DEPARTMENTAL REPORTS

- **City Manager's Office**
 - Community engagement mailers begin to hit Englewood mailboxes next week in an effort to hear from residents around recycling and composting. This is part of the engagement for the [South Metro Waste Characterization study](#) – an 18 month long joint project with the Cities of Sheridan, Littleton, Centennial, and Englewood.

RRS Office
1525 Spruce St, Ste. 202
Boulder, CO 80302

**The Cities need your help to
improve waste diversion and
recycling!**

¡Las Ciudades necesitan su ayuda para mejorar la
segregación de residuos y el reciclaje!

DRAFT

 Please Recycle
Por Favor Recicle

Complete the Survey!

¡Completa la encuesta!

SouthMetroWasteDiversion.org

By Phone • Por telefono
770-772-6640

We want to hear from our residents to better understand recycling practices in our community.

Please take 10 minutes to complete a recycling survey. Anyone that completes the regional survey is eligible to win one of thirty \$50 Visa Gift Cards (limit one entry per household).

Queremos escuchar a nuestros residentes para comprender mejor las prácticas de reciclaje en nuestra comunidad.

Por favor, realice esta encuesta de reciclaje de 10 minutos. Al completar la encuesta de regional, usted tendrá la posibilidad de ganar una de las treinta tarjetas de regalo Visa de \$50 (limitado a una participación por hogar).

• City Clerk's Office

- The City Clerk's office received 21 new applicants during our latest recruitment effort. Interviews will be scheduled with City Council on June 10th and June 11th.

- **Community Development**
 - Short Term Rental (STR) Report – The [STR Report](#) for May 30th.
 - On May 24th, the Greater Englewood Chamber of Commerce hosted a coffee/networking event at Teaching the Autism Community Trades, or TACT at their facility at 2460 S Umatilla. TACT is a fully accredited trade school that offers programs for neurodiverse children and adults.

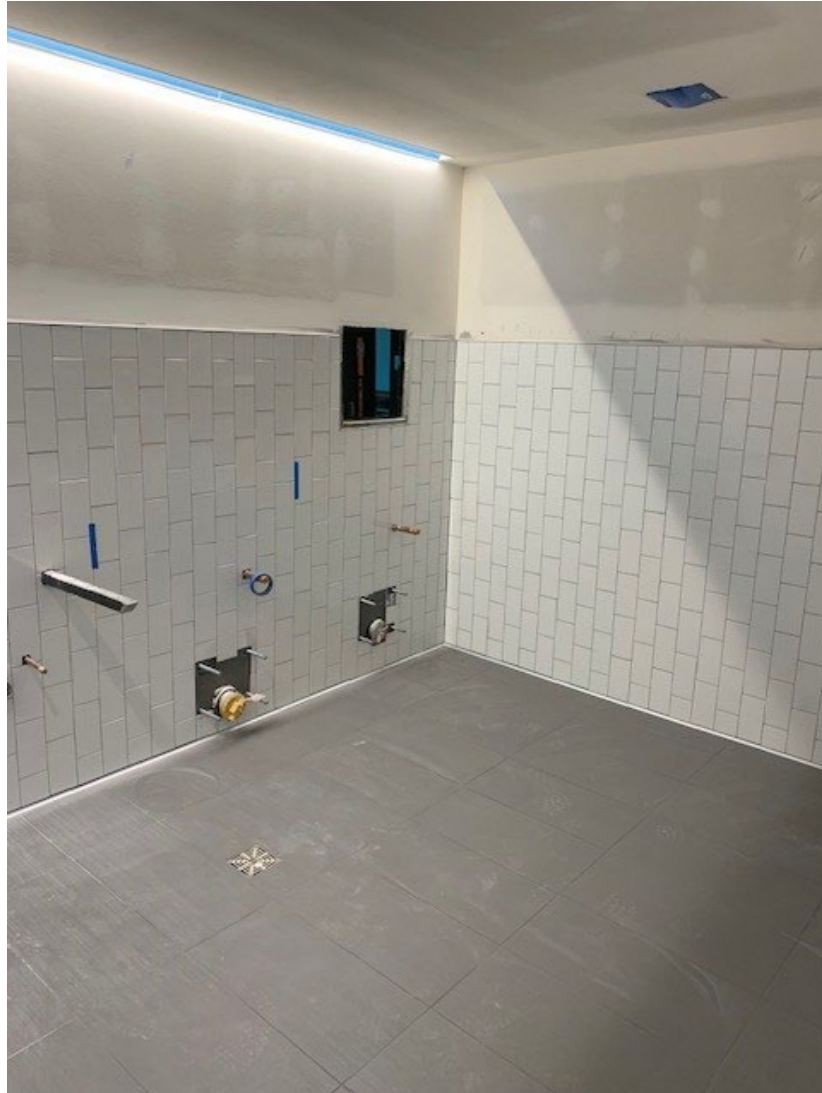

- **Parks, Recreation, Library and Golf**

- The Agronomy Team planted flowers in the flower bed around the clubhouse at Broken Tee.
- The Blue tee box on Hole 2 is closed for the next 2 weeks. The Agronomics Team seeded and top-dressed it with sand and compost. This should help with filling in the bare spots.

- The Parks crew planted flowers at Belleview, Duncan, Malley, and Pirates Cove. Flowers were also delivered to the volunteers to begin planting at Romans, Cushing/Cherokee, Janson, Rec. Center, and at Paseo.
- Recreation Summer Camps: Kick off June 3rd. Campers first trip to Pirate's Cove Water Park starts the 4th. This week camp staff went through training as well as busily preparing the gyms at Colorado's Finest High School of Choice, where the camp is held. Currently, 91 different campers will be participating during different parts of the summer with a current average of 40 campers each week between the two age groups. We are lucky to have awesome staff who are excited to bring fun and adventure to a lot of Englewood youth. We are also being known as a great place to work over the summer as 7 of our staff are returning from last year and 3 are new to our program, which is a fantastic improvement over the last few years. Amongst the staff are college students studying education and psychology as well as a school para-educator and substitute teacher, each with varying experiences and knowledge of taking care of youth. We are still receiving calls from parents asking if we have space and currently have plenty of space for anyone wanting to join.

- The Recreation Center lobby restrooms are getting close to completion. The fresh new tile and look is welcomed.

- The Farm and Train kicked off opening weekend with a bang! The new electric train was dedicated at 9am with some City Council and Parks and Recreation Commission (past and present) participating in the ribbon cutting. Over 4400 tickets were sold to visit the farm and ride the train!

- All animals at the Belleview farm receive vet checks regularly. The animals are on loan from farms around the front range.

- The library summer reading program has kicked off for both youth and adults! There is still time to sign up. There will be lots of free entertainment all summer long. Mark your calendars for these summer reading events all at 2pm on the following dates:
 - June 5th: Kalama Polynesian Dancers Performance
 - June 6th: Emergency Responders
 - June 12th: Ann Lincoln Magic
 - June 13th: Out of the Box: Adventure Treasure Box
 - June 20th: Summer crafts
 - June 26th: Town Hall Participation Play- Snow White
 - June 27th: Foam Party by the fountain
- **Public Works**
 - South Englewood Flood Reduction Project Updates:
 - Site A (pipe lining): The work on Navajo has been completed and traffic control removed.
 - Site B (pond): The launch pit for the tunnel has been dug and secured. The tunneling sub (Northstar) is working to build the infrastructure they need before they can actually launch. The tunnel

boring machine (TBM) is not yet on its way. Staff completed the requirements with Denver Water to receive an easement that was needed to build the culvert connecting Ponds A and B. This effort took about 2 months but now we are ready to go! Ponds A and B are still being excavated. Some diesel contaminated soil was found within Pond B. The team is working to safely dispose of them as promptly as possible.

- **South Platte Renew**

- On May 30th, South Platte Renew (SPR) Public Outreach staff visited Primrose School in Littleton to conduct water education activities for 25 pre-kindergarten students. The children learned about clean water concepts while coloring SPR-themed decals, which were then applied to t-shirts they could take home.

- **Utilities**

- As a part of the Lead Reduction Program, the program manager continuously updates the Service Line Inventory Map as the material of service lines in the water service area is physically verified. This map is publicly available [here](#).

COMMUNITY KUDOS

- The Public Works Streets team received the following feedback from a resident on Grant Street on 5/29/24 via the Q-Alert system: *The crew*

graded my alley this morning. I just sent the request yesterday. This is a service beyond what anyone could expect. Thank you.

- The Public Works Streets team received feedback via a phone call from Gregory Jeffers, on behalf of his mother (a resident on S Galapago), on 5/30/24 thanking the team for grading the alley behind her home so quickly and doing a great job on it.
