agencies rate an issuer, all of those rating agencies must rate the issuer in accordance with above stated minimum credit criteria. If the commercial paper issuer has senior debt outstanding, the senior debt must be rated by each service that publishes a rating on the issuer as at least A2 by Moody's, A by Standard and Poor's and A by Fitch.
- Corporate Bonds issued by a corporation or bank with a final maturity not exceeding three years from the date of trade settlement, rated at least AA- by Standard & Poor's, Aa3 by Moody's, or AA by Fitch at the time of purchase by each service that rates the debt. Authorized corporate bonds shall be U.S. dollar denominated, and limited to corporations organized and operated within the United States with a net worth in excess of \$250 million.

### **Receivables and Payables**

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Property taxes are levied by December 15 of each year and are due in full the following year. The lien date is January 1 prior to the levy. Taxes may be paid in two equal installments, on or before February 28 and June 15; or in full, on or before April 30. Delinquent taxpayers are notified in August and generally, sales of the tax liens on delinquent properties are held in November or December. Property taxes are collected by Arapahoe County and then remitted, net of a 1% collection fee, to the City. Taxes are recorded as a receivable and a deferred inflow of resources when levied, and subsequently recorded as revenue in the year they are available or collected.

### **Inventories and Prepaid Expenses**

Inventories are valued at cost using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when purchased. Prepaid expenses are recorded when services are purchased in the current period but received in a future period.

### **Restricted Assets and Liabilities**

Certain assets and their related liabilities whose use is restricted for construction, bonded debt service and other purposes by contractual agreement and/or debt indentures are segregated on the government-wide statement of net position and the fund balance sheets. The "construction" account is used to report those proceeds of revenue bonds and loans that are restricted for use in construction. The "loan operations and maintenance account" is used to report resources set aside to subsidize potential deficiencies from the City's operation that could adversely affect debt service payments. The "insurance claims" account is used to report resources set aside for

the payment of current and future long-term disability claims. The “revenue bond future debt service” account is used to report resources set aside to make up potential future deficiencies in the revenue bond debt service account. The “capital replacement” account is used to report resources set aside to fund major capital repairs and replacements at the South Platte Water Renewal Partners plant.

**Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary funds financial statements. The City currently capitalizes assets that cost more than \$5,000 and have a life of more than one year. Such capital assets are recorded at historical cost or at estimated historical cost if purchased or constructed. Donated capital assets are recorded at the acquisition value on the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed and depreciated over their remaining useful lives.

Capital assets of the primary government, as well as the component units, are depreciated, using the straight-line method over their estimated useful lives:

Infrastructure:	
Bridges	50 years
Streets	25 years
Storm drainage system	35 years
Concrete, curb and gutter	50 years
Buildings and improvements	15-50 years
Water distribution and sewage collection systems	50 years
Water and sewage treatment plants	25 years
Raw water service and treated water storage facilities	15-50 years
Vehicles, machinery and equipment	3-25 years

**Deferred outflows/inflows of resources**

In addition to assets, the statement of financial position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has deferred charges on debt refunding and deferred outflows related to pension activity.

In addition to liabilities, the statement of financial position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has only two types of items that qualify for reporting in this category. Deferred revenue for the sources shown, represent property taxes earned but levied for collection in a subsequent period. The other type of deferred inflow is related to pension activity.

**Compensated Absences**

It is the City’s policy to permit employees to accumulate earned but unused vacation and personal leave benefits. All leave is accrued when earned in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they are due, for example, because of employee resignations and retirements.

**Leases**

Leases that meet certain criteria are classified as capital lease obligations and recorded at the lesser of the present value of minimum lease payments or the fair value of the leased property at inception. Leases that do not meet the criteria of a capital lease are classified as operating leases.

**Long-term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bonds payable are reported net of the applicable bond premium and discount. Bond premiums and discounts and refunding losses are deferred and amortized over the life of the bonds using the effective interest method and charged to interest expense.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, during the current period. The face amount of debt issued is reported as other financing sources. Issuance costs, even if withheld from the actual new proceeds received, are reported as debt service expenses or expenditures.

**Net Position and Fund Equity**

The government-wide and proprietary-type fund financial statements utilize a net position presentation. Net position is categorized as invested in capital assets (net of related debt), restricted or unrestricted.

Net investment in capital assets is intended to reflect the portion of net position that is associated with non-liquid, capital assets less outstanding capital asset related debt. The net related debt is the debt and premiums, discounts and deferred losses.

Restricted net position is subject to restrictions by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provision or enabling legislation. Pursuant to the City Charter, the net position of the City's utilities: water, sewer, storm drainage and concrete, are entirely committed to their own purpose.

Unrestricted net position represent assets that do not have any third party limitations on their use. While City management may have categorized and segmented portions for various purposes, the City Council has the unrestricted authority to revisit or alter these managerial decisions.

**Fund Balance Policies**

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for a specific purpose.

***Restricted Fund Balances***

Restricted fund balances carry provisions that are externally imposed by creditors or by law. Common examples of restricted fund balances are grant proceeds and debt restrictions.

***Committed Fund Balances***

Committed fund balances can only be created and modified by the highest formal action available to the highest decision-making authority of the government. For the City this is through the adoption of an Ordinance by City Council.

***Assigned Fund Balances***

Assigned fund balances are intended for a specific purpose but are neither restricted nor committed. City Council has the unrestricted authority to appropriate the funds through the passing of a Resolution.

***Unassigned Fund Balance***

Unassigned fund balance is only reported in the General Fund for balances that are not restricted, committed or assigned. City Council has the unrestricted authority to appropriate these funds.

There are times when the City will fund outlays for a particular purpose from both restricted and unrestricted resources. It is the City's policy that restricted resources are considered to have been spent before any unrestricted resources are applied. In the instance where any unrestricted fund balance is available, committed fund balance is considered to have been spent before any assigned or unassigned fund balance is used.

The City adopted a new fund balance policy in 2017 that places a targeted fund balance in the General Fund equal to two months of operations or 16.7%.

**Use of Estimates**

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Note 2. Detailed Notes on All Funds**

**A. Deposits and Investments**

	Primary Government			Component Units			Reporting Entity Total
	Governmental and Business-Type Activities	Fiduciary Funds	Total	EURA	EEF	EMRF	
<b>Unrestricted:</b>

Total deposits and investments	\$ 91,248,084	\$ 45,804,760	\$ 137,052,844	\$ 352,364	\$ 689,700	\$ 257,123	\$ 138,352,031
Cash and deposits	\$ 5,961,345	\$ -	\$ 5,961,345	\$ -	\$ 112,632	\$ 9,057	\$ 6,083,034
Investments	85,286,739	45,804,760	131,091,499	352,364	577,068	248,066	132,268,997
	\$ 91,248,084	\$ 45,804,760	\$ 137,052,844	\$ 352,364	\$ 689,700	\$ 257,123	\$ 138,352,031

**Deposits**

Custodial credit risk – deposits:

Custodial risk for deposits is the risk that, in the event of a failure of a depository financial institution, the City will not be able to recover its deposits or will not be able to recover collateral securities that are in possession of an outside party. The City's deposit policy is in accordance with CRS 11-10.5-101, The Colorado Public Deposit Protection Act (PDPA), which governs investment of public funds. PDPA requires that all units of local government deposit cash in eligible public depositories. State regulators determine eligibility. Amounts on deposit in excess of federal insurance levels (\$250,000) must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits. The institution's internal records identify the collateral by depositor and as such, these deposits are considered to be uninsured but collateralized. The State Regulatory Commissions for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools. At December 31, 2019, the City's deposits amounting to \$5,704,463 were collateralized and an additional \$371,688 were insured by federal depository insurance and consequently were not exposed to custodial credit risk.

The EEF and the EMRF are not eligible public entities and are not covered by the provisions of the PDPA. At year-end, the component units' cash deposits had a bank balance as follows:

	EEF	EMRF
Insured-FDIC	\$ 112,632	\$ 9,058

## Investments

The table below identifies the investment types that are authorized for the City, along with the related interest rate risk and concentration of credit risk.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Maximum Investment in One Issuer</u>
U.S. Treasury Obligations	5 years	None	None
U.S. Instrumentalities	5 years	None	None
Repurchase Agreements	90 days	None	None
Reverse Repurchase Agreements	90 days	None	None
Flexible Repurchase Agreements	10 years	None	None
Certificates of Deposit	5 years	50%	None
Bankers Acceptances	180 days	20%	None
Commercial Paper	270 days	40%	None
Corporate Bonds	3 years	30%	5%

**Credit risk** is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Debt securities of the U.S. government and obligations of U.S. government agencies that are explicitly guaranteed by the U.S. government are not considered to have credit risk.

The City's investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments.

## Fair Value Measurement

The City categorizes its fair value measurements within the fair value hierarchy established by the generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are the quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of December 31, 2019:

### Primary Government

#### Level 2 Inputs:

- US Treasury Securities of \$11,627,719 are valued using quoted market prices.
- Residential mortgage-backed securities of \$25,910,241 are valued using a matrix pricing technique.
- Corporate bonds of \$24,533,060 are valued using a matrix pricing technique.

### Defined Benefit Pension Plan

- Fixed Income mutual funds of \$8,013,509 are valued at net asset value using quoted market prices.
- Domestic Equity mutual funds of \$14,508,413 are valued at net asset value using quoted market prices.
- International Equity mutual funds of \$9,592,468 are valued at net asset value using quoted market prices.
- Real Estate equity mutual funds of \$3,761,130 are valued at net asset value using quoted market prices.
- Other mutual funds of \$1,698,213 are valued at net asset value using quoted market prices.

The City also participates in a 2a-7 like external investment pool (Colotrust) which is valued at net asset value per share, with each share valued at \$1. Colotrust is a statutory trust organized and exists under the laws of the State of Colorado.

Presented below is the minimum rating required by the City's investment policy and the actual rating as of December 31, 2019 for each investment type.

<b>Investment Type</b>	<b>Minimum Rating Required</b>	<b>Standard &amp; Poor's Rating</b>	<b>Moody's Rating</b>	<b>Total Investment Portfolio</b>
U.S. Treasury Notes	N/A	N/A	N/A	9%
Federal Farm Credit Banks (FFCB)	N/A	AA+	Aaa	5%
Federal Home Loan Banks (FHLB)	N/A	AA+	Aaa	6%
Federal Home Loan Mortgage Corporation (FHLMC)	N/A	AA+	Aaa	2%
Federal National Mortgage Association (FNMA)	N/A	AA+	Aaa	6%
Corporate bonds	AA-/Aa3	AAA	Aaa	1%
Corporate bonds	AA-/Aa3	AA+	Aa1	2%
Corporate bonds	AA-/Aa3	AA-	Aa2	8%
Corporate bonds	AA-/Aa3	AA-	Aa3	5%
Corporate bonds	AA-/Aa3	A+	Aa2	3%
COLOTRUST (b)	N/A	AAAm	Aaa	26%

(a) Ratings displayed are of the underlying securities supporting the repurchase agreement

(b) COLOTRUST is a 2a7-like investment pool

**Interest rate risk** is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market rates. The following schedule indicates the interest rate risk of the City's investments at December 31, 2019.

	<b>Total</b>	<b>Investment Maturities</b>	
		<b>Less than 1 year</b>	<b>1 to 5 years</b>
<b>Primary Government:</b>			
Investments in City internal investment pool:			
U.S. Treasury Notes	\$ 11,627,719	\$ 4,020,116	\$ 7,607,603
U.S. Instrumentalities	22,124,132	5,711,243	16,412,889
Corporate Bonds	26,532,236	8,825,473	17,706,763
Colorado Local Government Liquid Asset Trust (COLOTRUST PLUS+)	34,408,178	34,408,178	-
Less: Component unit investments in internal investment pool	<u>(1,177,499)</u>	<u>(1,177,499)</u>	<u>-</u>
Subtotal investments in City internal investment pool	<u>93,514,766</u>	<u>51,787,511</u>	<u>41,727,255</u>
Retirement Trust Fund investments	<u>37,576,733</u>		
<b>Total Primary Government</b>	<u>131,091,499</u>		
<b>Component Units:</b>			
<b>EURA:</b>			
Investments in internal investment pool	352,364	\$ 352,364	\$ -
<b>EEF:</b>			
Investments in internal investment pool	577,068	\$ 577,068	\$ -
<b>EMRF:</b>			
Investments in internal investment pool	248,066	\$ 248,066	\$ -
<b>Total Component Units</b>	<u>1,177,498</u>		
<b>Total Investments</b>	<u>\$ 132,268,997</u>		

One of the ways the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. Additionally, the City's investment policy limits the weighted average maturity of its internal

investment pool to less than two years. At December 31, 2019, the weighted average maturity of the City's internal investment portfolio was 1.37 years.

### Concentration of Credit Risk

Of the City's total investments in its internal investment pool, 12% were T-Notes, 27% were government agency notes and 26% were corporate bonds. Additionally, 35% of the internal investment pool was held by COLOTRUST.

### Retirement Trust Funds' Investments

The investments of the pension trust funds are invested separately from the internal investment pool. At December 31, 2019, the investments were as follows:

<u>Investment Type</u>	<u>Fair Value</u>
<b>Nonemergency Pension Trust Fund</b>	
Fixed Income mutual funds	\$ 8,013,509
Equity mutual funds:	
Domestic equities	14,508,413
International equities	9,592,468
Other	1,698,213
Subtotal equity mutual funds	<u>25,799,094</u>
Real estate equity fund	<u>3,764,130</u>
<b>Total Retirement Trust Investments</b>	<u>\$ 37,576,733</u>

Assets of the Nonemergency Pension Trust Fund (Fund) are invested in accordance with Colorado Revised Statutes Section 15-1.1-102 under the Uniform Prudent Investor Act and subject to investment policy guidelines as established by the Nonemergency Retirement Plan Board. The objective of the policy is to maximize the expected return of the fund at an acceptable level of risk. The Retirement Board has established percentage guidelines for types of investments to ensure the portfolio is diversified. Assets of the Firefighters, Police Officers and Volunteer Firefighters Pension Trust Funds are invested by the Fire and Police Pension Association of Colorado (FPPA) (see Note 3.D.). The discussion that follows relating to interest rate, credit and foreign currency risk applies to the Nonemergency Pension Trust Fund only. A discussion of the investment policy and investment risks of the Firefighters, Police Officers and Volunteer Firefighters Pension Trust Funds may be found in FPPA's publicly issued Comprehensive Annual Financial Report that may be obtained from FPPA's website at [www.fppaco.org](http://www.fppaco.org).

### Interest Rate and Credit Risk - Retirement Trust Funds

The fair value of fixed income investments fluctuate in response to changes in market interest rates, generally decreasing in response to increases in market interest rates. The Nonemergency Retirement Plan Board does not have a specific policy to manage interest or credit rate risk but manages its exposure to fair value losses arising from increasing interest rates by requiring retained fixed income investment managers to monitor the duration and maturity of its portfolio and diversify by issuer and by sector or industry. The managers are evaluated against specific market benchmarks that represent their investment style.

Duration measures a fixed income security's exposure to price changes arising from changing interest rates. The calculation uses the present value of cash flows, weighted according to the time to cash receipt. Effective (or option-adjusted) duration is the duration of a bond after adjusting for any embedded options. Effective duration takes into account the fact that yield changes may change the expected cash flows of the bond in the presence of an embedded option, such as a call, put, or prepayment option for asset- or mortgage-backed securities. The longer the duration, the more sensitive the bond funds should be to changes in interest rates.

At December 31, 2019, the Fund's fixed income security mutual funds had an effective duration of 3.5 years.

U.S. Government obligations and those explicitly guaranteed by the U.S. Government account for 23% of the Fund's fixed income portfolio. The following table illustrates the credit risk exposure of the remaining fixed income securities as of December 31, 2019:

Rating	Percentage of Fixed Income
	Total
AAA	26.3%
AA	4.5%
A	7.6%
BBB	25.2%
BB	5.1%
B	2.5%
CCC	0.0%
Cash	5.6%
NR	0.2%
	<u>77.0%</u>

#### Foreign Currency Risk - Retirement Trust Funds

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair value of an investment. The Fund's exposure to foreign currency risk derives from its allocations to non-U.S. dollar denominated international equity, fixed income, and private equity investments. Through its asset allocation policy, the Fund has set a target asset allocation of 10% to developed and emerging market international equities. Core plus fixed income managers may invest up to 10% of the portfolio in non-U.S. dollar denominated investment grade fixed income securities.

The fair value of the Fund's exposure to foreign currency risk at December 31, 2019 is summarized in the following table:

Country or Region	Currency	Fair Value	Percentage of Total
United Kingdom	British pound	\$ 636,849	10.1%
Denmark	Danish krone	79,530	1.3%
Sweden	Swedish krona	157,190	2.5%
Other Developed Europe	Other Europe	1,496,357	23.7%
Japan	Japanese yen	427,036	6.8%
South Korea	South Korean won	235,444	3.7%
Australia	Australian dollar	185,626	2.9%
Other Pacific Basin	Other Pacific Basin	1,617,125	25.6%
Brazil	Brazilian real	185,028	2.9%
Other countries	Other countries	823,228	13.0%
		<u>6,164,831</u>	<u>97.6%</u>
	Cash and equivalents	150,996	2.4%
		<u>\$ 6,315,827</u>	<u>100.0%</u>

**B. Receivables**

Receivables at year-end for the City's individual major, non-major and internal service funds are as follows:

	Governmental Activities				
	General	Police Headquarters	Nonmajor Funds	Internal Service	Total
Receivables:					
Property tax	\$ 4,612,000	\$ -	\$ 2,791,000	\$ -	\$ 7,403,000
Sales and use tax	4,701,649	-	185,834	-	4,887,483
Interest	69,769	17,709	80,242	27,533	195,253
Accounts	207,888	-	-	32,937	240,825
Intergovernmental	284,095	-	156,465	-	440,560
Total receivables	<u>\$ 9,875,401</u>	<u>\$ 17,709</u>	<u>\$ 3,213,541</u>	<u>\$ 60,470</u>	<u>\$ 13,167,121</u>

	Business-type Activities						
	Water	Sewer	Golf Course	Storm Drainage	Concrete Utility	Housing Rehabilitation	Total
Receivables							
Interest	\$ 55,007	\$ 44,759	\$ 5,987	\$ 4,885	\$ 4,804	\$ 3,215	\$ 118,657
Accounts	1,270,616	3,583,660	-	38,674	33,901	99,291	5,026,142
Notes (see below)	-	-	-	-	-	1,717,381	1,717,381
Other	107,040	377,692	-	-	-	-	484,732
Total receivables	<u>\$ 1,432,663</u>	<u>\$ 4,006,111</u>	<u>\$ 5,987</u>	<u>\$ 43,559</u>	<u>\$ 38,705</u>	<u>\$ 1,819,887</u>	<u>\$ 7,346,912</u>
Not scheduled for collection during the subsequent year	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,717,381</u>	<u>\$ 1,717,381</u>

None of the notes receivable in the Housing Rehabilitation Fund are expected to be collected within one year.

**Notes Receivable**

Notes receivable in the Housing Rehabilitation Fund consist of loans to qualified borrowers for rehabilitation of existing homes. Interest rates vary from 0% to 10.8%. Terms of repayment vary from monthly amortized loans to deferred loans, where the payment of loan principal and accrued interest, if any, is payable when the property transfers ownership. A lien is filed on the property to insure loans are repaid.

An analysis of the notes receivable follow:

Loan Type	Balance 12/31/2018	New Loans	Principal Payments	Balance 12/31/2019
Amortized loans	\$ 389,566	\$ -	\$ 28,753	\$ 360,813
Deferred loans	1,705,727	-	105,158	1,600,569
	<u>\$ 2,095,293</u>	<u>\$ -</u>	<u>\$ 133,911</u>	1,961,382
Loans in progress				-
				1,961,382
Less unamortized discount based on imputed interest rate of 7% over 20 years				(244,000)
Total notes receivable, net				<u>\$ 1,717,382</u>

The EURA reports a note receivable that represents a loan to the developer intended to assist with the redevelopment of various tracts of land along the South Broadway corridor in the City. The Interest rate on the loan is 4% with payments beginning in 2019. Total loan balance is \$1,188,277 with the final principal payment scheduled for December 1, 2032.

**C. Capital Assets**

**Primary Government**

Certain beginning balances have been reclassified to conform to the current year presentation. Capital asset activity for the year ended December 31, 2019 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
<b>Governmental activities:</b>				
Capital assets not being depreciated:				
Land and land improvements	\$ 15,558,961	\$ -	\$ -	\$ 15,558,961
Works of art	273,750	-	-	273,750
Construction in process	21,375,398	8,685,656	(181,102)	29,879,952

**D. Interfund Transfers**

The composition of interfund balances as of December 31, 2019, is as follows:

	<b>Transfers in:</b>		
	General Fund	Nonmajor Governmental	Total Transfers In
<b>Transfers out:</b>			
<i>Primary Government:</i>			
General Fund	\$ -	\$ 3,100,000	\$ 3,100,000
Nonmajor governmental funds	123,599	-	123,599
Total transfers out	<u>\$ 123,599</u>	<u>\$ 3,100,000</u>	<u>\$ 3,223,599</u>

Transfers between funds provide support for various City programs in accordance with budgetary authorizations. During the year ended December 31, 2019, the City made one-time transfers to the General Fund from nonmajor governmental funds for debt service. The General Fund and Public Improvement Funds made transfers to the Capital Projects Fund to assist in funding for projects accounted for in that fund.

**E. Capital Leases**

The City has entered into capital lease agreements for the purpose of acquiring and financing the Civic Center and equipment. All of these agreements qualify as capital leases for accounting purposes and, therefore have been recorded at the present value of their future minimum lease payments as of the inception date.

Assets acquired through capital leases follow:

Asset	Cost	Accumulated Depreciation	Total
Building - Civic Center	\$ 22,393,532	\$ (9,430,694)	\$ 12,962,838

**Civic Center**

On December 29, 1998, the City entered into a lease purchase agreement with the Englewood Environmental Foundation, Inc. (EEF) for the Englewood Civic Center. The lease represents a legal outstanding economic debt of the City to the EEF, a separate legal entity and not an advance between funds. The lease purchase agreement is renewable annually and lease payments are subject to annual appropriation by the City. Base rental payments are intended to cover the EEF's debt service requirements on its outstanding Certificates of Participation (see Note 2.G.). Lease payments are made from revenues collected in the City's General Fund and are due in semiannual installments through June 1, 2023, with interest at 2.12%.

The net present value of the minimum lease payments as of December 31, 2019, are as follows:

Year Ending December 31	Governmental Activities	
	Civic Center	
2020	\$	1,431,597
2021		1,437,062
2022		1,438,838
2023		1,433,031
Minimum lease payments		5,740,528
Less: Amount representing interest		(236,528)
Present value of minimum Lease Payments	\$	5,504,000

## F. Long-term Obligations

### General Obligation Bonds

The City has issued general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the City. The City is authorized to levy an ad valorem tax to pay the principal and interest on these bonds.

A description of the general obligation bonds outstanding at the end of the year follows:

General Obligation Bonds, Series 2017. On June 20, 2017, the City issued \$27,000,000 of General Obligation Bonds. The 2017 bonds bear interest at 3.0% to 5.25% and consist of serial bonds maturing yearly on December 1 through 2036. Proceeds from the sale of the Bonds will be used to finance the acquisition, construction, installation and equipping of the Project, which generally includes the construction of a new Englewood Police Department Headquarters Building, and to pay the costs of issuance of the Bonds. The Bonds are general obligations of the City and are secured by the City's full faith and credit. All taxable property within the boundaries of the City is subject to *ad valorem* taxation without limitation as to the mill rate to generate an amount sufficient to pay the principal of and interest on the Bonds when due.

General Obligation Refunding Bonds, Series 2010. On October 19, 2010, the City issued \$9,985,000 of General Obligation Refunding Bonds, to provide resources to purchase U.S. Treasury, Certificates and Notes that were placed in an irrevocable trust for the purpose of generating resources for future debt service payments of \$4,000,000 of Series 2001 and \$5,255,000 of Series 2002 General Obligation Bonds representing all outstanding bonds maturing on or after December 1, 2010. As a result, the refunded bonds were called in 2011 and 2012. The 2010 bonds bear interest at 2.0% to 4.0% and consist of serial bonds maturing yearly on December 1 through 2023. Bonds maturing on or after December 1, 2021 are subject to redemption at the option of the City. Interest is payable semiannually on June 1 and December 1. The original issue was used to fund improvements to the City's two recreation centers and the construction of the Pirates Cove Family Aquatics Center.

General Obligation Water Refunding and Improvement Bonds, Series 2012, original principal amount of \$8,590,000, dated July 11, 2012, consisting of serial bonds due annually in varying amounts through January 1, 2032. The term bonds maturing on January 1, 2023 are subject to redemption prior to their respective maturities at the option of the City. Interest is payable semi-annually at rates ranging from 2% to 4%. The bonds were issued to refund the Series 2004 General Obligation Water bonds. The remaining \$1,970,000 of outstanding bonds were called January 1, 2016. Although there is a general obligation pledge on these bonds, which allows the City to certify a rate of levy for property taxes to pay principal and interest on the bonds, it is the City's intention to service the debt from available moneys in the Water Fund. The original 2004 bonds were issued to finance various water system improvement projects.

General Obligation Water Bonds, Series 2019, original principal amount of \$2,670,000, dated August 1, 2019 consisting of serial bonds due annually in varying amounts through January 1, 2029. Interest is payable semi-annually at rate of 2.29%. The bonds were issued to refund the Series 2009 General Obligation Water bonds. The remaining \$2,615,000 of outstanding bonds were called August 1, 2019. The original bonds were issued to finance miscellaneous water system improvement projects. Although there is a general obligation pledge on these bonds, which allows the City to certify a rate of levy for property taxes to pay principal and interest on the bonds, it is the City's intention to service the debt from available moneys in the Water Fund. Principal payments begin on January 1, 2020.

General obligation bonds currently outstanding are as follows:

Purpose	Interest Rates	Amount
Governmental activities	2.00% - 5.10%	\$ 28,195,000
Business-type activities	3.625% - 4.75%	10,405,000
		<u>\$ 38,600,000</u>

Annual debt service requirements to maturity for general obligation bonds are as follows:

	Principal	Interest	Total
2020	\$ 2,575,000	\$ 1,662,757	\$ 4,237,757
2021	2,665,000	1,567,488	4,232,488
2022	2,780,000	1,453,508	4,233,508
2023	2,425,000	1,338,565	3,763,565
2024	1,905,000	1,240,213	3,145,213
2025-2029	10,780,000	4,947,723	15,727,723
2030-2034	11,390,000	2,518,848	13,908,848
2035-2036	4,080,000	308,500	4,388,500
	<u>\$ 38,600,000</u>	<u>\$ 15,037,602</u>	<u>\$ 53,637,602</u>

### Revenue Bonds

The City also issues bonds where the City pledges income derived from the acquired or constructed assets to pay debt service. Revenue bonds outstanding at year-end are as follows:

Golf Course Revenue Refunding Bonds, Series 2013, original principal amount of \$2,530,000, dated September 19, 2013, consisting of serial bonds in the original amount of \$1,335,000 due annually in varying amounts through December 1, 2026, and term bonds in the original amount of \$300,000 due on December 1, 2028 and term bonds in the original amount of \$320,000 due on December 1, 2030 and term bonds in the original amount of \$555,000 due on December 1, 2033. Interest is payable semi-annually at rates ranging from 2.00% to 5.625%. Bonds maturing on or after December 1, 2023 are callable at par in any order of maturity on December 1, 2013. The Bonds maturing on and after December 1, 2024 are subject to redemption prior to maturity, at the option of the City, in whole or in part, and if in part in such order of maturities as the City shall determine and by lot within a maturity, on December 1, 2023 and on any date thereafter, at a redemption price equal to the principal amount thereof (with no redemption premium), plus accrued interest to the redemption date. The bonds are non-rated. The original 2003 bonds that were refunded by this issue were utilized for construction of golf course improvements. The bonds are payable solely from the revenues of the Golf Course. For the year ended December 31, 2019, revenues of \$334,519 were available to pay debt service of \$217,960. Remaining debt service was \$2,925,276.

Storm Water Enterprise Revenue Refunding Bonds, Series 2012, original principal amount of \$1,025,000, dated May 30, 2012, consisting of serial bonds due annually from December 1, 2012 through December 1, 2021. Interest is payable semi-annually at rates ranging from 2% to 2.7% on the outstanding bonds. These bonds were issued to refund the Series 2001 Storm Water Enterprise Revenue bonds. The original bonds were issued to finance miscellaneous storm water system improvement projects. The bonds are payable solely from the revenues of the Storm Water system. For the year ended December 31, 2019, revenues of \$871,878 were available to pay debt service of \$112,641. Remaining debt service was \$228,835.

Annual debt service requirements to maturity for revenue bonds are as follows:

	Principal	Interest	Total
2020	\$ 205,000	\$ 114,746	\$ 319,746
2021	220,000	108,121	328,121
2022	110,000	100,291	210,291
2023	115,000	95,066	210,066
2024	120,000	89,316	209,316
2025-2029	705,000	340,902	1,045,902
2030-2033	720,000	110,670	830,670
	<u>\$ 2,195,000</u>	<u>\$ 959,112</u>	<u>\$ 3,154,112</u>

### Qualified Energy Conservation Bonds

The City issued Qualified Energy Conservation Bonds in 2010. The original principal amount of \$1,355,302 dated August 19, 2010. Principal and interest are due quarterly with an interest rate of 5.41% through July 19, 2026. The interest payments are partially offset by credits from the Federal Government under Section 1112 of the American Recovery and Reinvestment Act of 2009, "Section 54D" that authorizes states and political subdivisions to issue qualified energy conservation bonds "QECCBs". Proceeds will be used for qualified energy conservation purposes. Payments are made by the General Fund.

Annual debt service requirements for the qualified energy conservation bonds are as follows:

	Principal	Interest	Total
2020	\$ 96,171	\$ 15,843	\$ 112,014
2021	101,813	13,708	115,521
2022	107,672	11,450	119,122
2023	113,755	9,062	122,817
2024	120,070	6,542	126,612
2025-2026	225,666	4,960	230,626
	<u>\$ 765,147</u>	<u>\$ 61,565</u>	<u>\$ 826,712</u>

### Loans payable

Colorado Water Resources and Power Development Authority to fund water and sewer system improvements:

Servicing Fund	Issue Date	Original Amount	Interest Rate	Outstanding Balance	Last Payment Due
Sewer	5/1/2004	29,564,275	3.870%	21,896,292	8/1/2025

In 2013, these loans were refinanced by the Colorado Water Resources and Power Development Authority. Over the remaining life of the loans, the refinancing is expected to save the and Sewer Fund \$2,067,000.

The CWRPDA loans are payable solely from revenues of the City's Sewer system, after deducting operating and maintenance costs. For the year ended December 31, 2019, revenues of \$18,312,642 were available to pay debt service of \$4,073,299. Remaining debt service was \$24,390,623.

Annual debt service requirements to maturity for loans payable are as follows:

	Business-type Activities		
	Principal	Interest	Total
2020	\$ 3,360,428	\$ 715,635	\$ 4,076,063
2021	3,467,448	610,860	4,078,308
2022	3,574,468	500,575	4,075,043
2023	3,686,839	390,470	4,077,309
2024	3,799,210	273,886	4,073,096
2025	4,007,899	2,905	4,010,804
	<u>\$ 21,896,292</u>	<u>\$ 2,494,331</u>	<u>\$ 24,390,623</u>

Long-term liability activity for the year ended December 31, 2019 was as follows:

	Beginning			Ending	Due Within
	Balance-Restated	Additions	Reductions	Balance	One Year
<b>Governmental activities:</b>

Other:					
Net Pension Liability	5,237,696	-	1,830,272	3,407,424	-
Net OPEB Liability	1,395,130	-	63,213	1,331,917	-
Compensated absences	247,338	169,158	170,849	245,647	122,824
	<u>32,123,093</u>	<u>169,158</u>	<u>5,346,123</u>	<u>26,946,128</u>	<u>3,483,252</u>
<b>Business-type activity total</b>	<u>\$ 45,390,615</u>	<u>\$ 2,839,158</u>	<u>\$ 8,351,540</u>	<u>\$ 39,878,233</u>	<u>\$ 4,343,252</u>

There are a number of limitations and restrictions contained in the various indentures. The City believes it complies with all significant limitations and restrictions.

Compensated absences, Pension liabilities and OPEB obligations are paid from the same funds that the associated employees' salaries are paid from, including the General Fund, Water and Sewer Funds.

**G. Component Unit Debt Obligations**

**Englewood Environmental Foundation, Inc.**

As discussed in Note 1, the Englewood Environmental Foundation, Inc. (EEF), a separate legal entity, was created in 1997.

An analysis of changes in long-term obligations for the year ended December 31, 2019 follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Certificates of Participation:					
Series 2015 Refunding	\$ 6,813,000	\$ -	\$ 1,309,000	\$ 5,504,000	\$ 1,329,000

The detail of the EEF's long-term debt is as follows:

On August 11, 2015, the EEF issued \$10,650,000 Refunding Certificates of Participation, Series 2015, to provide resources to redeem all outstanding Series 2005 Certificates of Participation. This debt was originally issued in 1998 to finance the acquisition and renovation of an existing building for use as a Civic Center (the leased property) and the construction of various public improvements adjacent to the Civic Center. The Series 2015 Certificates of Participation bear an interest rate of 2.12% and have a final maturity of June 1, 2023. The principal and interest payments are made on June 1<sup>st</sup> and December 1<sup>st</sup> each year.

The EEF's long-term debt service obligations are as follows:

	<b>Certificates of Participation</b>		
	Principal	Interest	Total
2020	\$ 1,329,000	\$ 102,597	\$ 1,431,597
2021	1,363,000	74,062	1,437,062
2022	1,394,000	44,838	1,438,838
2023	1,418,000	15,031	1,433,031
Total	<u>\$ 5,504,000</u>	<u>\$ 236,528</u>	<u>\$ 5,740,528</u>

At December 31, 2019, the EEF has recorded a lease receivable for \$5,473,232. As the City remits the base rentals required by the lease purchase agreement, the EEF will reduce the lease receivable by the principal amount of the base rentals and record lease interest income for the interest portion of the base rentals (see Note 2.E.).

### **Note 3. Other Information**

#### **A. Investment in Joint Venture**

The City participates with the City of Littleton, Colorado in a joint venture for the operation of a wastewater treatment facility ("South Platte Water Renewal Partners" or "Joint Venture"). Control of the Joint Venture vests in a four-member committee, with two members appointed by each City. Each City owns a 50 percent interest in the Joint Venture, and oversight responsibilities are divided equally. The City's investment in the Joint Venture is accounted by the equity method in the Sewer Fund.

Summary audited financial information as of and for the year ended December 31, 2019 follows:

	<u>Total</u>	<u>City's Share</u>
<b>Assets</b>		
Current assets	\$ 2,559,364	\$ 1,279,681
Capital assets, net	<u>93,152,072</u>	<u>46,576,036</u>
Total assets	<u>95,711,436</u>	<u>47,855,717</u>
<b>Liabilities</b>		
Total liabilities	<u>2,237,034</u>	<u>1,118,517</u>
<b>Net position</b>	<u>\$ 93,474,402</u>	<u>\$ 46,737,200</u>
<b>Revenues</b>	\$ 22,057,556	\$ 11,028,778
<b>Expenses</b>	<u>22,416,886</u>	<u>11,208,443</u>
<b>Change in net position</b>	<u>\$ (359,330)</u>	<u>\$ (179,665)</u>

The City's Sewer Fund has reflected a net loss from Joint Venture for \$179,665. This amount includes the City's share of the Joint Venture's net loss of \$3,326,348 less capital contributions from the City to the Joint Venture of \$3,146,683.

Complete financial statements for the Joint Venture may be obtained from City's Department of Finance and Administrative Services.

#### **B. Risk Management**

##### **Property, Liability and Workers' Compensation**

The City is exposed to various risks of loss related to torts; thefts of, damage to and destruction of assets; errors or omissions; injuries to employees; and natural disasters.

The City is insured for property, liability and workers' compensation claims above its deductible amount of \$150,000. The City established a Risk Management Fund (an internal service fund) to account for and finance these risks of loss. For claims in excess of these amounts, the City participates in the Colorado Intergovernmental Risk Sharing Agency (CIRSA). All funds of the City participate in the Risk Management Fund. Amounts payable to the Risk Management Fund are based on historical claims experience. A liability for a claim is established if information indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss is reasonably estimated.

Changes in the balance of claims liabilities during the years ended December 31, 2019 and 2018 are as follows:

	Property & Liability	Workers' Compensation	Totals
Unpaid claims - December 31, 2017	\$ 214,595	\$ 404,108	\$ 618,703
Incurred claims (including claims reserve)	552,511	390,162	942,673
Claim payments	(535,850)	(451,492)	(987,342)
Unpaid claims - December 31, 2018	231,256	342,778	574,034
Incurred claims (including claims reserve)	251,236	278,395	529,631
Claim payments	(302,807)	(375,178)	(677,985)
Unpaid claims - December 31, 2019	\$ 179,685	\$ 245,995	\$ 425,680

#### Colorado Intergovernmental Risk Sharing Agency (CIRSA)

CIRSA is a separate legal entity established by member municipalities pursuant to the provisions of Colorado Revised Statutes and the Colorado Constitution. The City has participated in CIRSA since its inception in 1982.

CIRSA is a joint self-insurance pool created by intergovernmental agreement to provide property, general and automobile liability, workers' compensation and public official's coverage to its members. A seven member Board elected by and from its members governs CIRSA.

Coverage is provided through pooling of self-insured losses and the purchase of excess insurance coverage. CIRSA has a legal obligation for claims against its members to the extent that funds are available in its annually established loss fund and those amounts are available from insurance providers under excess specific and aggregate insurance contracts. Losses incurred in excess of loss funds and amounts recoverable from excess insurance are direct liabilities of the participating members. CIRSA has indicated that the amount of any excess losses would be billed to members in proportion to their contributions in the year such excess occurs, although it is not legally required to do so.

The City has not been informed of any excess losses that may have been incurred by the pool.

#### **Employee Health Care**

##### Medical, accidental death and disability and life insurance

The City provides medical, accidental death and disability and life insurance to employees through commercial insurance with no risk of loss to the City.

##### Dental insurance

Dental benefits are entirely self-insured with coverage limited to \$2,000 per covered employee and each eligible dependent per year. In the past three years, there have been no claims that have exceeded this coverage.

The City established the Employee Benefits Fund (an internal service fund) to account for and finance these health benefits. All funds of the City participate in the Employee Benefits Fund. Amounts payable to the Employee Benefits Fund are based on commercial insurance premiums and passed on to the participating funds. A liability for dental claims is established if information indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss is reasonably estimated. Other than current amounts, the City believes the estimated claims liability is not fully measurable, and the City could incur additional costs related to incurred but not reported claims.

#### **C. Commitments and Contingencies**

##### **Legal Proceedings**

A number of claims are presently pending against the City. The City is denying the allegations and is defending against them. Although the eventual outcome of these matters cannot be predicted, it is the opinion of management, based upon advice of legal counsel, that the City's ultimate liability is not expected to have a material effect on the City's financial position.

### **Federally Assisted Grant Programs**

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

### **D. Employee Retirement Systems and Pension Plans**

Eligible City employees are covered by one of six retirement plans; participation depends on occupation and date of hire, as follows:

#### **Defined Benefit Retirement Plans**

Nonemergency Employees Retirement Plan (NERP) - Defined Benefit

Police Officers Statewide Defined Benefit (SWDB) Plan (FPPA)

Police Officers Statewide Hybrid Pension (SWH) Plan (FPPA)

Police Officers Statewide Hybrid Pension Plan - Defined Benefit Component

Police Officers Statewide Hybrid Pension Plan - Money Purchase Component

Police Officers Pension Plan (Old Hire) - Defined Benefit (FPPA)

Firefighters Pension Plan (Old Hire) - Defined Benefit (FPPA)

Volunteer Firefighters Plan - Defined Benefit (FPPA)

#### ***Nonemergency Employees Retirement Plan (NERP)***

**Plan Description** - The Nonemergency Employees Retirement Plan (NERP) is a defined benefit, single-employer plan. The plan was established by the City for employees other than management staff, mid-managers, supervisors, confidential employees, police officers and firefighters. Employees hired into this group are offered the choice of joining the NERP plan, or the Nonemergency Employees Money Purchase Plan (NEMP), which is discussed later in this section. The Plan is governed by the City and administered by a Retirement Board composed of seven members, two are elected from the membership of the Plan by its members, one board member is elected from the City Council by the City Council, three board members are elected from registered voters of the City by City Council and the final member is the Director of Finance and Administrative Services. The plan does not publish a separate stand-alone report, but is reported in the financial statements as a Pension Trust Fund.

The Englewood Municipal Code establishes Member benefits and other Plan provisions and are summarized as follows: The City reserves the right to alter, amend, or terminate the Plan or any part thereof provided that no such alteration or amendment shall provide that the retirement benefit payable to any retired member shall be less than that provided by the member's accumulated contributions or affect the right of any member to receive a refund of his or her accumulated contributions and shall not directly or indirectly reduce any member's accrued pension. Additionally, no alteration or termination of the Plan or any part thereof shall permit any part of the fund to revert to or be recoverable by the City or be used for or diverted to purposes other than the exclusive benefit of members, retired members, vested members or beneficiaries. Further, no amendment shall cause the elimination of an optional form of benefit or the elimination of an early retirement benefit that continues after retirement.

The Plan includes a Deferred Retirement Option Plan (DROP). This option allows a member who has attained age and service requirements to begin receiving retirement benefits while continuing employment. The retirement benefits are used to fund a separate self-directed, deferred retirement account. The member contracts with the City for the member-determined period of time not to exceed three years at which time employment terminates. The benefit payments are held in a separate account administered by a third party outside of the Plan. The member is permitted distribution from the separate account only upon death or termination of employment. The member may terminate employment at any time prior to the designated termination date.

**Description of Benefits** - Benefits for retired Members begin on the first day of the month following termination or other eligibility. Members of this plan are eligible for normal retirement benefits after age 65 or earlier if eligible under the Rule of 88 (members who have attained age 55 where age combined with their years of credited service equals or exceeds 88). A Member can elect a monthly benefit for life and for a minimum of ten years for the members and his or her beneficiaries, based on 1.5% of their final average monthly compensation multiplied by their years of credited service. Alternate actuarially equivalent payment options may be selected. Average monthly compensation equals to 1/36th of the 36 highest paid consecutive months during the last ten years of the employee's eligibility.

Members who receive long-term disability benefits continue to accrue years of service credits and are eligible to receive retirement benefits on the first day of the month following the normal retirement age. Benefits are based on the credited service the employee accrues during the period of time he or she receives the City's long-term disability.

If a pre-retirement member dies prior to reaching normal retirement and has five or more years of credited service, the surviving spouse will receive 50% of the monthly accrued benefit for life. If the member is not survived by a spouse, the designated beneficiary will receive 50% of the monthly benefit for ten years. Payments commence on the first day of the month following the later of the member's death, or the date the member would have attained age 55. Members vest after five years of credited service with the City.

The Plan does not provide for automatic benefit increases. Ad hoc retirement benefit increases must be approved by formal action of the City Council. Ad hoc retirement increases are granted only if funds are available and do not violate TABOR provisions restricting incurring multiple year obligations without a vote.

**Contributions** - The Englewood Municipal Code requires the City to provide funds necessary to pay Member benefits as actuarially determined. The City expects to continue contributing to the plan, but assumes no responsibility to do so in the future and reserves the right to suspend or to reduce contributions at any time. The total contribution amount to fund the Plan has been historically determined by annual actuarial studies that determine the contribution based on a percentage of eligible compensation. Effective December 31, 2012 each Member shall contribute three percent (3%) of their Compensation to the Plan, as a portion of the actuarially required contribution, by means of payroll deduction for the periods the Member earns Credited Service. If a non-vested Member leaves employment prior to vesting and his or her Accumulated Contributions are more than \$1,000, the former Member may request a refund or rollover the funds to a qualified plan. If the Members Accumulated Contributions are less than \$1,000 the Member is allowed the opportunity to rollover the funds within 30 days or the Accumulated Contributions will be distributed to the former Member.

**Investment policy** - The Plan's investment policy is established and administered by the Board and can be amended by a majority vote of its members. It is the policy of the board to pursue an investment strategy that reduces risk by diversifying the portfolio across a broad range of asset classes. The following was the Board's adopted asset allocation policy as of December 31, 2019:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return</u>
Domestic Fixed Income	18.0%	2.8%
Domestic Equity	28.0%	7.0%
International Equity	17.0%	8.0%
High Yield Fixed Income	3.0%	4.5%
Real Estate	10.0%	7.0%
Commodities	5.0%	4.5%
Other	19.0%	4.5%
Total	<u>100%</u>	

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred inflows of Resources Related to Pensions** - At December 31, 2019, the City reported a net pension liability of \$6,897,619. The net pension liability was measured as of December 31, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2019, and standard update procedures were used to roll forward the total pension liability to December 31, 2019.

For the year ended December 31, 2019, the City recognized pension expense of \$1,065,877. At December 31, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Net difference between expected and actual investment earnings	\$ -	\$ (1,110,571)
Net difference in expected and actual experience	8,586	-
Total	<u>\$ 8,586</u>	<u>\$ (1,110,571)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Year ended December 31:**

2020	\$ (401,034)
2021	(258,208)
2022	243,552
2023	(686,295)
2024	-
Total	<u>\$ (1,101,985)</u>

**Actuarial Assumptions** - The January 1, 2019 actuarial valuation was used to determine the Actuarially Determined Contribution for the fiscal year ending December 31, 2019. The valuation used the following actuarial assumption and other inputs:

**Rate of return** - For the year ended December 31, 2019 the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 16.86%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. Long-term expected rate of return was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed.

**Discount Rate** - The discount rate of 6.5% was used to measure the total pension liability. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

**Sensitivity of the net pension liability to the single discount rate** - The following table presents the plan's net pension liability, calculated using the discount rate of 6.5% as well as the effect on net pension liability if the discount rate was 1% lower or 1% higher than the current rate:

	<u>1% Decrease (5.5%)</u>	<u>Discount Rate (6.5%)</u>	<u>1% Increase (7.5%)</u>
Net pension liability	\$ 11,381,626	\$ 6,897,619	\$ 3,080,186

**Net pension liability of the Plan** - The components of the net pension liability of the Plan at December 31, 2019 were as follows:

Total pension liability	\$ 44,469,994
Plan fiduciary net position	<u>(37,572,375)</u>
Plan net pension liability	<u>\$ 6,897,619</u>

Plan fiduciary net position as a percentage of total liability 84.49%

Administrative costs of the plan, if not paid by the City, are paid from the Plan. There are no investments in, loans to, or leases with parties related to the plan.

## ***Police Officers Statewide Defined Benefit Pension Plan (SWDB) and Statewide Hybrid Plan (SWH)***

**Plan Description** - The Statewide Defined Benefit Plan (SWDB) is a cost-sharing multiple-employer defined benefit pension plan. The Statewide Hybrid Plan (SWH) is a cost-sharing multiple-employer combination defined benefit and money purchase pension plan. The Plans are administered by the Fire & Police Pension Association of Colorado (FPPA). FPPA issues a publicly available comprehensive annual financial report that can be obtained on FPPA's website at <http://www.fppaco.org>.

### **Description of Benefits**

*SWDB Plan* - A member is eligible for a normal retirement pension once the member has completed twenty-five years of credited service and has attained the age of 55.

The annual normal retirement benefit is 2 percent of the average of the member's highest three years' base salary for each year of credited service up to ten years, plus 2.5 percent for each year of service thereafter. The benefit earned prior to January 1, 2007 for members of affiliated Social Security employers will be reduced by the amount of Social Security income payable to the member annually. Effective January 1, 2007, members currently covered under Social Security will receive half the benefit when compared to the Statewide Defined Benefit Plan. Benefits paid to retired members are evaluated and may be re-determined every October 1. The amount of any increase is based on the FPPA Board's discretion and can range from 0 to the higher of either 3 percent or the yearly change in the Consumer Price Index.

A member is eligible for an early retirement at age 50 or after 30 years of service. The early retirement benefit equals the normal retirement benefit reduced on an actuarially equivalent basis. Upon termination, an employee may elect to have member contributions, along with 5 percent as interest, returned as a lump sum distribution. Alternatively, a member with at least five years of accredited service may leave contributions with the Plan and remain eligible for a retirement pension at age 55 equal to 2 percent of the member's average highest three years' base salary for each year of credited service up to ten years, plus 2.5 percent for each year of service thereafter.

*SWH Plan* - A member is eligible for a normal retirement pension once the member has completed twenty-five years of credited service and has attained the age of 55.

The annual normal retirement benefit is 1.5 percent of the average of the member's highest three years' base salary for each year of credited service. Benefits paid to retired members are evaluated and may be re-determined every October 1. The amount of any increase is based on the Board's discretion and can range from 0 to 3 percent.

A member is eligible for an early retirement at age 50 or after 30 years of service. The early retirement benefit equals the normal retirement benefit reduced on an actuarially equivalent basis. Upon termination, an employee may elect to have member contributions, along with 5 percent as interest, returned as a lump sum distribution. Alternatively, a member with at least five years of accredited service may leave contributions with the Plan and remain eligible for a retirement pension at age 55 equal to 1.5 percent of the member's average highest three years' base salary for each year of credited service.

Both the *SWDB Plan* and *SWH Plan* include a Deferred Retirement Option Plan (DROP). A member may elect to participate in the DROP after reaching eligibility for normal retirement, early retirement, or vested retirement and age 55. A member can continue to work while participating in the DROP, but must terminate employment within 5 years of entry into the DROP. The member's percentage of retirement benefit is determined at the time of entry into the DROP. The monthly payments that begin at entry into the DROP are accumulated in a DROP account until the member terminates service, at which time the DROP accumulated benefits can be paid as periodic installments, a lump sum, or if desired a member may elect to convert the DROP to a lifetime monthly benefit with survivor benefits. While participating in DROP, the member continues to make pension contributions, which are credited to the DROP. Effective January 1, 2003, the member shall self-direct the investments of their DROP funds.

### **Contributions**

*SWDB Plan* - The Plan sets contribution rates at a level that enables all benefits to be fully funded at the retirement date of all members. Contribution rates for the SWDB plan are set by state statute. Employer contribution rates can only be amended by state statute. Member contribution rates can be amended by state statute or election of the membership.

Members of the SWDB plan and their employers contributed at a rate of 8 percent of base salary for a total contribution rate of 16 percent through 2015. In 2015, the members elected to increase the member contribution

rate to the SWDB plan beginning in 2016. Member contribution rates increase 0.5 percent annually through 2022 to a total of 12 percent of base salary. Employer contributions will remain at 8 percent resulting in a combined contribution rate of 20 percent in 2022. Employees contributed 10.5 percent of base salary for the year ended December 31, 2019 and the City contributed 8 percent or \$195,398.

Contributions from members and employers of departments re-entering the system are established by resolution and approved by the FPPA Board of Directors. The re-entry group has a combined contribution rate of 22 percent of base salary through 2018. It is a local decision as to whether the member or employer pays the additional 4 percent contribution. Per the 2014 member election, the re-entry group will also have their required member contribution rate increase 0.5 percent annually beginning in 2015 through 2022 for a total combined member and employer contribution rate of 24 percent in 2022. Employees contributed 12.5 percent of base salary for the year ended December 31, 2019 and the City contributed 10 percent or \$304,092.

*SWH Plan* - The Plan sets contribution rates at a level that enables all benefits to be fully funded at the retirement date of all members. The members of the plan and their employers are currently each contributing at the rate determined by the individual employer, however, the rate for both employer and members must be at least 8 percent of the member's base salary. The 2019 contribution rates for both employee and employer were 10%. The amount allocated to the Defined Benefit Component is set annually by the Fire & Police Pension Association Board of Directors. Excess contributions fund the Money Purchase Component of the plan. The Defined Benefit component contribution rate is 14.8%. Members and the City each contributed \$18,017 in 2019.

Within the Money Purchase Component, members are always fully vested in their own contributions, as well as the earnings on those contributions. Vesting in the employer's contributions within the Money Purchase Component, and earnings on those contributions occurs according to the vesting schedule set by the plan document at 20 percent per year after the first year of service to be 100 percent vested after 5 years of service. Employer and member contributions are invested in funds at the discretion of members. Any forfeitures are used to cover a portion of the SWH's administrative expenses.

**Basis of Presentation** - The underlying financial information used to prepare the Schedule of Employer Contributions and Schedule of Collective Pension Amounts is based on FPPA's financial statements. FPPA follows the accounting principles and reporting guidelines as set forth by the Governmental Accounting Standards Board. The financial statements are prepared using the accrual basis of accounting and reflect the overall operations of FPPA. Employer contributions in FPPA's financial statements are recognized in the period in which they are due. Investments are reported at fair value.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred inflows of Resources Related to Pensions** - At December 31, 2019, the City reported a net pension asset of \$1,118,317 for its proportional share of the net pension asset of the SWDB Plan and net pension liability of \$150,629 for its proportional share of the net pension asset of the SWH Plan. The net pension asset and liability were measured as of December 31, 2018, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2019. The City's proportion of the net pension asset and liability were based on a projection of the City's contributions to the Plans relative to the projected contributions of all participating entities.

At December 31, 2018, the City's SWDB proportion was 0.8845 percent, which was a decrease of 0.0009 percent from its proportion measured as of December 31, 2017. At December 31, 2018, the City's SWH proportion was 1.0912 percent, which was a decrease of 0.0044 from its proportion measured as of December 31, 2017.

For the year ended December 31, 2019, the City recognized pension (income)/expense for the SWDB Plan and SWH Plan of \$(412,382) and \$71,170 respectively.

At December 31, 2019, for the SWDB plan, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Contribution Timing	\$ 499,491	\$ -
Net difference between expected and actual investment earnings	551,968	-
Difference in expected and actual experience	1,253,053	(9,793)
Changes in assumptions	949,907	-
Changes in proportion	35,104	(126,375)
Total	<u>\$ 3,289,523</u>	<u>\$ (136,168)</u>

The City's contributions to the SWDB Plan subsequent to the measurement date of \$499,491 will be recognized as a decrease to the net pension liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Year ended December 31:**

2020	\$	461,670
2021		393,562
2022		649,407
2023		317,557
2024		312,884
Thereafter		771,534
Total	\$	<u>2,906,614</u>

At December 31, 2019, for the SWH plan, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Contribution Timing	\$ 17,392	\$ -
Investment earnings	20,927	-
Difference in expected and actual experience	84,926	-
Changes in assumptions	18,013	-
Changes in proportion	46,025	(6,817)
Total	<u>\$ 187,283</u>	<u>\$ (6,817)</u>

The City's contributions to the SWH Plan subsequent to the measurement date of \$18,017 will be recognized as an increase to the net pension asset in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Year ended December 31:**

2020	\$	40,120
2021		38,001
2022		38,001
2023		30,976
2024		5,747
Thereafter		10,229
Total	\$	<u>163,074</u>

**Actuarial Assumptions** - The January 1, 2019 actuarial valuation was used to determine the total pension liability. The valuation used the following actuarial assumptions and other inputs:

Inflation	2.50%
Projected Salary Increases	4.25%-11.25%
Investment rate of return, net of plan investment expenses, including inflation	7.00%
Cost of living adjustments (COLA)	0.00%

The collective total pension liability as of December 31, 2019 is based upon the January 1, 2019 actuarial valuation.

Long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return</u>
Global equity	37.0%	8.03%
Equity Long/Short	9.0%	6.45%
Illiquid Alternatives	24.0%	10.00%
Fixed Income	15.0%	2.90%
Absolute Return	9.0%	5.08%
Managed Futures	4.0%	5.35%
Cash	2.0%	2.52%
Total	100%	

**Discount Rate** - The discount rate used to measure the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rates under Colorado statutes. Based on those assumptions, the Plan's fiduciary net pension was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate at the prior measurement date was 7.5 percent.

**Sensitivity of the City's net pension liability to changes in the discount rate** - The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.0 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.0 percent) or 1-percentage-point higher (8.0 percent) than the current rate:

	<u>1% Decrease (6.0%)</u>	<u>Discount Rate (7.0%)</u>	<u>1% Increase (8.0%)</u>
City's proportionate share of the SWDB net pension liability (asset)	\$ 4,336,698	\$ 1,118,317	\$ (1,551,272)
	<u>1% Decrease (6.5%)</u>	<u>Discount Rate (7.5%)</u>	<u>1% Increase (8.5%)</u>
City's proportionate share of the SWH net pension liability (asset)	\$ (73,860)	\$ (150,629)	\$ (214,987)

**Pension plan fiduciary net position** - Detailed information about the pension plan's fiduciary net position is available in the separately issued FPPA financial report, which may be obtained at [www.fppaco.org](http://www.fppaco.org).

#### **Police Officers Pension Plan – (Old Hire)**

**Plan Description** - The Police Officers Pension Plan is a defined benefit, agent multiple-employer plan established for Police Officers hired prior to April 8, 1978. All plan members are retired. The plan is affiliated with the Colorado Fire and Police Pension Association (FPPA). Assets of the plan are commingled for investment purposes in the Fire and Police Member's Benefit Fund, an agent multiple-employer defined benefit pension plan administered by FPPA. Police Officers hired after April 8, 1978 are covered under a 401(a) defined contribution plan administered by ICMA-RC.

Members of this plan attain normal retirement age when they are 55 years old and have completed 20 years of credited service with the City or when they have completed 25 years of credited service at any age. Members eligible for normal retirement will receive a monthly pension equal to 2-1/2% of final monthly base pay times the first 20 years of service plus 1% of final monthly base pay for each additional year of service up to a maximum of 65% of the final twelve months average pay including longevity.

If a retired police officer dies, the surviving spouse receives, until death or remarriage, a monthly pension equal to one half of the amount the officer was entitled to receive prior to death plus one-eighth of such monthly benefit for each dependent child under age 16. If there is no surviving spouse or children, the benefit is payable to a dependent parent or parents. If there are two dependent parents, the benefit is divided equally.

Police officers who leave the City prior to vesting in the plan receive a refund with interest. Vested officers may receive a refund of their contributions or may remain in the plan. The authority under which benefit provisions are established or amended are provided within Colorado Revised Statutes (CRS 31—30.5-210). City Council, 65% of active plan members and the Board of Directors of the Colorado Fire and Police Pension Association must approve plan amendments. Any modification must maintain or enhance the actuarial soundness of the plan and cannot adversely affect the benefits of members.

The Plan is administered by a Retirement Board composed of seven members, three are elected from the membership of the Plan by its members, two board members are appointed from registered voters of the City by City Council, one member is the City's Mayor and the final member is the Director of Finance and Administrative Services.

The plan does not provide for automatic benefit increases. Ad hoc retirement benefit increases must be approved by the City Council, as funds are available and subject to TABOR provisions restricting incurring multiple year obligations, without to a vote.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred inflows of Resources Related to Pensions** - At December 31, 2019, the City reported a net pension liability of \$4,017,874. The net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2018.

For the year ended December 31, 2019, the City recognized pension expense \$364,383. At December 31, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Contribution Timing	\$ 445,045	\$ -
Investment earnings	159,037	-
Total	<u>\$ 604,082</u>	<u>\$ -</u>

The City's contributions to the Plan subsequent to the measurement date of \$445,045 will be recognized as a decrease to the net pension liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year ended December 31:</b>	
2020	\$ 72,917
2021	22,505
2022	3,976
2023	59,639
Thereafter	-
Total	<u>\$ 159,037</u>

**Actuarial Assumptions** - The January 1, 2018 actuarial valuation was used to determine the total pension liability for the fiscal year ending December 31, 2019. The valuation used the following actuarial assumptions and other inputs:

Long-term investment rate of return	7.50%
Municipal bond rate	3.71%

There were no changes in actuarial assumptions.

Long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return</u>
Cash	2.0%	2.5%
Fixed Income	15.0%	2.9%
Managed Futures	4.0%	5.4%
Absolute Return	9.0%	5.1%
Long Short	9.0%	6.5%
Global Public Equity	37.0%	8.3%
Private Capital	24.0%	10.0%
Total	100%	

**Discount Rate** - The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rates under Colorado statutes. Based on those assumptions, the plan fiduciary net pension was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the City's net pension liability to changes in the discount rate** - The following presents the City's net pension liability calculated using the discount rate of 7.5 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

	<u>1% Decrease (6.5%)</u>	<u>Discount Rate (7.5%)</u>	<u>1% Increase (8.5%)</u>
Police Officers (Old Hire) net pension liability	\$ 4,649,526	\$ 4,017,874	\$ 3,469,220

**Pension plan fiduciary net position** - Detailed information about the pension plans fiduciary net position are available in the separately issued FPPA financial report which can be obtained at [www.fppaco.org](http://www.fppaco.org).

***Firefighters Pension Plan (Old Hire)***

**Plan Description** - The Firefighters Pension Plan is a defined benefit, agent multiple-employer plan established for firefighters hired prior to April 8, 1978. All plan members are retired. The Plan is affiliated with the Colorado Fire and Police Pension Association (FPPA). Assets of the Plan are commingled for investment purposes in the Fire and Police Member's Benefit Fund, an agent multiple-employer defined benefit pension plan administered by FPPA.

Normal retirement for firefighters is 50 years of age and with 20 years of credited service. The monthly benefit equals 2 1/2% of final monthly base pay times 20 for the first 20 years of service plus 1% of final monthly base pay for each additional year of service up to a maximum of 65% of final monthly base pay. Alternate actuarially equivalent payment options may be selected.

If a retired firefighter dies, the surviving spouse shall receive, until death or remarriage, a monthly pension equal to the greater of: (a) one-third of the salary of a first grade firefighter at the time of retirement or (b) 50% of the monthly amount received by the participant at his death; plus \$30 per month for each dependent child under age 18.

Firefighters vest after five years with the City. Firefighters who terminate prior to fully vesting receive their contributions with interest. Vested Members who terminate may elect to leave their contributions in the Plan and be eligible for a deferred retirement pension payable at age 50.

The authority under which benefit provisions are established or amended are provided within Colorado Revised Statutes (CRS 31-30.5-210). The City Council, 65% of active Plan Members and the Board of Directors of the Colorado Fire and Police Pension Association must approve Plan amendments. Any modification must maintain or enhance the actuarial soundness of the plan and cannot adversely affect the benefits of Members.

The Plan is administered by a Retirement Board composed of seven members, three are elected from the membership of the Plan by its members, two board members are appointed from registered voters of the City by City Council, one member is the City's Mayor and the final member is the Finance Director.

The Plan does not provide for automatic benefit increases. Ad hoc retirement benefit increases must be approved by the City Council, as funds are available and subject to TABOR provisions restricting incurring multiple year obligations, without a vote.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred inflows of Resources Related to Pensions** - At December 31, 2019, the City reported a net pension liability of \$2,749,114. The net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2018.

For the year ended December 31, 2019, the City recognized pension expense \$295,566. At December 31, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Contribution Timing	\$ 286,886	\$ -
Investment earnings	217,457	-
Total	<u>\$ 504,343</u>	<u>\$ -</u>

The City's contributions to the Plan subsequent to the measurement date of \$286,886 will be recognized as a decrease to the net pension liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Year ended December 31:**

2020	\$ 102,120
2021	30,132
2022	3,890
2023	81,285
Total	<u>\$ 217,427</u>

**Actuarial Assumptions** - The January 1, 2018 actuarial valuation was used to determine the total pension liability for the fiscal year ending December 31, 2019. The valuation used the following actuarial assumptions and other inputs:

Long-term investment rate of return	7.50%
Municipal bond rate	3.71%

There were no changes in actuarial assumptions.

Long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return</u>
Cash	2.0%	2.5%
Fixed Income	15.0%	2.9%
Managed Futures	4.0%	5.4%
Absolute Return	9.0%	5.1%
Long Short	9.0%	6.5%
Global Public Equity	37.0%	8.3%
Private Capital	24.0%	10.0%
Total	<u>100%</u>	

**Discount Rate** - The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rates under Colorado statutes. Based on those assumptions, the plan fiduciary net pension was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the City's net pension liability to changes in the discount rate** - The following presents the City's net pension liability calculated using the discount rate of 7.5 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.5 percent) or 1 percentage-point higher (8.5 percent) than the current rate:

	<u>1% Decrease (6.5%)</u>	<u>Discount Rate (7.5%)</u>	<u>1% Increase (8.5%)</u>
Firefighters (Old Hire) net pension liability	\$ 3,320,665	\$ 2,749,114	\$ 2,245,382

**Pension plan fiduciary net position** - Detailed information about the pension plans fiduciary net position are available in the separately issued FPPA financial report which can be obtained at [www.fppaco.org](http://www.fppaco.org).

***Volunteer Firefighters Pension Plan***

**Plan Description** - The Volunteer Firefighters Pension Plan is a defined benefit, agent multiple-employer plan affiliated with the Colorado Fire and Police Pension Association (FPPA). All plan members are retired. Assets of the Plan are commingled for investment purposes in the Fire and Police Member's Benefit Fund, an agent multiple-employer defined benefit pension Plan administered by FPPA.

The Plan is administered by a Retirement Board composed of seven members, three are elected from the membership of the Plan by its members, two board members are appointed from registered voters of the City by City Council, one member is the City's Mayor and the final member is the Director of Finance and Administrative Services.

**Description of Benefits** - The Plan provides retirement benefits for Members and beneficiaries according to Plan provisions as enacted and governed by the Firefighters Pension Board. Colorado Revised Statutes (CRS), as amended, establishes basic benefit provisions under the Plan. The monthly benefit amount for retirees and beneficiaries are \$450 and \$225, respectively. All plan members are retired.

**Contributions** - Funding for the Police Officers (Old Hire), Firefighters (Old Hire) and Volunteer Firefighter pension plans are provided within the Plan documents and Colorado statutes that state the City shall contribute to the fund to the extent necessary to finance the benefits provided by the plan on a sound actuarial basis. The City contributes to the Plans at a rate determined by an actuarial study done at least every three (2) years. The

required contributions are paid annually from general revenues of the City into the Plans. The contribution amounts for the plan have been historically determined by biennial actuarial studies.

Administrative costs of the plans are paid from the pension funds per (CRS 31—30.5-204(3)). There are no investments in, loans to or leases with parties related to the Plan.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred inflows of Resources Related to Pensions** - At December 31, 2019, the City reported a net pension liability of \$49,636. The net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2019.

For the year ended December 31, 2019, the City recognized pension income of \$4,320. At December 31, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Contribution Timing	\$ 13,796	\$ -
Investment earnings	1,233	-
Total	<u>\$ 15,029</u>	<u>\$ -</u>

The City's contributions to the Plan subsequent to the measurement date of \$13,796 will be recognized as an increase to the net pension asset in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Year ended December 31:**

2020	\$ 863
2021	150
2022	(139)
2023	359
Total	<u>\$ 1,233</u>

**Actuarial Assumptions** - The January 1, 2019 actuarial valuation was used to determine the total pension liability for the fiscal year ending December 31, 2019. The valuation used the following actuarial assumptions and other inputs:

Long-term investment rate of return	7.00%
Municipal bond rate	3.71%

Assumption changes: Investment rate of return changed from 7.5% to 7%  
Mortality rate tables were changed from RP-2014 to MP-2017

Long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return</u>
Cash	2.0%	2.5%
Fixed Income	15.0%	2.9%
Managed Futures	4.0%	5.4%
Absolute Return	9.0%	5.1%
Long Short	9.0%	6.5%
Global Public Equity	37.0%	8.3%
Private Capital	24.0%	10.0%
Total	<u>100%</u>	

**Discount Rate** - The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rates under Colorado statutes. Based on those assumptions, the plan fiduciary net pension was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the City's net pension liability to changes in the discount rate** - The following presents the City's net pension liability calculated using the discount rate of 7.0 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

	<b>1% Decrease (6.0%)</b>	<b>Discount Rate (7.0%)</b>	<b>1% Increase (8.0%)</b>
Volunteer Firefighters net pension liability	\$ 53,576	\$ 49,636	\$ 46,121

**Pension plan fiduciary net position** - Detailed information about the pension plans fiduciary net position are available in the separately issued FPPA financial report which can be obtained at [www.fppaco.org](http://www.fppaco.org).

Changes in net pension liability / (asset) for the City's single-employer Nonemergency Pension Plan and the City's Police Officer, Firefighter and Volunteer Firefighter agent multiple-employer plans are listed below:

	<b>Nonemergency Plan</b>	<b>Police Officer Old Hire Plan</b>	<b>Firefighter Old Hire Plan</b>	<b>Volunteer Firefighter Plan</b>

### **Defined Contribution Retirement Plans**

ICMA-RC Money Purchase Management Plan - Defined Contribution  
 Nonemergency Employees Money Purchase Plan (NEMP) - Defined Contribution  
 ICMA-RC Money Purchase Police Plan - Defined Contribution

#### ***ICMA-RC Money Purchase Management Plan***

The City provides a 401(a) defined contribution plan for City management staff employees. The City contributes 10% percent of each eligible employee's base salary, and each eligible employee contributes 6% of base salary. The Plan is administered by ICMA-RC. Management staff is eligible to participate upon employment, and all contributions vest immediately.

#### ***NonEmergency Employees Money Purchase Plan (NEMP)***

In December 1987, a majority of the employees classified as mid-managers, supervisors and confidential (MSC) who were covered by the NonEmergency Employees Retirement Plan (NERP) requested the creation of a 401(a) defined contribution plan. Because of this request, the NEMP was formed. The NEMP is administered by ICMA-RC. All employees promoted into the MSC are offered the choice of remaining in the NERP, or joining the NEMP. All eligible new hire MSC employees join the NEMP. The City contributes 7% of each employee's base salary to the Plan, and each eligible employee contributes 3% of base salary. The City's contributions and account earnings begin to vest when the employee has two years of service, and are fully vested after five years of service. The City's contributions and earnings for the employees who leave employment prior to fully vesting are used to reduce the City's NEMP contribution requirement.

If a promoted employee with less than five years of credited service elects to join the NERP plan, the employee immediately vests in the accrued benefit of the NERP and continues to accrue credited service towards vesting in the NEMP.

#### ***ICMA-RC Money Purchase Police Plan (Police 401a)***

Under the State of Colorado Fire and Police Pension Plan's provision in the state statutes, the City established a 401(a) defined contribution plan for all police officers hired on or after April 8, 1978. This Plan is administered by ICMA-RC. The Police Officers eligible for the Police 401a were given a one-time option in 2013 to elect a plan from FPPA or remain in the Police 401a. No new Members are permitted after May 20, 2013. The City and qualified employees each contribute 10% of the employee's base salary. In a defined contribution plan, benefits depend solely on amounts contributed to the Plan plus investment earnings. Employee participation begins on their date of employment. The City's contributions for each employee (and earnings allocated to the employee's account) begin to vest when the employee has three years of service, and are fully vested after seven years of

service. Non-vested City contributions and earnings thereon for employees who leave employment before seven years of service are used to reduce the City's contribution requirement.

The authority to amend the provisions of the three defined contribution plans lies within the respective plan documents, which state that the City Council may amend the terms of the plan provided that active or retired Members' benefits are not adversely affected.

There are no investments in, loans to, or leases with parties related to the plans. The plans are financed on a pay-as-you-go basis with the expected benefits being budgeted annually within the General Fund and other funds according to personnel assignments.

Required employer and employee contributions for the year ended December 31, 2019, are presented below:

	<b>City</b>			
	<b>Management</b>	<b>NEMP</b>	<b>Police</b>	
Employers required, which equal actual contributions:				
Amount	\$ 171,728	\$ 966,608	\$ 102,873	
As a percent of covered payroll	10.00%	7.00%	10.00%	
Employees required, which equal actual contributions:				
Amount	\$ 103,037	\$ 414,261	\$ 102,873	
As a percent of covered payroll	6.00%	3.00%	10.00%	

#### **Other - Deferred Compensation and Disability Benefits**

The City has a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan is administered by ICMA-RC. Participation in the Plan is optional for all employees. The Plan allows employees to defer a portion of their salary until future years. All plan assets are held in trust for the exclusive benefit of the participants.

**Police and Firefighters Disability Benefits.** Statewide Death and Disability Plan is a cost-sharing multiple employer defined benefit plan administered by the Fire and Police Pension Association of Colorado that provides benefits for all the City's police officers. The Plan is noncontributory for those hired prior to January 1, 1997. For employees hired subsequent to January 1, 1997, the City and employee each contribute 1.35% of covered salary. The coverage is both on and off duty and is for Members who have not met 25 years of accumulated service and age 55. Colorado Statutes, Title 31, Article 31, Part 8, assign the authority to establish benefit provisions to the state legislature. The City Council determines the contribution split between employees and the City. For the year ended December 31, 2019 the City and employees each contributed \$61,848.

FPPA issues a publicly available annual financial report that includes financial statements and required supplementary information for the Statewide Death and Disability Plan that may be obtained on FPPA's website at <http://www.fppaco.org>.

#### **E. Other Postemployment Benefits**

##### **Plan Description**

The City of Englewood Retiree Health Insurance Assistance Plan ("the Retiree Assistance Plan") is a single-employer defined contribution post-employment healthcare plan. The City pays amounts that range from \$50 to \$100 dependent on which employment contract (or policy) the individual was under while employed by the City. The Retiree Assistance Plan does not issue a publicly available financial report.

*Funding Policy.* The plan is financed on a pay-as-you-go basis with the expected benefits being budgeted annually within the General fund and other funds where appropriate. The plan has no assets and is not administered through a trust that meets the criteria in paragraph 4 of GASB statement 75.

##### **Annual OPEB Cost and Net OPEB Liability**

The City's OPEB expense for the year ended December 31, 2019 was \$205,144. No forfeitures are included in this OPEB expense amount.

Total OPEB liability is calculated as follows:

	<u>2019</u>
<b>Total OPEB liability</b>	
Service cost	\$ 86,977
Interest on total OPEB liability	163,386
Changes of assumptions	(223,164)
Benefit payments	<u>(254,649)</u>
<b>Net change in total OPEB liability</b>	<u>(227,450)</u>
<b>Total OPEB liability--beginning</b>	<u>5,019,973</u>
<b>Total OPEB liability--ending</b>	<u>\$ 4,792,523</u>
Covered payroll	\$ 27,676,213
Total OPEB liability as a percentage of covered payroll	17.32%

#### **Note 4. Tax, Spending and Debt Limitations**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations, which apply to the State of Colorado and all local governments.

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% of annual revenue in grants from all state and local governments combined, are excluded from the provisions of TABOR. The City's management believes its Enterprise Funds, as listed in the Table of Contents, qualify for this exclusion. Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On November 4, 1997, a majority of the City's electors authorized the City to collect and spend or retain in a reserve all revenues without regard to any limitations under TABOR. TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. The reserves are reported as restricted net position or fund balance in the financial statements.

The City's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, may require judicial interpretation.

#### **Note 5. Restatement of Prior Period Balances**

The City implemented GASB 75 - Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions

##### **OPEB Liability, and Net Position**

	<b>2018 Balances as Reported</b>	<b>OPEB Liability</b>	<b>2018 Balances as Restated</b>

Net Position	<u>\$ 97,023,182</u>	<u>\$ 946,632</u>	<u>\$ 96,076,550</u>

#### **Note 6. Significant Subsequent Event**

Subsequent to December 21, 2019 the Federal Government and the State of Colorado declared a state of emergency related to the COVID-19 pandemic. While the full extent of the financial impact to the City is not known at this time, the City has suffered some lost revenue and has received some funding through the Federal Cares Act.

These plans were first offered to employees in 2013.

\* The amounts presented for each fiscal year were determined as of 12/31  
Up to 10 years of information will be presented as it becomes available.

See Independent Auditor's Report

**Schedules of Required Supplementary Information**

**Schedule of Changes in Total OPEB Liability and Related Ratios  
for the last 10 fiscal years**

	<u>2019</u>
<b>Total OPEB liability</b>	
Service cost	\$ 86,977
Interest on total OPEB liability	163,386
Changes of assumptions	(223,164)
Benefit payments	(254,649)
<b>Net change in total OPEB liability</b>	<u>(227,450)</u>
<b>Total OPEB liability--beginning</b>	5,019,973
<b>Total OPEB liability--ending</b>	<u>\$ 4,792,523</u>
Covered payroll	\$ 27,676,213
Total OPEB liability as a percentage of covered payroll	17.32%

**Notes to schedule:**

The plan is funded on a pay-as-you-go basis and there are no assets being accumulated in trust to pay benefits.

Changes of assumptions reflect a change in the discount rate each year.

The following are the discount rates used in each period:

2019	3.71%
2018	3.31%

All amounts reported are based on actuarial reports calculated at 12/31 of the previous year.

Up to 10 years of information will be presented as it becomes available.

See Independent Auditor's Report

## CITY OF ENGLEWOOD, COLORADO

### Notes to the Required Supplementary Information December 31, 2019

#### Note 1. Stewardship, Compliance and Accountability

##### A. Budgetary Information

The governmental fund type annual budgets are adopted on a basis consistent with generally accepted accounting principles for all funds except the capital projects funds and certain special revenue funds (Conservation Trust and Open Space Funds), which adopt project-length budgets. The proprietary fund type annual budgets are adopted on a non-GAAP modified accrual budgetary basis. All annual appropriations lapse at year-end. Budgets are not adopted for the pension trust funds.

The appropriated budget is prepared by fund, department, division, and object. The legal level of budgetary control is at the department level for the General Fund and at the fund level for all other legally adopted funds. Supplemental appropriations and transfers of appropriations between departments and/or funds require the approval of the City Council. The City Manager may transfer any unencumbered appropriation from one expenditure classification to another within the same department.

**Note 2. Schedules of Employer Pension Contributions-Actuarial Information**

<b>Police Officers Old Hire Agent-Multiple Employer Pension Plans</b>	
Actuarial valuation date	1/1/2018
Actuarial cost method	Entry Age
Amortization method	Level amount, Open
Remaining amortization period	16 years
Asset valuation method	5 year smoothed market
Actuarial assumptions:	
Investment rate of return	7.5%
Projected salary increases*	N/A
*Includes inflation at	2.5%
Cost of living adjustments	None
Mortality rates were based on the RP-2014 combined healthy annuitant table with future generational improvements using scale	
	BB

<b>Firefighters Old Hire Agent-Multiple Employer Pension Plans</b>	
Actuarial valuation date	1/1/2018
Actuarial cost method	Entry Age
Amortization method	Level amount, Open
Remaining amortization period	14 years
Asset valuation method	5 year smoothed market
Actuarial assumptions:	
Investment rate of return	7.5%
Projected salary increases*	N/A
*Includes inflation at	2.5%
Cost of living adjustments	None
Mortality rates were based on the RP-2014 combined healthy annuitant table with future generational improvements using sc	
	BB

<b>Nonemergency Employees Single Employer Pension Plan</b>	
Actuarial valuation date	1/1/2019
Actuarial cost method	Entry Age
Amortization method	Level amount, Closed
Remaining amortization period	12 years
Asset valuation method	5 year moving average
Actuarial assumptions:	
Investment rate of return	6.5%
Projected salary increases*	2.8-5.8%
*Includes inflation at	2.5%
Cost of living adjustments	None
Mortality rates were based on the RP-2000 combined healthy annuitant table with future generational improvements using scale	
	BB

<b>Volunteer Firefighters Agent-Multiple Employer Pension Plans</b>	
Actuarial valuation date	1/1/2019
Actuarial cost method	Entry Age
Amortization method	Level amount, Open
Remaining amortization period	5 years
Asset valuation method	5 year smoothed market
Actuarial assumptions:	
Investment rate of return	7.00%
Off-Duty mortality rates were based on the MP-2017 with a 50% multiplier	
Off-Duty Blue Collar mortality rates based on the RP-2014 table with a 55% multiplier	
Assumed withdrawal rate of 20% of members age 50 and eligible for a terminated vested benefit	
Changes in actuarial assumptions: Reduce nominal investment assumption from 7.50% to 7.00% Mortality rates now based on the MR-2017 Generational Mortalit Increase withdrawal rates by 10%	

## Nonmajor Governmental Funds

---

### Special Revenue Funds

**Special Revenue Funds** account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

**Conservation Trust Fund** – Accounts for the acquisition of parks and open space land not previously owned by the City and for improvements to existing park and recreation facilities. Financing is provided by State Lottery funds.

**Open Space Fund** – Accounts for the acquisition of parks and open space land not previously owned by the City and for improvements to existing park and recreation facilities. Financing is provided from the Arapahoe County Open Space Sales Tax. The Open Space Tax was originally voter approved on January 1, 2004 and after a voter approved extension will now expire on December 31, 2023.

**Donors Fund** – Accounts for funds donated to the City for various specified activities.

**Community Development Fund** – Accounts for grant funds of the Brownfields Pilot Grants Program administered by the United States Environmental Protection Agency. This fund also accounts for the operations of the *art* circulator shuttle which is funded by the Regional Transportation District.

**Malley Center Trust Fund** – Accounts for a trust established by Elsie Malley to be used for the benefit of the Malley Senior Recreation Center.

**Parks and Recreation Trust Fund** – Accounts for a trust established by the City, financed primarily by donations, to be used exclusively for specific park and recreation projects.

### Debt Service Funds

**Debt Service Funds** account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources.

**General Obligation Bonds Fund** – Accounts for the accumulation of monies for payment of General Obligation Bond principal and interest.

### Capital Projects Funds

**Capital Projects Funds** account for financial resources to be used for the acquisition and/or construction of major capital facilities (other than those financed by proprietary funds).

**Public Improvement Fund** – Accounts for the acquisition and/or construction of major capital improvements and facilities. Financing is provided primarily from building and vehicle use taxes.

**Capital Projects Fund** – Accounts for the acquisition and/or construction of major capital improvements and facilities. Financing is provided primarily with transfers from other City Funds.

## Proprietary Funds

---

### Enterprise Funds

**Enterprise Funds** account for operations (a) that are financed and operated in a manner similar to private business enterprises—where the intent of City Council is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where Council has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

**Water Fund** – Accounts for revenues and expenses associated with providing water services to City of Englewood residents.

**Sewer Fund** – Accounts for revenues and expenses associated with providing wastewater services to the City of Englewood residents and some county residents.

**Golf Course Fund** – Accounts for revenues and expenses associated with the operations of the Englewood Municipal Golf Course.

**Storm Drainage Fund** – Accounts for revenues and expenses associated with maintaining the City's storm drainage system.

**Concrete Utility Fund** – Accounts for revenues and expenses associated with maintaining the City's sidewalks, curbs and gutters.

**Housing Rehabilitation Fund** – Accounts for revenues and expenses associated with the City's housing rehabilitation program.

### Internal Service Funds

**Internal Service Funds** account for the financing of goods or services provided by one department to other departments of the City, and to other governmental units, on a cost reimbursement basis.

**Central Services Fund** – Accounts for the financing of printing services and for maintaining an inventory of frequently used or essential office supplies provided by Central Services to other departments of the City on a cost reimbursement basis.

**ServiCenter Fund** – Accounts for the financing of automotive repairs and services provided by the ServiCenter to other departments of the City, or to other governmental units, on a cost reimbursement basis.

### **Internal Service Funds (continued)**

**Capital Equipment Replacement Fund** – Accounts for the accumulation of funds for the scheduled replacement of City-owned equipment and vehicles.

**Employee Benefits Fund** – Accounts for the administration of providing City employee benefit programs: medical, dental, life, and disability insurance.

**Risk Management Fund** – Accounts for the administration of maintaining property and liability and workers' compensation insurance.

Notes and Comments:

## Statistical Section

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<b><u>Contents</u></b>	<b><u>Page</u></b>
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	152-157
Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue sources: property tax and sales tax.	158-163
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	164-173
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	174-175
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and activities it performs.	176-178

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Note: Property in Colorado is reassessed every two years. Tax rates are per \$1,000 of assessed value. The assessed value of taxable property is determined by multiplying the "actual" value times an assessment ratio. The assessment ratio of residential property changes every two years based on a constitutionally mandated requirement to keep the ratio of the assessed value of commercial property to residential property at the same level as it was in the property tax year commencing January 1, 1985 (the "Gallagher Amendment"). The Gallagher Amendment requires that statewide residential assessed values must be approximately 45% of the total assessed value in the State with commercial and other assessed values making up the other 55% of the assessed values in the State. In order to maintain this 45%/55% ratio, the commercial assessment rate is established at 29% of the actual value of commercial property and the residential assessment rate fluctuates. The assessment rate of residential property by collection year was:

Year	Assessment Rate
2008-2009	7.96%
2010-2011	8.77%
2012-2013	7.96%
2014-2015	7.96%
2016-2017	7.96%
2018-2019	7.20%

**Notes:**

The City's basic property tax rate may be increased only by a majority vote of the City's residents. Rates for debt service are set based on each year's requirements.

Overlapping rates are those governments that apply to property owners within the City of Englewood. Not all overlapping rates apply to all Englewood property owners; for example, although the county rate applies to all City property owners, the rates for the various school districts apply to only property owners whose property is located within that district's geographic boundaries.

Tax rates are per \$1000 of assessed valuation.

**Note:**

Taxes are levied by December 15 of each year and are due and payable on January 1. Taxes may be paid in two equal installments, on or before February 28 and June 15; or in full, on or before April 30. After October 1, delinquent real estate is advertised for sale. The tax sale is held on or about December 1 of each year. Delinquent tax collections, as shown above, may be negative due to tax abatements.

**Notes:** Details of the City's outstanding debt can be found in the notes to the financial statements.

(1) In addition to the \$3,055,000 of 2004 General Obligation Water Bonds, the City issued \$51,126,340 of new loans with the Colorado Water and Power Development Authority in 2004.

In 2009 the City issued an additional \$2,615,000 of General Obligation Water Bonds.

In 2012 a portion of the 2004 General Obligation Water Bond issue was refunded and an additional \$6,730,000 was issued.

(2) See Schedule 17 for personal income and population data.

Total direct and overlapping debt	<u>\$ 1,365,704,258</u>		<u>\$ 215,255,126</u>

**Sources:** Assessed value data used to estimate applicable percentages provided by the Arapahoe County Assessor. Debt outstanding data provided by each governmental entity.

**Note:** Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Englewood. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

On November 6, 2001, a majority of the City's electors voted to change the Home Rule Charter of the City of Englewood by allowing the debt ceiling to be three percent (3%) of **actual** valuation versus three percent (3%) of **assessed** valuation. The entire section (Section 104) of the Charter that establishes the debt margin follows:

Indebtedness and obligations of the City shall be incurred and limited as provided in Article XI of the Constitution of the State of Colorado applicable to towns and cities except as otherwise provided in this Charter. Council shall have power to issue general obligation bonds of the City for any public capital purpose, upon majority vote of the registered electors of the City voting thereon at a special election; provided, however, that water extension and water improvement bonds may be issued without an election upon determination to that effect by Council. The total outstanding general obligation indebtedness of the City, other than for water bonds, shall not at any time exceed three percent (3%) of the actual valuation of the taxable property within the City as shown by the last preceding assessment for tax purposes. Water bonds shall mature and be payable as provided by the ordinance authorizing the issuance of said bonds.

Refer to the Notes to Financial Statements, particularly Note 3F, for detailed information regarding long-term indebtedness of the City.

Future debt issuance may be subject to the Taxpayer's Bill of Rights (TABOR).
