

1000 Englewood Pkwy  
Englewood CO 80110

## EMAP AGREEMENT

THIS AGREEMENT is between \_\_\_\_\_, the owner of \_\_\_\_\_, in the City of Englewood and the City of Englewood's Utilities Department.

WHEREAS: The property listed above is connected to the City of Englewood's water distribution system and is billed for water under the "flat rate schedule"; and

WHEREAS: It is the wish of the owner of the address listed above to transfer to the "metered schedule" of water billing; and

WHEREAS: The owner of the property desires financial assistance for the purchase and/or installation of the water meter;

NOW THEREFORE: The owner of the property listed above understands and agrees to the terms of this agreement as set forth here:

1. This plan assumes a higher flat rate bill than a metered bill.
2. The customer shall have the meter installed without paying for material or labor costs at the time of installation. Those costs are factored into this program.
3. The customer will continue to receive and pay their monthly flat rate bill.
4. Each month the meter will be read and compared to the water portion of the flat rate bill. If the flat rate amount exceeds the metered amount, the difference will be credited towards the meter and installation costs. If the metered amount exceeds the flat rate amount, the amount above the flat rate will be added to the meter and installation costs.
5. Credits will be applied towards the meter and installation costs after the monthly bill is paid in full.
6. The meter and installation costs must be paid in full within 12 months. At that time, any unpaid balance will be added to the next monthly water bill.
7. If the property changes ownership while participating in this program, all remaining costs will be due immediately.

Agreed to this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_.
