Mid-roof Compliance Form

I, _____, an authorized representative of _____,
[NAME] [COMPANY NAME]

hereby certify that the mid-roof requirements listed below were successfully installed during the re-roofing at the address of _____
[PROJECT ADDRESS]

and met all minimal requirements as outlined in Chapter 9 of the International Residential Code. The company name listed above takes full responsibility for this installation.

- The roof sheathing was solid, in good repair, or replaced where applicable.
- Where spaced or board sheathing was installed, no gap tolerances exceeded the allowances as outlined in the manufacturer's specification of the roof covering.
- Ice and water shield was installed where required on all conditioned structures.
- Drip edge and flashing was installed, in good repair, and sealed.
- Underlayment was installed, in good repair, and met minimal testing standards.
