

CONCEPT DESCRIPTION

THEME AND CONCEPT DESCRIPTION:

THIS CONCEPT INCORPORATES REVISED COST EFFECTIVE ELEMENTS. THE PROPOSED SITE ELEMENTS HAVE BEEN LOCATED IN GENERALLY A SIMILAR LOCATION TO THE EXISTING ELEMENTS. VEHICULAR ACCESS HAS BEEN PROPOSED TO BE EXTENDED TO THE PICNIC SHELTER TO ALLOW MAINTENANCE ACCESS TO TRASH RECEPTACLES AND PROPOSED BBQ GRILLS. ADDITIONAL PEDESTRIAN CIRCULATION HAS BEEN INCLUDED SEPARATELY TO ACCESS THE PROPOSED BASKETBALL COURT AND RESTROOMS BY CONNECTING TO ADJACENT EXISTING SITE ELEMENTS.

THEMATIC DETAILS HAVE BEEN INCLUDED IN THIS CONCEPT TO UNIFY THE PROPOSED FEATURES AND TIE THE OVERALL SITE INTO A COHESIVE PARK. FINAL COLORS ON METAL ACCENTS LIKE RESTROOM DOORS, SHELTER POSTS, AND METAL SUPPORTS SHALL MATCH THE EXISTING PLAYGROUND ARBOR ENTRY. SITE FURNISHINGS ARE ALSO INTENDED TO MATCH THE EXISTING SITE ELEMENTS IN BOTH STYLE AND COLOR TO UNIFY THE OVERALL SITE.
