 - [CRT 0796](#) (Russell) - Permits issued to the Sam's Automotive site
- [Outstanding Council Requests](#)

DEPARTMENTAL REPORTS

- **City Manager's Office**
 - Intergovernmental Agreements- Completed work on two IGAs, one with Arapahoe County for emergency services (Scheduled for the Council meeting on July 15) and one with the City of Littleton for a shared green business program (Scheduled for the Council meeting on July 22).
 - Budget Review Committee- Participated in the first internal budget review committee with South Platte Renew and Utilities. Started in 2022, this internal process allows other departments, such as HR, IT, Finance, Communications, and the City Manager's Office, to conduct a review of proposed budget requests for efficiencies and redundancies and assist in developing the final budget proposal that goes to Council in August.
- **City Clerk's Office**
 - Our office has approved 3 new liquor licenses for new restaurants coming to Englewood. Osteria Alberico at 3455 S. University Blvd., Cheba Hut at 5098 S. Federal Blvd., and Sukoon Indian Flavor at 101 W. Hampden. All three should be opening in the next couple of months.

- **Parks, Recreation, Library and Golf**
 - July is Parks & Recreation Month- Englewood Recreation Center will promote the month by launching a community engagement campaign in the Recreation Center lobby guests can where leave a comment on a sticky

note about how the Englewood Parks & Recreation Department fosters a sense of belonging. Other events to celebrate the month are happening.

- The July 4th attendance numbers are in over 31,000 people attended the fireworks show at Belleview and Cornerstone Parks! These numbers are provided by Placer.ai.

- The Englewood Recreation Center saw 227,694 visitors between Jan 2nd – June 30th. That's an 18% increase from the first half of 2023. Below is a participant enjoying one of the center's Pee-Wee dance classes.

- Dave Densmore attends Wood Carving Classes at Malley each week. His current project is carving a bird feather he plans to put on display. Dave

won Best in Show for his display of Bluebird work in a past Malley Art Show.

- Mah Jong is a popular tile-based game developed in the 19th century in China. Malley hosts drop-in Mah Jong players each Monday to hone their skills in this complex game of skill, strategy, and luck.

- An Irrigation pump went down at Belleview Park. Pricing to replace the irrigation pump and motor came in just below \$20,000(This price does not include labor). The existing broken pump and motor has been rebuilt multiple times and has exceeded its lifespan. This pump is the last of three to be replaced. The pump and motor should be installed in 3 weeks. Staff will continue to water section 2 manually.
- Bates Logan Phase II renovations are scheduled to start August 1st. The contractor plans to mobilize and secure the job site. The goal is to keep a small footprint to not disturb the park too much like phase I. The new playground is scheduled to arrive and be installed in early October.
- The “new and improved” starter station at Broken Tee is up! There is a green tent with a table, chair, and fan for the staff in front of the hole 1 tee boxes. This position provides a more “hands-on” and personable approach for our patrons. The starter shares information about the course, checks the golfer’s receipt, and pairs up players in golf carts when needed.

- Acid injection is being used on the Broken Tee Front 9 irrigation system; this will help break down the salts a bicarbonate that exist more in the Front 9 irrigation system than the back 9.

- The library hosted many great summer reading programs this week. Participants learned about the crested caracara bird, went spelunking, and learned about the color wheel then created beautiful mater pieces.

- Aquatic staff from the Englewood Recreation Center and Pirates Cove competed at the Colorado Parks and Recreation Association State Lifeguard Games, held on July 7 at Hyland Hills Water World. Over 35 agencies competed in the event, with the two teams placing 19th and 26th respectively.
- Pirates Cove second Adult Night was held July 10th from 6-8pm with Ninety Percent 90's performing. 631 tickets were sold to the event, and everyone had a splashing good time. The July 10th adult night sold out online fast! The next adult night is scheduled for July 24th.

- **Police**
 - July 1, 2024 we had the honor of swearing in our newest Police Officer, N. Troncoso. Officer Troncoso comes to us with six years of prior law

enforcement experience in Colorado, as well as Department of Corrections experience.

- Last month, our Officers had the privilege of spending 20 hours with a group of dedicated teenagers from our community. These bright students eagerly immersed themselves in learning about the Englewood Police.

- **Public Works**

- South Englewood Flood Reduction Update: Site B - The well located in Pond B was abandoned this week. Once this work is complete, ACC can remove the tank in the area and proceed with excavating in this part of the pond. Tunneling is underway. The main activity going on right now is the work to install the culvert that connects Ponds A and B. Once this culvert is installed, we will see the beginning of some concrete work in the ponds to form headwalls, wingwalls, a retaining wall and outlet structures.
- The Public Works Streets Team has completed the following year to date; repair /patching of 32 utility cuts, and over 843 labor hours working in the field including use of 109 tons of asphalt. See photos below:

- **Utilities**

- Utilities Department mentioned in the Englewood Herald on July 9, 2024:

Englewood aims to get the lead out of infrastructure:

<https://coloradocommunitymedia.com/2024/07/09/englewood-aims-to-get-the-lead-out-of-infrastructure/>

- As a part of the Lead Reduction Program, the program manager continuously updates the Service Line Inventory Map as the material of service lines in the water service area is physically verified. This map is publicly available [here](#).

COMMUNITY KUDOS

- From Instagram regarding Neighborhood Nights:
Nichole Preissner "Our family had so much fun last night at Neighborhood Night! Thank you to all the organizers and coordinators for making it happen!"
- The Fraser's on 4000 S Cherokee called Public Works on Tuesday July 2nd, to say thank you for running the street sweeper down their street and how great things were looking in the neighborhood.
