Grading, Erosion, Sediment Control Application

GENERAL REQUIREMENTS

1. The permit issued will authorize grading work only outside of the public right-of-way. In no event does the permit authorize work of any kind, even work of a temporary nature, within the public right-of-way.
2. The issued permit does not alleviate the requirement for other necessary permits such as CDOT permits, Building Permits, State Health, Excavation, or Concrete Permits.
3. A copy of the issued permit shall be kept at the construction site and shall be available upon request for Police, Code Enforcement, or City Representatives.
4. **Permit fee is \$157.50 plus \$63 hourly review fee plus \$52 hourly inspection fee. Work started without an issued permit is subject to an additional \$350.00 fee.**
5. In the event that an inspection fails, the contractor shall be charged \$75.00 for each additional inspection necessary until such time as the City Inspector approves. Engineering Services will mail billing for failed inspections.
6. No open excavations near the Public ROW shall remain overnight without written approval from the City Traffic Division.
7. **All work covered under the permit shall be constructed in accordance with the Englewood Storm drainage Criteria Manual and the approved plans.**
8. If damage occurs to underground facilities, contractor must immediately notify Facilities operator (i.e. gas, water, telecommunications, etc.). If the presence of flammable, toxic or corrosive gas exists, contractor must immediately notify the Facilities operator and call 911, then take immediate action to protect the public and nearby properties.
9. Upon written notice to the contractor, this permit may be revoked or suspended by the City for:
 - A. Major deviation from the approved plans, except for field changes authorized by the Engineer of Record.
 - B. Failure to comply with any special conditions of this permit.
 - C. Violation of any provision of the Englewood Municipal Code or other City ordinance or state law relating to the work.
 - D. Determination of any condition, or performance of any act, constituting or causing a condition endangering life or damage to public or private property.
10. State law requires that you contact the following agencies at least two (2) business days prior to the start of construction:

Utility Notification Center of Colorado	1-800-922-1987
City of Englewood – Public Works Dept.	303-762-2500
City of Englewood – Utility Department	303-762-2635

Permit fee is non-refundable.
