- July 25 | Little Moses Jones - 90s & 2000s Hip Hop

Visit englewoodco.gov/sunset for more information.

The City of Englewood's Sustainability Commission is working hard to support the city's sustainability efforts. The commission is seeking feedback to learn what we can do to further the city's sustainability mission.

Take the survey by scanning the QR code below or visiting www.engaged.englewoodco.gov/sustainability-at-the-city.

Together we can help keep Englewood sustainable for current and future generations!

South Englewood Flood Reduction Update

Englewood Public Works and contractor ACC are using advanced tunneling technology to mitigate flood risks while minimizing disruptions. The Tunnel Boring Machine (TBM) will excavate a 1,600-foot tunnel between the new detention ponds, near Radcliff Avenue and Navajo Street, and Rotolo Park. Utilizing the TBM will reduce impact to residents along Stanford Avenue.

Follow the project for updates at englewoodco.gov/sefrp

A couple stands in front of their home on S. Broadway ca. 1890.

Is your home eligible for a historical landmark designation?

Qualification, nomination and application info

Options available for local landmark designations of individual historic properties or multi-property historic districts through the Historic Preservation Commission (HPC).

Designation process:

1. Staff receipt and review of application
2. Historic Preservation Commission public hearing
3. HPC makes recommendation to city council
4. City council public hearing and a final determination is made
5. Recordation of historical landmark status

For more information about this voluntary process, please visit englewoodco.gov/HistoricPreservationCommission or scan the QR code below.

If you have any questions, please feel free to reach out to the community development department.

Call 303-762-2342 or email CommDev@englewoodco.gov.
